Independent Auditor's Report 1
Management's Discussion and Analysis (Required Supplementary Information) 5
Basic Financial Statements:
Government-wide Financial Statements:
Statement of Net Position 21
Statement of Activities 22
Fund Financial Statements:
Governmental Funds:
Balance Sheet 24
Reconciliation of the Governmental Funds Balance Sheet to the Statement of Net Position 25
Statement of Revenues, Expenditures, and Changes in Fund Balances 26
Reconciliation of the Governmental Funds Statement of Revenues, Expenditures, and Changes in Fund Balances to the Statement of Activities 27
Proprietary Funds:
Statement of Net Position 28
Statement of Revenues, Expenses, and Changes in Net Position 29
Statement of Cash Flows 30
Fiduciary Funds:
Statement of Fiduciary Net Position 31
Statement of Changes in Fiduciary Net Position 32
Notes to the Basic Financial Statements:
Summary of Significant Accounting Policies 33
Fund Equity 44
Stewardship, Compliance and Accountability 45
Cash and Investments 46
Receivables 63
Interfund Transactions 65
Capital Assets 69
Payables 71
Leases 72
Long-Term Obligations 74
Conduit Debt 80
Net Position/Fund Balances 80
Permanent Fund 85
Employees' Retirement Plan 85

Other Postemployment Benefit (OPEB) 89
Patient Service Revenue and Receivables 94
Risk Management 95
Commitments and Contingencies 97
Subsequent Event 98
Required Supplementary Information (other than MD&A):
Schedule of Funding Progress - Employees' Retirement Plan 100
Schedule of Funding Progress - Other Postemployment Benefits 100
Budgetary Comparison Schedules:
Schedule of Revenues, Expenditures, and Changes in Fund Balance - Budget and Actual - General Fund 101
Schedule of Revenues, Expenditures, and Changes in Fund Balance - Budget and Actual - CCC Fire Protection District Special Revenue Fund 104
Schedule of Revenues, Expenditures, and Changes in Fund Balance - Budget and Actual - Health and Sanitation Special Revenue Fund 105
Note to Required Supplementary Information 107
Combining and Individual Fund Statements and Budgetary Schedules:
Nonmajor Governmental Funds:
Combining Balance Sheet 110
Combining Statement of Revenues, Expenditures, and Changes in Fund Balances 111
Nonmajor Special Revenue Funds:
Combining Balance Sheet 116
Combining Statement of Revenues, Expenditures, and Changes in Fund Balances 118
Budgetary Comparison Schedules:
Road Special Revenue Fund 120
Library Special Revenue Fund 121
Low & Moderate Income Housing Assets Special Revenue Fund 122
Other Fire Protection Special Revenue Fund 123
Land Development Special Revenue Fund 124
Service Areas Special Revenue Fund 125
Flood Control Special Revenue Fund 126
Law Enforcement Special Revenue Fund 127
Courts and Criminal Justice Special Revenue Fund 128
Recorder/Clerk Modernization Special Revenue Fund 129
Child Development Special Revenue Fund 130
In-Home Supportive Services Public Authority Special Revenue Fund 131
County Local Revenue Fund 2011 Special Revenue Fund 132
Other Special Revenue Fund 133
Nonmajor Debt Service Funds:
Combining Balance Sheet 136
Combining Statement of Revenues, Expenditures, and Changes in Fund Balances 138
Budgetary Comparison Schedules:
Recreation and Park Bonds Debt Service Fund 140
Family Law Center Debt Service Fund 141
Retirement Litigation Settlement Debt Service Fund 142
CCC Fire Protection District Pension Bond Debt Service Fund 143
County Pension Bond Debt Service Fund 144
Nonmajor Capital Projects Funds 145
Nonmajor Permanent Fund 147

Nonmajor Enterprise Funds:
Combining Statement of Net Position 150
Combining Statement of Revenues, Expenses, and Changes in Fund Net Position 151
Combining Statement of Cash Flows 152
Internal Service Funds:
Combining Balance Sheet 154
Combining Statement of Revenues, Expenses, and Changes in Fund Net Position 156
Combining Statement of Cash Flows 158
Fiduciary Funds:
Pension (And Other Employee Benefit) Trust Funds:
Combining Statement of Net Position 162
Combining Statement of Changes in Net Position 163
Private Purpose Trust Funds:
Combining Statement of Net Position 164
Combining Statement of Changes in Net Position 165
Agency Funds:
Statement of Changes in Fiduciary Assets and Liabilities 166

Statistical Section (Unaudited)

Financial Trends:
Net Position by Component 172
Changes in Net Position 173
Fund Balances of Governmental Funds 175
Changes in Fund Balances of Governmental Funds 176
Revenue Capacity:
Program Revenues by Function/Program 178
Government Funds – Tax Revenues by Source 179
Assessed Value of Taxable Property 180
Property Tax Rates, Direct and Overlapping Governments 181
Principal Property Taxpayers 182
Property Tax Levies and Collections 183

December 12, 2014

Members of the Board of Supervisors and Citizens of Contra Costa County:

The Comprehensive Annual Financial Report (CAFR) of the County of Contra Costa (county) for fiscal year 2013-2014 is presented in compliance with California Government Code Sections 25250 and 25253. The Office of the County Auditor-Controller is responsible for both the accuracy of the presented data and the completeness and fairness of its presentation, including all disclosures, prepared in this report. We believe the data, as presented, is accurate in all material respects, presented in a manner designed to fairly set forth the financial position and changes in financial position of the county and its various funds, and includes all disclosures necessary to enable the reader to gain maximum understanding of the county's financial affairs.

Management of Contra Costa County is responsible for establishing and maintaining a comprehensive system of internal controls to ensure that the assets of the county are protected from loss, theft, or misuse, and that accounting data is compiled to allow for the preparation of financial statements in conformity with accounting principles generally accepted in the United States of America. Internal controls are designed to provide reasonable, but not absolute, assurance that those objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the evaluation of costs and benefits requires estimates and judgment by management.

For over 60 years, the policy of the county has been to require an annual audit of the financial statements of the county by independent, licensed certified public accountants. The Board of Supervisors selected the firm of Macias Gini & O'Connell LLP, Certified Public Accountants, to perform the fiscal year 2013-2014 audit.

The independent auditor concluded that the county's financial statements for the fiscal year ended June 30, 2014, are fairly presented in conformity with accounting principles generally accepted in the United States of America. The independent auditor's report is presented as the first component of the financial section of the CAFR.

The CAFR represents the culmination of all budgeting and accounting activities engaged in by management during the year, covering all of its financial transactions. The accounting principles generally accepted in the United States of America require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A), which is located after the independent auditor's report. The letter of transmittal is designed to complement the MD&A and should be read in conjunction with it.

The CAFR is organized into three sections:

- *The Introductory Section* is intended to familiarize the reader with the organizational structure of the county, the nature and scope of the services it provides, and the specifics of its legal operating environment.

- *The Financial Section* includes the independent auditors' report on the basic financial statements, MD&A, audited basic financial statements, note disclosures and supporting statements, and schedules necessary to provide readers with a comprehensive understanding of the county's financial activities of the past fiscal year.

- *The Statistical Section* provides the reader with additional historic perspective, context, and detail to assist in using the information in the financial statements. It provides information in five categories: financial trends; revenue capacity; debt capacity; demographic and economic information; and operating indicators.

Profile of the Government

Contra Costa County was incorporated in 1850 as one of the original 27 counties of the state. It is one of nine counties in the San Francisco-Oakland Bay Area. The county covers about 733 square miles: the western and northern shorelines are highly industrialized, while the interior sections are suburban/residential, commercial, and light industrial.

The county has a general law form of government. A five member Board of Supervisors (Board), each elected to four-year terms, serves as the legislative body. A County Administrative Officer is appointed by the Board and runs the day-to-day business.

The county provides the full-range of services contemplated by statute. These services include public protection, highways and streets, sanitation, health and social services, planning and zoning, and general administrative services.

The county reporting entity includes all the financial balances and activities of the primary government as well as all of its component units. Component units are legally separate organizations for which the Board is financially accountable or other organizations whose nature and relationship with the county are such that exclusion would cause the county's financial statements to be misleading or incomplete. Financial accountability is defined as the appointment of a voting majority of the component unit's board, and either (i) the county's ability to impose its will on the organization or (ii) there is potential for the organization to provide a financial benefit to or impose a financial burden on the county. For further information on component units, see Note 1.A in the "Notes to the Basic Financial Statements" in this report.

The reporting entity excludes certain separate legal entities that may have "Contra Costa" in their title, or that are required to keep their funds in the County Treasury, or receive their property tax apportionment from the county. Examples are school districts, the community college district, cities, successor agencies to city redevelopment agencies, the Bay Area Rapid Transit District, the Metropolitan Transportation Commission, and a variety of special purpose districts for cemeteries, mosquito abatement, recreation and parks, etc. Those entities are autonomous organizations that handle their own fiscal affairs and for which the Board of Supervisors has no oversight responsibility. Accordingly, they are not included in the accompanying basic financial statements, except for their assets, principally cash and investments, which are held by the County Treasurer.

The annual budget serves as the foundation of the county's financial planning and control. The Board is required to adopt a recommended budget before the start of the fiscal year. The budget is prepared by fund, function (e.g. public protection), department (e.g. Sheriff), and object level (e.g. salary and benefits). Department heads, with the approval of the County Administrator, may make transfers within the department; however, transfers between departments require the approval of the Board. For further information on the budget, see the "Note to Required Supplementary Information" in the Required Supplementary Information (other than MD&A) section of this report.

Local Economy

As of January 1, 2014, the county's population was estimated at 1,087,008. This represents an increase of approximately 1.3% compared to the county's population as of January 1, 2010.

Between July 2013 and June 2014, the county's unemployment rate decreased from 7.3% to 6.0%, which was significantly below the statewide averages of 8.8% and 7.3%, respectively (not seasonally adjusted). The county's economy is very diverse: major industries include petroleum refining, manufacturing, electronic equipment, and utilities. The county consistently ranks as a leader in both per capita and household income.

The following charts present pertinent available data for the last five-years:

	Population	
	2010	1,073,055
#	2011	1,056,064
#	2012	1,066,602
#	2013	1,076,429
	2014	1,087,008

	Median Price of Existing Homes Sold*		
#	2010	June	281,000
#	2011	June	N/A
	2012	June	315,000

The county's goal for fiscal year 2013-14 was to adopt a General Fund budget that balanced annual expenses and revenues, preserved the fund balance, addressed revenue challenges and pension cost increases, and long-term rebalancing and structure of budget. The county met those goals in fiscal year 2013-14 and continues to be optimistic for the long term given the Board and employees' commitment to continued fiscal stability. Standard & Poor's (S&P) raised Contra Costa County's credit rating to "AAA" from "AA-", a reflection on the county's prudent management of finances as the Bay Area eases out of the recession. The rating agency also raised its long term ratings to "AA+" from "AA-" on the county's existing lease revenue bonds and pension obligation bonds. At the end of fiscal year 2012-13, the county was in contract with the majority of its labor unions. With their assistance, the county has implemented a long-term rebalancing plan to reduce its expenditures and restructure its service delivery to provide the most effective services within annual available resources.

Economic Challenges

Contra Costa County has long focused on its mission to provide public services that improve the quality of life to its residents and the economic viability of its businesses. The county continued to face several financial challenges at the end of fiscal year 2012-13 and start of fiscal year 2013-2014 such as pension liability, the slow economic recovery, and the realignment of public safety programs transferred to counties. Focusing on specific areas for improvement allowed the county to manage its resources, lower its expense growth, improve its revenues, and build reserves. Contra Costa County has managed the economic downturn during the last several years by working with its employees to make prudent fiscal choices, live within its means, and continue its practice of planning for the future.

The county started to see improvement in its financial status in the fiscal year; after three consecutive years of negative growth of assessed valuation, the assessed value increased by 0.86% in fiscal year 2012-13 and then in fiscal year 2013-14 by 3.45%. Additionally, during the last few years, the county reached agreement with the majority of its employee groups to reduce the county's cost for current employees and to eliminate retiree health care costs for future employees. That action substantially reduced the county's long-term liability relating to the provision of retiree health care. This action, in combination with pre-funding, virtually eliminated growth in the county's OPEB liability. The Board continues to make significant progress towards a solution for one of the biggest fiscal challenges the county has faced to date.

The fiscal year 2013-14 budget and message continued to provide for essential community services to its residents and minimize adverse impacts to the community. A $1.3 billion fiscal year 2013-14 general fund budget was adopted by the Board on May 14, 2013, that included virtually no program cuts. This was significant in that the fiscal year 2011-12 budget required the elimination of $34.7 million in programmatic expenditures and included the reduction of 107 funded, full-time equivalent positions. Those reductions followed previous actions taken to reduce county and special district budgets by over $34.4 million in fiscal year 2010-11, $65 million in fiscal year 2009-10, and $90.0 million in fiscal year 2008-09.

The goal of the fiscal year 2012-13 budget was to make cuts that would balance the budget and would promote future sustainability into fiscal year 2013-14 and beyond. The goal was reached and the majority of the county's immediate problems were resolved. Due to mandates on service levels, budget reform was enacted primarily in the area of employee compensation. The majority of county employees were impacted by reduced wages and increased pension costs. The county saved an annual average of 5% of wages and benefits, which structurally balanced the budget. There were no increases built into the fiscal year 2013-14 budget and any negotiated increases were absorbed by departments.

A major issue in fiscal year 2013-14 and beyond continues to be the impact of the 2008 equity market losses in the pension fund. Over the last two years, employees in the majority of the county's bargaining groups have been paying a greater percentage of pension costs. Although the county paid off a significant pension obligation bond in fiscal year 2013-14, projected relief was virtually eliminated by the retirement board's reduction of the Assumed Rate of Interest (AIR) from 7.75% to 7.25%.

The fiscal year 2013-14 adopted budget, assumed the following:

- 2% assessed valuation/property taxes;
- relatively flat compensation costs;
- increased pension costs;
- and no reliance on one-time revenues.

At mid-year, the Board formally reviewed the fiscal year 2013-14 budget pursuant to the county's budget, reserve, and debt fiscal policies. At the time of that review, departmental expenditures and revenues at mid-year were within acceptable parameters given the Board's approved budget. The overall county budget including the general fund budget was balanced.

There were several major contributors to achieving a balanced budget:

- expired contracts with the majority of unions, which did not include compensation increases;
- high number of vacancies due to several years of high numbers of retirements without the ability to quickly backfill the positions; and
- actual increase of 3.45% in assessed valuation ($4.87 billion increase in the local tax base) rather than the 2% growth in assessed valuation expected.

The end of fiscal year 2013-14 marked the eighth year of operations since the county's adoption and implementation of fiscal policies. Although fiscal and economic challenges still exist, the budget remained balanced due to diligent monitoring and adjustments.

Reserve Balance

Prior to the housing market collapse, the county had reversed the declining reserves trend experienced in the last decade and achieved a balanced General Fund budget for fiscal years 2005-06 and 2006-07. However, as is their purpose, reserves were spent in fiscal year 2007-08 and 2008-09. In fiscal year 2009-10 and fiscal year 2010-11, due to federal stimulus funding and negotiated compensation concessions, the budgets were balanced. The fiscal year 2012-2013 and 2013-14 budgets did not anticipate reserve spending for on-going program expenses and the fiscal year 2014-15 budget does the same.

In 2005, the Board adopted a General Fund Reserve Policy that established specific goals regarding the county's total and unreserved General Fund balance (5% unreserved as a percentage of General Fund revenue and a 10% total). The Governmental Accounting Standards Board (GASB) Statement 54 required a slight revision to the county's General Fund Reserve Policy by changing the term "unreserved" to "unassigned". The county continues to exceed the minimum unassigned General Fund goal of 5% of each year's projected revenue; however, the county has not achieved its informal goals of 10% and 20%, which are more prudent goals for a county the size of Contra Costa County. Five years of actual data now is available under the new GASB 54 format and presented in the schedule of Fund Balances of Governmental Funds on page 175 of the Statistical Section. Restricted and committed fund balance for the General Fund increased by $456 thousand and $240 thousand, respectively, non-spendable fund balance increased by $1.8 million, assigned fund balance grew by $20.4 million, and unassigned fund balance grew by $26.8 million. The total fund balance grew by $49.7 million in fiscal year 2013-14, which increased the total fund balance as a percentage of total revenue from 15.3% to 18.3% (a 3% increase).

Through prudent management and significant sacrifice from the county's majority of employees, the county's General Fund budget balanced at year end.

Relative Debt Burden

There are many measures of an entity's fiscal health in addition to reserve levels. Pursuant to the county's Debt Management Policy, the Debt Affordability Advisory Committee annually calculates certain debt factors and debt burden ratios, compares them to benchmarks maintained by Moody's Investors Service (Moody's) and Standard & Poor's (S&P), and reports the results. That analysis occurs each year after publication of counties' Comprehensive Annual Financial Reports (CAFR).

Measuring the county's reserves and debt performance using reserves and debt ratios provides a convenient way to compare the county's credit performance to other borrowers. Two of the most common reserves ratios applied to counties are the total and unassigned general fund balance as a percentage of total general fund revenues. Those ratios are important measures of the financial flexibility of the county, (i.e. the ability of the county to absorb the impact of unforeseen events and emergencies such as sudden drops in assessed valuation due to real estate market cycles, earthquakes, etc.).

Presently, the county's performance on the available general fund balance (which includes the assigned, unassigned, and committed balances) as a percentage of total general fund revenues ratio (17.11%) is split in that it is weaker than the 20.0% S&P mean but stronger than the 17% Moody's median for large AA/Aa rated counties. With respect to the total general fund balance as a percentage of total general fund revenues ratio, the county's 18.3% ratio is weaker than both the 25.0% S&P mean and the 19.1% Moody's median for large AA/Aa rated counties. It should be noted that the gaps, while significant, are not as wide when the county is compared to its California cohorts rather than compared to large counties nationwide. The county's 11.0% ratio of the unassigned general fund balance as a percentage of total general fund revenues is above the 9.4% median ratio for cohort California counties and the county's 18.3% total general fund balance as a percentage of total general fund revenues ratio is higher than the 16.62% median ratio for cohort California counties, although the cohort county medians reflect audited data from fiscal year 2012-13, as the audited data for fiscal year 2013-14 is not yet available. Rating agencies evaluate the county relative to a broader universe of counties and, thus, the comparisons to counties nationwide are critically important.

The four debt ratios tracked by the county are direct debt to assessed valuation, overall debt to assessed valuation, assessed valuation per capita and direct debt per capita. The county performed on each of these as follows:

1. On direct debt to assessed valuation and overall debt to assessed valuation, the county performed better that the California cohort benchmark but worse than the national median.

2. On assessed valuation per capita, the county performed better than both the California cohort benchmark and the national median.

3. On direct debt per capita, the county performed worse on both the California cohort benchmark and the national median.

Standard & Poor's (S&P) raised Contra Costa County's long-term credit rating to the highest-possible level of "AAA" from "AA", a reflection of the county's prudent management of finances as the Bay Area eases out of the recession. This achievement is due to the county's adherence to its financial management policies, the underlying strength of the county's wealth and assessed valuation demographics, and the county's demonstrated

track record in managing difficult economic cycles. S&P also raised its long term ratings to "AA+" from "AA-" on Contra Costa's existing lease revenue bonds and pension obligation bonds. In addition, the county's conservative fixed-rate debt portfolio shielded the county from the serious and expensive disruptions in the variable rate market that began in the Fall of 2007 when the global financial crisis was emerging.

The county will continue to work towards improving its comparative credit performance so that the gap between the county and its cohort counties will be further reduced. Important elements within the county's control that would reduce the gap include: increasing the unassigned general fund balance percentage more towards the California cohort median; continuing to prudently issue debt; structuring debt issues conservatively to achieve low borrowing costs and maximum federal and state reimbursements; monitoring the market for refunding opportunities to reduce debt service costs for capital projects and pension costs; and assessing alternative funding sources to reduce reliance on issuance of lease revenue bonds.

Long-term Financial Planning

The county is committed to prudent fiscal management and engages in targeted long-term financial planning when possible and appropriate. Per Budget Policy, the fiscal year 2013-14 budget process again included a strategic planning and financing process for facilities renewal and new construction projects (short and long-term capital budgets) and a comprehensive management program for the county's general government real estate assets relative to acquisition, use, disposition, and maintenance. This process includes funding decisions for maintaining the county's facility assets, allowing the Board to weigh competing funding decisions using credible information.

For fiscal year 2013-14, in addition to funding budget year projects, building lifecycle funding will begin. Per the Finance Committee, $750,000 was set-aside on a cost-per-foot basis for future projects.

- Martinez Wellness Center, a 10,000 square foot, single-story, outpatient health center which includes a mental health clinic was completed in February, 2014. Total project cost was $7 million.

- Crisis Residential Facility, also known as the "Hope House" is a 24-hour residential treatment facility. Such a program is a viable alternative to hospitalization and provides a transitional level of care for patients leaving hospitals but needing further assistance while re-entering the community. This is a 6,600 square foot, two-story facility that includes space for 16 residents. Construction was completed in June, 2014. Total project cost was $4 million.

- Concord Health Center – The expansion and remodel of the Concord Health Clinic on Willow Pass Road was completed in June, 2014. Total project cost was $2 million.

- Call Center – The county contracted with the State of California to provide health exchange services. This project provided a 38,000 square foot office space for approximately 200 new employees, as required under the contract. It included the location, leasing and remodel of the building at 2500 Bates Avenue. Total project cost was $1.5 million.

- 50 Douglas Drive – Remodel of office space for the Department of Child Support Services was completed in July, 2013. Total cost of the project was $900,000.

- The replacement of the Chiller units at the Martinez Detention Center was completed in August, 2013. The cost of the project, funded through the FLIP program, was $800,000.

County's long-term liability for Other Postemployment Benefits (OPEB).

The Board's actions, to date, have had a significant impact on the county's original 2006 OPEB liability of $2.57 billion and annual required contribution (ARC) of $216.3 million. The reductions reflect health plan changes, caps on county contributions, and labor concessions that are summarized below:

- Negotiated caps on county contributions for the majority of labor organizations.
- Compared to the county's original OPEB valuation from 2006, the county's Unfunded Actuarial Accrued Liability (UAAL) has declined by 69.1% (from $2.57 billion to $794.4 million).
- The normal cost has declined 78.0% (from $130.6 million to $28.7 million).
- The annual required contribution (ARC) has declined by 59.1% (from $216.3 million to $88.5 million).
- In December 2010, the county authorized adoption of the Public Agencies Retirement Services (PARS) Post-Retirement Health Care Plan Trust Agreement to manage its OPEB irrevocable trust account and in 2011 began transferring assets into that trust. The county continues to deposit $20 million into the trust on an annual basis.
- The county pre-funded 14% of its OPEB obligation. Total OPEB trust assets were $129.4 million as of the January 1, 2014, GASB 45 Actuarial Valuation.

Relevant Financial Policies

The Board has adopted a comprehensive set of financial management policies to provide for: (1) the annual adoption of a policy for the prudent investment of county funds; (2) establishing a Treasury Oversight Committee; (3) establishing and maintaining a General Fund reserve; (4) establishing formal fiscal policies regarding the adoption and maintenance of an annual balanced budget; and (5) establishing parameters for issuing and managing debt. Each of these financial management policies is described below.

Investment Policy. The county annually adopts an investment policy (the "Investment Policy") governing the county's investment of funds in the County Treasurer's Investment Pool, which as of June 30, 2014, held assets in the approximate amount of $2.4 billion. The Board approved the most recent update to the Investment Policy on June 17, 2014.

Treasury Oversight Committee. The Treasury Oversight Committee is composed of seven members: the County Superintendent of Schools; a representative selected by a majority of the presiding officers of the governing bodies of the school districts and community college districts in the county; a representative selected by a majority of the presiding officers of the legislative bodies of the special districts in the county that are required or authorized to deposit funds in the County Treasury; a representative appointed by the Board; and three members of the public nominated by the County Treasurer-Tax Collector.

The Treasury Oversight Committee is responsible for conducting a quarterly review of the county investment portfolio and annually updating the Investment Policy.

Reserve Policy. The Reserve Policy requires the county to maintain a General Fund balance equal to a minimum of 10% of General Fund revenues and an unassigned fund balance equal to a minimum of 5% of General Fund revenues. Reserves exceeding the minimum are applied only to one time uses, such as additional reserves or capital projects, up to an amount equal to 1% of General Fund revenues. The reserves can only be

used in emergencies and if accompanied by a Board-approved plan to restore reserves to the target levels. The county's audited financial report for fiscal year 2013-2014 confirms compliance with the reserve policy: the total General Fund balance was 18.3% of General Fund revenues and the unassigned portion was 11.0%.

Budget Policy. The objectives of the Budget Policy are to establish best practices for the county's budget process and requirement for preparation of multi-year budget projections. Among other things, the Budget Policy requires the adoption of structurally balanced budgets and requires mid-year updates on budget status by department, with corrective actions presented to the Board within 30 days for any cost centers over budget.

Debt Management Policy. The Debt Management Policy (Policy) formalized guidelines for the issuance and management of various types of debt instruments and other financial obligations. The Debt Management Policy provides that the county will undertake multi-year capital planning and sets forth guidelines for the term of debt issues, refunding savings targets, and other structural debt features.

The Debt Management Policy established a Debt Affordability Advisory Committee (DAAC) that evaluates the viability of any proposed debt-financing, monitors and evaluates the county's performance against various debt ratio benchmarks, and annually prepares a comprehensive debt capacity report for the County Administrator. The DAAC monitors specific statistical measures and compares them to those of other counties, rating agency standards, and the county's historical ratios.

Investment Pool Rating. The Contra Costa County Investment Pool (Pool) was rated by Standard & Poor's (S&P) on March 31, 2014. The Pool was assigned a fund credit quality rating of "AAAf" and a fund volatility rating of "S1+." The "AAAf" rating is S&P's highest fund credit quality rating with the "S1+" volatility rating reflecting extremely low sensitivity to changing market conditions. In order to maintain current and accurate ratings, S&P monitors the portfolio holdings on a regular basis. The Pool has maintained its AAAf and S1+ ratings since first rated in November 2007.

Workers' Compensation. The Board maintains a Workers' Compensation Internal Service Fund funding policy. The objective of the policy was to establish a targeted minimum confidence level of 80%. The objective again was exceeded and was in excess of 86% during fiscal year 2013-2014. In the last few years, the county transfers were lowered to approximately $17 million from $20 million annually to the Workers' Compensation Internal Service Fund and still meet the Board's funding objective.

Major Initiatives

Agriculture

The Canine Program continues to be a success. Two new US Department of Agriculture (USDA) trained dogs were brought into this program to replace two retired dogs. The two teams continue to work regionally in 12 Greater Bay Area counties and alerted on a total of 4,724 parcels at USPS, FedEx, and UPS. A total of 206 unmarked packages of Agricultural commodities were intercepted.

No new infestation sites of the A-rated pest, Japanese Dodder, were found in 2013. All 49 historically infested sites were monitored and found clean of this pest. Total county-wide eradication of this serious pest is near.

Assessor

Reduced the backlog of Proposition 58 (Reassessment Exclusion for Parent-Child Ownership Transfers) and eliminated the backlog of Proposition 60 (Transfer of Property Tax Base for Senior Citizens) applications.

Created separate Proposition 8 reduction in value notices and notices of value restoration to provide taxpayers with specific information tailored to each situation, which resulted in improving customer service.

Conservation and Development

The Department was awarded the Gold certificate for its facility at 30 Muir, the first county building to receive this distinction.

Library

Received the 2013 Best in Achievement Award from the National Association of Counties for "Veterans Connect", a series of events to help veterans adjust to civilian life by connecting them to the community through book discussion groups, workshops on how to access veteran benefits, and by inviting them to record their stories in the Veterans History Project with the Library of Congress.

Received over 15 grants for direct library service programming and innovation, including: Muslim Journeys (Bridging Cultures) reading and discussion series; early learning and play centers to support literacy outreach in 12 underserved areas; programming to address obesity and health issues for children; "Every Child One Book" community-wide reading for children; NASA "Summer of Inventions" to support scientific thinking and creativity for children; and a "Book-to-Action" program (a combination of book club and community service action projects).

Treasurer-Tax Collector

As part of the county's effort to support a cleaner and healthier environment by taking advantage of today's technology, the Treasurer-Tax Collector's Office continues to offer a free subscription service delivering Secured Property Tax bills and reminder notifications via e-mail. The service is intended to promote e-commerce and eliminate the need to mail and/or receive "paper" tax bills and subsequent payments. Instead, taxpayers may receive and/or send tax payments electronically, which reduces costs while increasing efficiency.

Department of Child Support Services

Current Child Support Collections: Achieved 65.8% of cases with current support collected, an increase of 2.8% over last year.

Arrears Collections: Achieved 67.6% of cases with arrearage collections, an increase of 1% over last year. DCSS is focused on engaging parents with delinquent accounts to make child support payments. The statewide average of cases paying on arrears is 65.1%; DCSS has consistently maintained participation above the statewide average.

Employment and Human Services (EHSD)

The Employment Human Services Department successfully staffed and opened one of three Covered California Call Centers and the only county operated call center. This added 204 FTE and $14.9 million in the fiscal year 2013-2014 budget, including startup costs and $14.4 million.

The Employment Human Services Department has undertaken a "paperless" conversion of significant portions of their information management. This project was described as "The Office of the Future" project. The project involved establishing the infrastructure for clients to access department services electronically, staff to process applications and manage cases electronically, convert previously created "hard copy" documents to an electronic form, and provide accommodations and assistance for clients. Much of this project has been completed, resulting in a $7.1 million reduction in expenses in the Administrative Services Bureau and a corresponding reduction in revenue.

Health Services

The Contra Costa Health Plan (CCHP) was successful in applying for and becoming one of the 11 Qualified Health Plans offered through the Covered California Exchange. CCHP also was able to certify all marketing and outreach staff through testing and examination as Certified Plan Based Enrollers. CCHP marketing and member services staff contacted all former Basic Health Care/Health Care Coverage Initiative (BHC/HCCI) patients by phone and set appointments for over 375 patients to meet with CCHP marketing staff. Staff was able to assist with application for Covered California products. Additionally CCHP did a preliminary Medi-Cal screening to all former BHC/HCCI patients contacted over the phone and referred those patients to Medi-Cal to apply. Through February 2014, more than 500 individuals have enrolled with CCHP under the Covered California Exchange.

District Attorney

The District Attorney's Office continues its strong involvement with the anti-gang initiative known as "Ceasefire" in the city of Richmond. The Office is attempting to stem gang violence at its source, before shootings erupt and innocent lives are taken. This includes holding "call-ins" where gang members are called into meetings and told of an impending crackdown if the violence continues. The initiative is in partnership with law enforcement, community members, clergy, and service providers. In other communities across the nation, studies show that Ceasefire drops homicide rates by a minimum of 20%.

In March 2012, the first Richmond call-ins were held; in the subsequent 12 months, there was a drop of more than 50% in the city's homicide rate and only 1 homicide between December 1, 2012 to March 1, 2013. The District Attorney's Office continues to work closely with the West County community to keep the momentum going in a positive direction. From July 1, 2013 to February 28, 2014, Richmond suffered four homicides; two in September 2013 and two in October 2013. The months of July 2013, August 2013, November 2013, December 2013, January 2014, and February 2014 passed with no homicides in the city of Richmond, which is a remarkable improvement.

Office of the County Administrator

The Department lead efforts that resulted in the county receiving a ratings upgrade to AAA from Standard and Poor's, a reflection on the County's prudent management of finances.

Provided staff support for the Community Corrections Partnership, including facilitation of the annual budget process resulting in the development and approval of a countywide AB109 budget for integration in the County Recommended Budget in excess of $20 million. In addition, the County Administrator facilitated a successful request for proposals process to allocate $4 million in funding to community-based organizations for various services to the AB109 population. This included funding for comprehensive reentry planning processes in the West, Central, and East regions of the County, which were ultimately presented to and approved by the Community Corrections Partnership and the Board with broad stakeholder and community support.

Migrated the County website onto a platform that allows for better usability and readability from mobile devices, including smart phones, iPads and other tablets, and improved translation tools for the web to make content more readily available to diverse populations.

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Distinguished Budget Presentation Award to the county in recognition of its Recommended Budget. This was the county's fourth time to receive the award. To receive the award, the county had to satisfy recognized guidelines for effective budget presentation. The guidelines are designed to assess how well an entity's budget serves as a policy document, financial plan, operational guide, and communications device.

Office of the Auditor-Controller

Contra Costa County received the State Controller's "Award for Achieving Excellence in Financial Reporting." This award serves to recognize that the county submitted an accurate and timely financial report for the fiscal year ended June 30, 2013. The county's reporting excellence helps the State Controller's Office publish accurate and useful local government financial data in the Counties Annual Report. Policymakers and other interested parties throughout California rely on the quality of this uniformly reported information.

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Contra Costa County for its comprehensive annual financial report for the fiscal year ended June 30, 2013. This was the thirty-second consecutive year the county has received this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

The preparation of this report on a timely basis could not be accomplished without the efficient and dedicated services of the entire staff of the Office of the Auditor-Controller. I would like to express my appreciation to all members of the Office who assisted and contributed to its preparation. I would also like to thank the members of the Board and the County Administrator for conducting the financial operations of the county in a responsible and progressive manner.

Respectfully submitted,

Robert R. Campbell
Auditor-Controller

INDEPENDENT AUDITOR'S REPORT

To the Board of Supervisors of
the County of Contra Costa
Martinez, California

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the County of Contra Costa, California (County), as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the Contra Costa County Employees' Retirement Association – fiduciary fund, First 5 Contra Costa Children and Families Commission – discretely presented component unit, and Housing Authority of the County of Contra Costa – discretely presented component unit, which collectively represent the following percentages of assets and deferred outflows of resources, net positions/fund balances, and revenues/additions of the following opinion units as of and for the year ended June 30, 2014:

Opinion Unit	Assets and Deferred Outflows of Resources	Net Positions/ Fund Balances	Revenues/ Additions
Aggregate discretely presented component units	100%	100%	100%
Aggregate remaining fund information	73%	78%	21%

Those statements were audited by other auditors whose reports have been furnished to us, and our opinions, insofar as they relate to the amounts included for those entities, are based solely on the reports of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the

assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, based on our audit and the reports of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the County as of June 30, 2014, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of a Matter

Implementation of New Accounting Pronouncements

As discussed in Note 1(B) to the financial statements, effective July 1, 2013, the County adopted the provisions of the following Governmental Accounting Standards Board (GASB) statements.

- GASB Statement No. 65, *Items Previously Reported as Assets and Liabilities;*
- GASB Statement No. 66, *Technical Corrections 2012, An Amendment of GASB Statements No. 10 and No. 62*;
- GASB Statement No. 70, *Accounting and Financial Reporting for Non-Exchange Financial Guarantees*

Our opinions are not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, the schedules of funding progress, and the budgetary comparison schedules of the General Fund and major special revenue funds, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the GASB, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We and other auditors have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The introductory section, combining and individual fund statements and budgetary schedules, and the statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual fund statements and budgetary schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America by us and other auditors. In our opinion, based on our audit, the procedures performed as described above, and the reports of the other auditors, the combining and individual fund statements and budgetary schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 12, 2014 on our consideration of the County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

Walnut Creek, California
December 12, 2014

THE SEAL OF
CONTRA COSTA COUNTY CALIFORNIA

This section of the County of Contra Costa's Comprehensive Annual Financial Report presents a discussion and analysis of the financial activities of the county for the fiscal year ended June 30, 2014. We encourage readers to consider the information presented here in conjunction with additional information that we furnished in our Letter to the Board of Supervisors and Citizens of the County.

Financial Highlights

- The government-wide assets and deferred outflows of resources of the county exceeded its liabilities at the close of fiscal year 2013-2014 by $852,278,000 (net position), a 16.9% increase from the prior year. Of this amount, $735,501,000 represented the county's net investment in capital assets, a decrease of 0.5%. Of the remaining net position, $317,075,000 was restricted for specific purposes (restricted net position), a decrease of 17.2%, and net position available to meet the county's ongoing obligations to its citizens and creditors was in deficit by $200,298,000, a decrease in the net deficit of 49.1%. The significant decrease in the deficit balance of unrestricted net position was due to a positive current year change in net position with fewer constraints attached to ending net position.

- As of June 30, 2014, the county's governmental funds reported, in the fund financial statements, ending fund balance of $673,775,000, an increase of 16.2% from the prior year. Of this total amount, $262,842,000 (39.0%), is available to meet the county's current and future needs.

- Available (committed, assigned, and unassigned) fund balance in the county's chief operating fund, the General Fund, was $222,004,000 at year end or 19.0% of its total expenditures for the year.

- As of June 30, 2014, the county's enterprise funds reported, in the fund financial statements, ending net position of $100,336,000, an increase of 9.1% from the prior year, as restated. Of this total amount, $57,815,000 (57.6%) is available to meet the county's current and future needs.

- Net position of the internal service funds was a surplus of $1,074,000, a decrease of $10,477,000 from the prior year.

- The county's total debt decreased by $83,219,000 (9.9%) during fiscal year 2013-2014.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the county's basic financial statements. The county's basic financial statements are comprised of three parts as follows: (1) **government-wide** financial statements; (2) **fund** financial statements; and (3) **notes** to the basic financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the county's finances in a manner similar to a private-sector business.

The **statement of net position** presents information on all of the county's assets, deferred outflows of resources, and liabilities, with the net of assets and deferred outflows of resources less liabilities being reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the county is improving or deteriorating.

The **statement of activities** presents information showing how the county's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that only will result in cash flows in future fiscal periods, such as revenues pertaining to uncollected taxes and expenses pertaining to earned but unused vacation and sick leave.

Both of the government-wide financial statements distinguish functions of the county that principally are supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all, or a significant portion, of their costs through user fees and charges (business-type activities). The governmental activities of the county include general government, public protection, health and sanitation, public assistance, education, public ways and facilities, and recreation and culture. The business-type activities of the county include the County Hospital, Health Maintenance Organization (HMO) Medi-Cal Plan, Health Maintenance Organization (HMO) Commercial Plan, Airport, Sheriff Law Enforcement Training Center, Child Care Enterprise, and Major Risk Medical Insurance.

Fund Financial Statements

The fund financial statements report groupings of related accounts and are used to maintain control over resources that have been segregated for specific activities and objectives. The county, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the county can be divided into three categories as follows: (1) **governmental** funds; (2) **proprietary** funds; and (3) **fiduciary** funds.

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of resources that are available for spending as well as on balances of resources that are available for spending at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Since the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the county's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The county maintains twenty six (26) individual governmental funds (e.g. general fund, special revenue funds, debt service funds, capital projects fund, and permanent fund) for reporting purposes. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues,

expenditures, and changes in fund balances for the General Fund, Contra Costa County Fire Protection District Special Revenue Fund, and Health and Sanitation Special Revenue Fund, which are considered to be major funds. Data from the other governmental funds is combined into a single, aggregated presentation. Individual fund data for each of those nonmajor governmental funds is provided in the form of combining statements and schedules elsewhere in this report.

The county adopts an annual appropriated budget for its General Fund. A budgetary comparison schedule has been provided for the General Fund to demonstrate compliance with this budget.

Proprietary funds used by the county are of two different types as follows: (1) enterprise funds; and (2) internal service funds. Proprietary fund financial statements provide the same type of information as the government-wide financial statements, only in more detail.

- **Enterprise funds** are used to report the same functions presented as business-type activities in the government-wide financial statements. Information is presented separately in the enterprise funds sections of the proprietary fund statement of net position and in the proprietary fund statement of revenues, expenses, and changes in net position for the County Hospital Enterprise Fund and HMO Medi-Cal Plan, which are considered to be major funds. Data from the other enterprise funds are combined into a single, aggregated presentation. Individual fund data for each of those nonmajor enterprise funds is provided in the form of combining statements and schedules elsewhere in this report.

- **Internal service funds** are used to accumulate and allocate costs internally among the county's various functions. The county uses internal service funds to account for its administrative costs and payment of claims for its various insurance programs to protect county assets and employees. During fiscal year 2008–2009, an internal service fund for fleet services was established to account for the rental of motor vehicles to other departments and related costs. The internal service funds are allocated between the governmental functions and business-type activities in the government-wide financial statements. Individual fund data for the internal service funds is provided in the form of combining statements elsewhere in this report.

Fiduciary funds are used to account for resources held for the benefit of entities legally separate from the county and individuals, which are not part of the reporting entity. The Contra Costa County Employees' Retirement Association (CCCERA) pension plan, the Contra Costa County Other Postemployment Benefit (OPEB) irrevocable trust fund, the county's investment trust fund, the Successor Agency to the Contra Costa County Redevelopment Agency and other private-purpose trust funds, and agency funds are reported under fiduciary funds. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the county's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

Notes to the Basic Financial Statements

The notes to the basic financial statements provide additional information that is essential to fully understand the data provided in the government-wide and fund financial statements.

Required Supplementary Information

In addition to the basic financial statements and accompanying notes, this report presents certain required supplementary information concerning the county's major governmental funds budget and actual comparisons, and schedules of funding progress for the employees' retirement plan and other postemployment benefits.

Combining Statements and Schedules

The combining statements and schedules referred to earlier in connection with nonmajor governmental funds, nonmajor enterprise funds, and internal service funds are presented immediately following the required supplementary information (other than MD&A).

Component Units

The blended component units, as described in Note 1.A in the "Notes to the Basic Financial Statements," are included in all three parts of the county's basic financial statements. The county and its blended component units constitute the primary government. In addition to the blended component units, the government-wide financial statements and the notes to the basic financial statements also include the discretely presented component units described in Note 1.A in the "Notes to the Basic Financial Statements."

GOVERNMENT-WIDE FINANCIAL ANALYSIS

COUNTY'S NET POSITION
June 30, 2014 and 2013
(In Thousands)

	Governmental Activities		Business-type Activities		Total		Increase/ (Decrease)
	2014	2013#	2014	2013#	2014	2013#	Percent Change

Total net position	$ 749,725	634,408	102,553	94,488	852,278	728,896	16.9 %

The county made a restatement of governmental and business-type activities. See Note 2 of the notes to the basic financial statements.

Analysis of Government-wide Net Position

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. The county's total assets and deferred outflows of resources exceeded total liabilities by $852,278,000 at June 30, 2014. The largest portion of the county's total net position, $735,501,000 (86.3%), reflects its net investment in capital assets (e.g., land, infrastructure, buildings, machinery, software, and equipment, less any related debt used to acquire those assets). The county uses capital assets to provide services to citizens; consequently, those assets are not available for future spending. Although the county's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources since the capital assets themselves cannot be used to liquidate those liabilities. An additional portion of the county's total net position, $317,075,000 (37.2%), represents resources that are subject to external restrictions on usage. The major restriction on net position, $288,456,000, is for legally segregated taxes, grants, and fees.

The remaining balance of total net position, $(200,298,000) (-23.5%), is unrestricted. Unrestricted net position of governmental activities is $(260,330,000). It continues to be negative primarily due to the inclusion of the OPEB liability of $492,327,000 in the primary government.

Unrestricted net position of business-type activities is $60,032,000, which increased from the prior year primarily due to an increase in revenues, mainly charges for services, exceeding an increase in expenses.

The 2014 balances reflect prior year restatements. The balances in the 2013 columns have also been restated to reflect those restatements.

The county made a restatement of governmental and business-type activities. See Note 2 of the notes to the basic financial statements.

Analysis of the Changes in Government-wide Net Position

The county's net position increased by $123,382,000 during fiscal year 2013-2014. Governmental activities increased the county's net position by $115,317,000 and business-type activities increased the county's net position by $8,065,000. The changes are explained below in the governmental activities and business-type activities discussions.

Governmental Activities

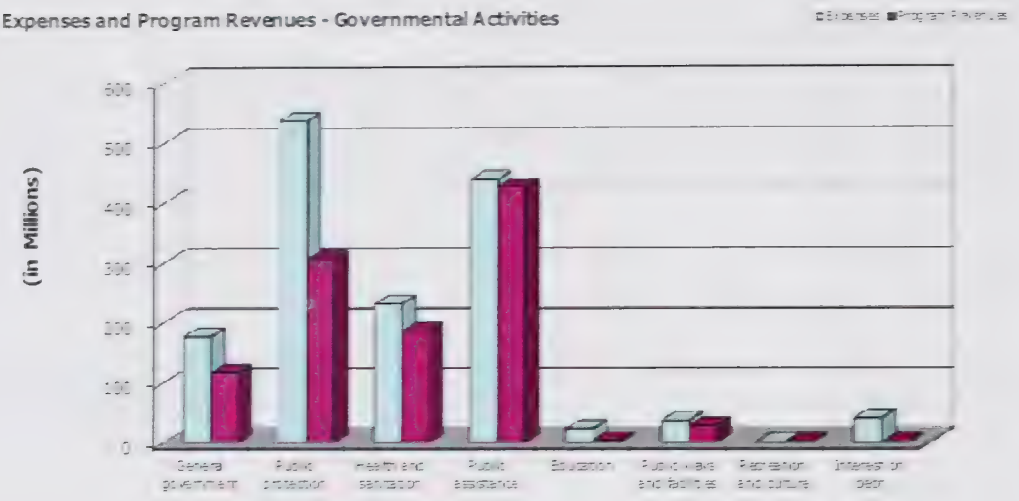
Current year governmental activities increased the county's net position by $115,317,000. The increase in net position primarily is due to an overall current year increase in revenues, most notably charges for services, operating grants and contributions, and tax revenues. There was a smaller increase in expenses, most notably in general government and public protection.

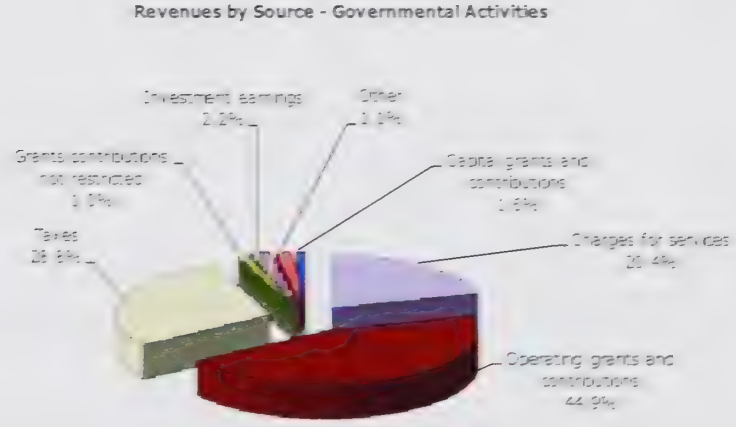
Charges for services increased by $17,043,000 (5.5%). There were one-time property tax administration fees refunds issued in fiscal year 2012-2013 resulting in an increase in fiscal year 2013-2014. Additionally, Mental Health charges for services notably increased.

The operating grants and contributions reported in governmental activities increased by $28,461,000 (4.1%). The increase in operating grants and contributions primarily relates to an increase in the California AB109 Public Safety Realignment funding.

Overall, tax revenue increased by $28,471,000 (6.6%). Property taxes increased by $26,370,000 (6.6%). A continued slight improvement of the housing market allowed a rise in assessed valuations of real property resulting in an increase in property taxes.

Expenses for governmental activities increased by $60,353,000 (4.2%) mainly in the areas of general government and public protection. General government expenses increased by $25,026,000 (16.4%) and public protection expenses increased by $13,439,000 (2.6%). General government expenses included two transfers to Doctors Medical Center, while public protection included an increase to county and community programs based on an increase in AB109 revenue. Additionally, overall governmental activities expenses included an increase in compensated absences due to a policy change.

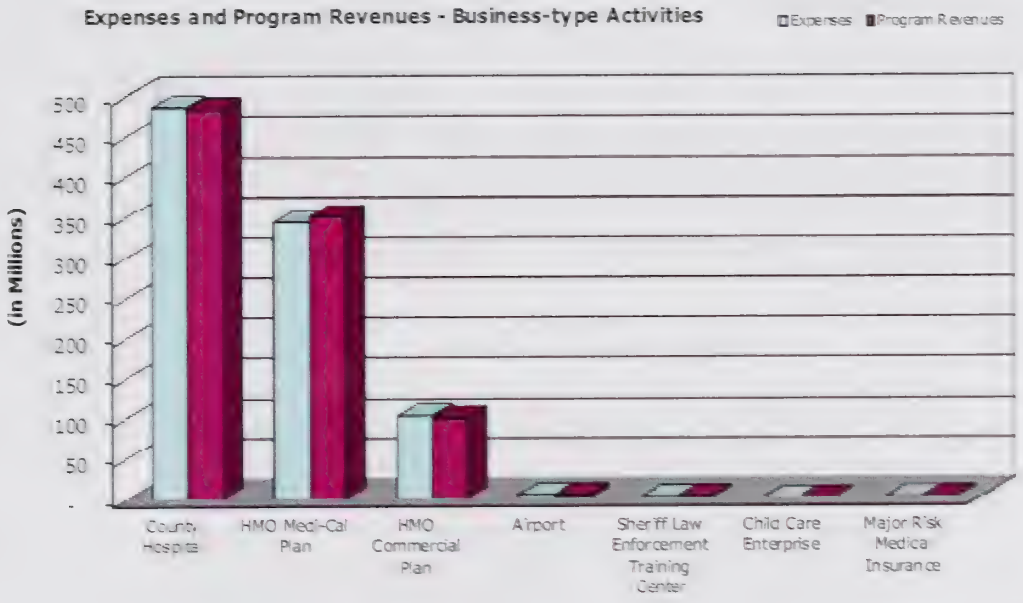


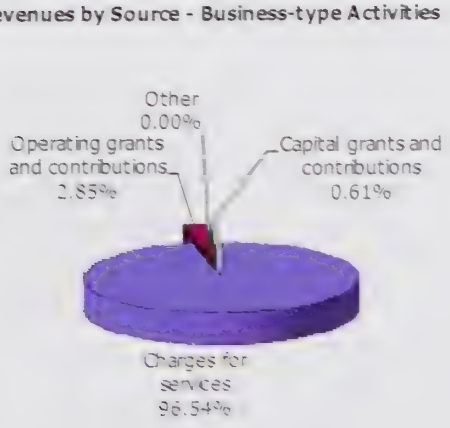


Business-type Activities

Overall, business-type activities increased the county's net position by $8,065,000. While program revenues increased by $63,307,000, expenditures only increased by $38,895,000. The HMO Medi-Cal Plan had a significant increase in program revenues of $58,525,000 and expenses of $53,516,000. The HMO Commercial Plan had a significant decrease in program revenues of $17,784,000 and expenses of $18,165,000. A contributing factor to the variances was the elimination of the Small Business and Individual Plan programs from the HMO Commercial Plan enrollment on December 31, 2013. The affected individuals transitioned to either the HMO Medi-Cal Plan or the Covered California Exchange Plan depending on their income.

Expenses exceeded program revenues for the County Hospital, HMO Commercial Plan, Airport, and Sheriff Law Enforcement Training Center.





Revenues by Source - Business-type Activities
Other 0.00%
Operating grants and contributions 2.85%
Capital grants and contributions 0.61%
Charges for services 96.54%

FINANCIAL ANALYSIS OF THE COUNTY'S FUNDS

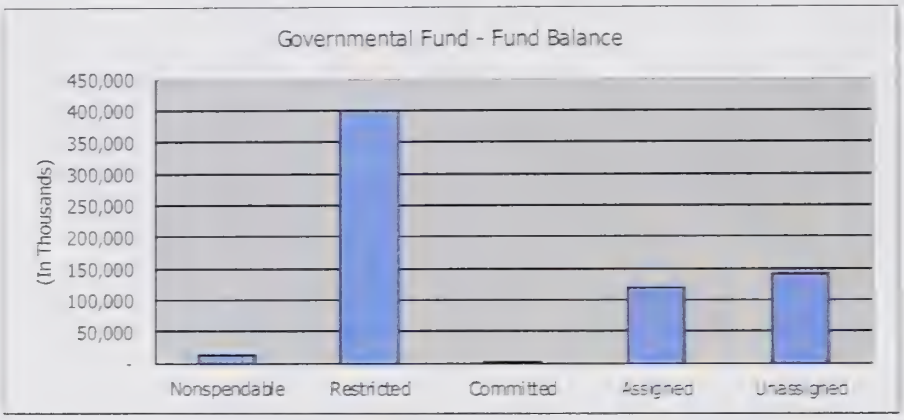
The county uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The following is an analysis of the activities of the county's funds for fiscal year 2013-2014 as reported in the fund-basis financial statements.

Governmental Funds

The focus of the county's governmental funds is to provide information on near-term inflows, outflows, and balances of resources that are available for spending. Such information is useful to assess the county's financing requirements. In particular, unrestricted (committed, assigned, and unassigned) fund balance may serve as a

useful measure of a government's net resources available for spending at the end of the fiscal year. Types of governmental funds reported by the county include the general, special revenue, debt service, capital projects, and permanent funds.

As of June 30, 2014, the county's governmental funds reported combined ending fund balances of $673,775,000, an increase of $93,920,000 in comparison with the prior year. Approximately $262,842,000 (39.0%) of those fund balances is available to meet the county's current and future needs. The remainder of the fund balances, $410,933,000 (61.0%), is either nonspendable or restricted for specific spending.



General Fund

The General Fund is the primary operating fund of the county. At June 30, 2014, the unrestricted fund balance was $222,004,000, an increase of $47,397,000 (27.1%) in comparison with the prior year, while total general fund balance was $237,204,000, an increase of $49,696,000 (26.5%) in comparison with the prior year. As a measure of the General Fund's liquidity, both unrestricted fund balance and total fund balance can be compared to total fund expenditures. Unrestricted fund balance represents 19.0% of total General Fund expenditures, while total fund balance represents 20.3%. For the prior year, those figures were 15.8% and 16.9%, respectively.

General Fund revenues increased by $70,779,000 (5.8%), while expenditures increased by $57,036,000 (5.1%) in comparison with the prior year. Revenues exceeded expenditures by $131,706,000 (11.3%), in comparison with $117,963,000 in the prior year.

Revenues

Taxes increased by $20,515,000 (7.0%). The increase was due to an increase of property taxes, sales and use taxes, and taxes in lieu of sales and use tax.

Charges for services revenue increased by $10,999,000 (5.6%). The majority of the increase was the fiscal year 2012-2013 refund of property tax administration fees resulting from the Supreme Court of California's ruling on case S185457 that did not recur in fiscal year 2013-2014.

Other revenue increased by $31,908,000 (15.2%) primarily due to an increase in state realignment funds (AB 109).

Expenditures

General Government expenditures increased by $14,905,000 (11.2%). There were two intergovernmental transfers totaling $11,000,000 to Doctors Medical Center in fiscal year 2013-2014.

Public Protection expenditures increased by $14,874,000 (4.5%). The most significant increases were for Jail $5,032,000 (8.5%); Probation-programs, facilities, and care of court wards $3,943,000 (6.4%); and, District Attorney $2,747,000 (9.3%).

Health and Sanitation expenditures increased by $19,945,000 (8.7%). The most significant increase was in Mental Health $18,393,000 (12.2%).

CCC Fire Protection District Special Revenue Fund

The CCC Fire Protection District Special Revenue Fund provides fire and emergency medical services to nine cities and certain unincorporated areas in the county. The District's fund balance increased by $4,846,000 (18.9%) during fiscal year 2013-2014.

Revenues decreased by $1,505,000 (1.6%), while expenditures decreased by $2,667,000 (2.9%). An increase in tax revenues of $5,072,000 was more than offset by decreases in other revenue sources, mainly intergovernmental.

Health and Sanitation Special Revenue Fund

The Health and Sanitation Special Revenue Fund accounts for a variety of health and sanitation services. The fund is financed by state grants, the county's share of the tobacco tax, and user fees. The Health and Sanitation Special Revenue fund balance decreased by $6,070,000 (10.1%).

Revenues, primarily intergovernmental, decreased by $7,982,000 (18.4%). Expenditures, primarily expenditure transfers, increased by $8,581,000 (26.1%) due to a current year reclassification.

Nonmajor Funds

The composition of funds included in the nonmajor governmental funds changed in the current fiscal year due to the reclassification of the Other Special Revenue Fund from major to nonmajor. The fund balance for the nonmajor special revenue funds increased by $32,774,000 (11.7%) during fiscal year 2013-2014. Revenues, primarily intergovernmental revenues, increased by $47,566,000 (14.2%). Expenditures, mainly public assistance and public protection, increased by $24,221,000 (7.5%).

Debt service funds had an increase in fund balance of $12,629,000 (54.8%) mainly due to an increase in transfers into the County Pension Bond Debt Service Fund. The capital projects fund had no change in fund balance.

Proprietary Funds

As mentioned earlier, the county's proprietary fund financial statements provide the same type of information

found in the government-wide financial statements but in more detail. In fiscal year 2013-2014, the composition of nonmajor enterprise funds changed with the reclassification of the HMO Commercial Plan from major to nonmajor.

Net position at June 30, 2014, was $58,095,000 for the County Hospital Enterprise Fund, $14,052,000 for the HMO Medi-Cal Plan, and $28,189,000 for the nonmajor enterprise funds. As a result of operations during the year, net position of the County Hospital Enterprise Fund increased by $1,572,000, net position of HMO Medi-Cal Plan increased by $5,869,000, and net position of the nonmajor enterprise funds increased by $956,000.

Net position of the internal service funds was $1,074,000. As a result of operations during the year, the net position of the Workers' Compensation Insurance Fire Protection Internal Service Fund decreased by $1,703,000, increasing the deficit net position balance to $12,488,000. The Workers' Compensation County General Internal Service Fund decreased by $9,967,000, increasing the deficit net position balance to $14,300,000. The remaining internal service funds had an overall increase of $1,193,000.

GENERAL FUND BUDGETARY HIGHLIGHTS

The county's final budget differs from the original budget in that it contains carry-forward appropriations for various programs and projects and supplemental appropriations approved during the fiscal year. Total budgeted revenues were increased by $36,097,000 (2.9%) in the final budget. Actual revenues were less than final budgeted revenues by $27,238,000 (2.1%). Total budgeted expenditures increased by $58,278,000 (4.7%) in the final budget. Actual expenditures were less than final budgeted expenditures by $126,359,000 (9.8%). Significant factors impacting those changes were as follows:

Original Budget vs. Final Budget

Revenue Variances

- Fines, forfeitures, and penalties revenue budget increased for the Facilities Life Cycle Improvement Program (FLIP) due to the correction of a revenue account coding error in the original budget.
- Other revenue budget increased primarily due to increased California AB109 Public Safety Realignment funds and Medi-Cal revenue from the adopted budget level.

Expenditure Variances

- The Final Budget for General Government-Building Maintenance included an increase to appropriations for building services administration because of a change in expenditure estimates due to increased activities.
- The Final Budget for General Government-County-State-WCCHCD IGT was increased due to the approval of two intergovernmental transfer agreements between the county and Doctors Medical Center.
- The Final Budget for Health and Sanitation-Mental Health services and supplies increase reflects increased costs above the adopted budget level based on updated estimates.

Final Budget vs. Actual Amounts

Revenue Variances

- Tax revenue (property) was higher than expected by approximately $23,246,000.
- Intergovernmental revenue was lower than expected, by approximately $41,266,000, which was primarily due to Employment and Human Services Department-Administration and Workforces Services, California Health Benefit Marketplace, and Housing and Urban Development block grants.
- Other revenue was higher than expected by approximately $51,406,000, which was primarily due to a reclassification of funds in the Sheriff-Contract Services and Health Services-Mental Health areas from Transfers In.

Expenditure Variances

- General Government-Employee Benefits expenditures from Medicare Part D were less than budgeted.
- General Government-Facilities Life Cycle Improvement Program (FLIP) expenditures for deferred maintenance projects were less than budgeted. Most of the planned projects have been re-budgeted for fiscal year 2014-2015.
- General Government-Plant Acquisition expenditures were less than budgeted because the budget included appropriations for Sheriff's Facilities improvements and other capital projects that were not completed during the year. A grant match for WCDF Jail Construction has been re-budgeted for fiscal year 2014-2015.
- Public Protection–Sheriff salaries and employee benefits expenditures, mainly in the areas of central administration, general lab, investigations, and contract services, were less than anticipated.
- Public Assistance–Community Development expenditures for professional services were less than budgeted for home projects.
- Public Assistance-Cal Health Benefit Marketplace operations expenditures, most notably salaries and benefits and occupancy costs, were less than budgeted. As previously noted, intergovernmental revenue was also less than budgeted.
- Public Assistance-Employment and Human Services Department-Administration expenditures for information technology systems' professional services were less than anticipated. As previously noted, intergovernmental revenue was also less than budgeted.

CAPITAL ASSETS AND LONG-TERM DEBT ACTIVITY

Capital Assets

Capital assets for the governmental and business-type activities are presented below to illustrate changes from the prior year:

COUNTY'S CHANGES IN CAPITAL ASSETS
(Net of Depreciation)
(In Thousands)

	Governmental activities		Business-type activities		Total		Increase/ (Decrease)
	2014	2013	2014	2013	2014	2013	Percent Change
Infrastructure	$ 400,492	395,661			400,492	395,661	1.2 %
Land	67,566	67,594	15,516	15,516	83,082	83,110	0.0
Structures and improvements	245,333	260,696	150,350	153,834	395,683	414,530	(4.5)
Equipment	40,586	41,174	11,640	15,719	52,226	56,893	(8.2)
Intangibles	9,050	1,871	1,593	3,604	10,643	5,475	94.4
Construction in progress	65,849	62,066	9,272	8,698	75,121	70,764	6.2
Total	$ 828,876	829,062	188,371	197,371	1,017,247	1,026,433	(0.9) %

The county's investment in capital assets for its governmental and business-type activities as of June 30, 2014, was $1,017,247,000 (net of accumulated depreciation). The investment in capital assets includes land, buildings and systems, improvements, machinery and equipment, software, park facilities, roads, highways, drainage systems, and bridges. The county's total investment in net capital assets for fiscal year 2013-2014 decreased by 0.9% (a less than 0.1% decrease for governmental activities and a 4.6% decrease in business-type activities). Retirement of capital assets and depreciation expense exceeded the county's capital acquisitions.

The major activity of capital assets for governmental activities was:

Road infrastructure and construction in progress	$12,760,000
Drainage infrastructure and construction in progress	$12,772,000

The major activity of capital assets for business-type activities was:

Building and building construction in progress	$7,250,000

Construction included the completion of numerous construction projects such as Marsh Creek widening, Bailey Road pedestrian and bicycle improvement, and Lindsey Basin to name a few.

Specific changes in governmental and business-type activities are presented in Note 7, in the "Notes to the Basic Financial Statements."

Long-Term Debt

Long-term debt for the governmental and business-type activities is presented below to illustrate changes from the prior year:

COUNTY'S OUTSTANDING DEBT
Capital Lease Obligations, Pension Obligation Bonds, Retirement Litigation Settlement,
Notes Payable, Other Bonds Payable, Lease Revenue Bonds, Tax Allocation Bonds and Special Assessment Debt
(In Thousands)

	Governmental activities		Business-type activities		Total		Increase/ (Decrease)
	2014	2013	2014	2013	2014	2013	Percent Change
Capital lease obligations	$ 3,778	3,801		104	3,778	3,905	(3.3) %
Pension obligation bonds	358,445	416,295			358,445	416,295	(13.9)
Retirement litigation settlement	17,892	19,122			17,892	19,122	(6.4)
Notes payable	1,276	1,409	1,327	1,456	2,603	2,865	(9.1)
Other bonds payable	1,285	1,705			1,285	1,705	(24.6)
Lease revenue bonds	126,090	137,252	148,132	157,687	274,222	294,939	(7.0)
Tax allocation bonds	92,445	94,390			92,445	94,390	(2.1)
Special assessment debt	6,892	7,560			6,892	7,560	(8.8)
Total	$ 608,103	681,534	149,459	159,247	757,562	840,781	(9.9) %

At June 30, 2014, the county had total long-term debt outstanding of $757,562,000. The county's legal debt limit was $7,506,491,000. During the year, the county's liabilities for long-term debt decreased by $83,219,000 (9.9%). Specific changes in governmental and business-type activities are presented in Note 10 in the "Notes to the Basic Financial Statements."

Refer also to the information on the Debt Management Policy in the Letter of Transmittal (page ix).

Over the recent years of recession, the county experienced significant reductions in assessed valuation and property tax revenues compared to earlier periods of robust growth. In response, the county drastically cut expenditures growth, reduced the workforce, and lowered its OPEB liabilities. As a result of these long-term actions, Standard and Poor's Ratings Service (S&P) upgraded the county's long-term credit rating two notches from AA to AAA, the highest possible credit rating. Only six California counties have a AAA rating from S&P. In addition, S&P upgraded the County's pension obligation bonds and lease revenue bonds two notches from AA- to AA+. In their credit report announcing the county's upgrade, S&P cited very strong management, budget flexibility, financial policies, and the county's location within the very strong Bay Area economy as key factors supporting the rating levels.

The outlook on the county's credit ratings continued to be "stable" by both S&P and Moody's Investors Service (Moody's) during fiscal year 2013-2014. The county's underlying long-term ratings are as follows:

Type of Issue	S&P	Moody's
Issuer rating/implied general obligation bond rating	AAA	Aa2
Pension obligation bonds	AA+	A1
Lease revenue bonds	AA+	A1

At the time of issuance of most of its lease revenue bond series and pension obligation bond series, the county purchased municipal bond insurance policies that resulted in those series being rated in the highest possible rating categories of AAA (S&P) and Aaa (Moody's). Municipal bond insurers have been downgraded since early 2008. When the insured rating falls below the county's underlying rating, the affected series of bonds carries only the county's underlying ratings. All of the county's lease revenue bond issues now carry only the county's underlying ratings of AA+ (S&P) and A1 (Moody's). The county's pension obligation bond series carry insured ratings of AA- (S&P) and A2 (Moody's). These series have underlying ratings of AA+ (S&P) and A1 (Moody's). The pension obligation bonds were downgraded by Moody's from Aa3 to A1 on February 20, 2013.

KNOWN FACTS, DECISIONS AND CONDITIONS THAT ARE EXPECTED TO HAVE A SIGNIFICANT EFFECT ON FINANCIAL POSITION OR RESULTS OF OPERATIONS NEXT YEAR

- Continuing to fund OPEB obligation at $20 million per year.
- Increase of countywide assessed valuation of 9.09%.
- Labor agreements were negotiated for the majority of Bargaining Units during the fiscal year, which will increase salary costs by approximately 4.0%.
- General fund budget structurally balanced due to increased local revenue, relatively flat employee compensation, and increased Criminal Justice Realignment funding.
- All of the facts, decisions, and conditions listed above were considered in preparing the county's budget for fiscal year 2014-2015.

REQUESTS FOR INFORMATION

This financial report is designed to provide a general overview of the county's finances for all those with an interest in the county's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Office of the County Auditor-Controller, 625 Court Street, Room 103, Martinez, CA 94553-1282.

COUNTY OF CONTRA COSTA

RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET
TO THE STATEMENT OF NET POSITION

JUNE 30, 2014
(In Thousands)

Fund balances - total governmental funds (page 24)		$ 673,775
Amounts reported for governmental activities in the statement of net position are different because:		
The pension assets resulting from contributions in excess of the annual required contribution are not financial resources and therefore not reported in the funds.		308,287
Capital assets used in governmental activities are not financial resources and therefore are not reported in the governmental funds. (net of internal service fund capital assets of $7,211)		821,665
Accrued revenue, which is not available soon enough to pay for the current period's expenditures, is deferred in the governmental funds.		2,605
Notes receivable are not available to pay current-period expenditures and, therefore, are deferred in the governmental funds.		97,934
Internal service funds are used by management to charge the costs of self insurance and fleet services to individual funds. The assets and liabilities of these funds, except for the medical liability insurance fund, are included as governmental activities in the statement of net position.		(1,143)
Interest on long-term debt is recognized as it accrues, regardless of when it is due.		(7,553)
Insurance costs on bond issuance are not recognized as current expenditures and are amortized over the life of the bonds.		1,384
Loss on refunding of debt is recognized as a deferred outflow of resources		4,489
Long-term liabilities, including bonds payable, are not due and payable in the current period and therefore are not reported in the governmental funds.		
Lease revenue bonds	$ (126,090)	
Notes payable	(1,276)	
Tax allocation bonds	(92,445)	
Special assessment bonds	(6,892)	
Other bonds payable	(1,285)	
Pension obligation bonds	(358,445)	
Retirement litigation settlement	(17,892)	
Capital lease obligations	(3,778)	
Compensated absences (net of internal service fund balance of $72)	(42,901)	
Net OPEB obligation	(492,327)	
Other noncurrent liabilities	(3,984)	
Premiums and discounts	(4,403)	(1,151,718)
Net position of governmental activities (page 21)		$ 749,725

See accompanying notes to the basic financial statements.

See accompanying notes to the basic financial statements.

COUNTY OF CONTRA COSTA

RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES TO THE STATEMENT OF ACTIVITIES

FOR THE FISCAL YEAR ENDED JUNE 30, 2014

(In Thousands)

Net change in fund balances - total governmental funds (page 26)		$ 93,920
Amounts reported for governmental activities in the statement of activities are different because:		
Revenues that have not met revenue recognition criteria in the fund financial statements are recognized as revenue in the government-wide financial statements.		5,246
Governmental funds report capital asset acquisitions as either capital outlay or other current program expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.		
Expenditures for capital assets	$ 43,909	
Capital assets transferred from business-type activities	6	
Less loss on disposal/retirement of capital assets	(3,212)	
Less current year depreciation	(41,469)	(766)
Long-term debt proceeds provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the statement of net position. Repayment of bond principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position.		
Principal payments	73,408	
Capital lease payments	1,837	
Issuance of capital lease	(1,814)	
Issuance of noncurrent liabilities	(3,891)	
Expenditures made on other noncurrent liabilities	176	69,716
Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds.		
Change in long-term compensated absences	(9,018)	
Change in pension asset	(30,200)	
Amortization of insurance cost of bond issuance	(176)	
Amortization of premiums - lease revenue bonds	383	
Amortization of premiums and discounts - tax allocation bonds	64	
Amortization of premiums - special assessments	1	
Change in accrued interest payable	517	
Change in OPEB obligation	(3,930)	
Amortization of deferred loss on refunding	(295)	(42,654)
Internal service funds are used by management to charge the costs of self insurance and fleet services to individual funds. The net revenue of certain activities of the internal service funds is reported with governmental activities, except for the medical liability insurance fund.		(10,145)
Change in net position of governmental activities (page 23)		$ 115,317

See accompanying notes to the basic financial statements.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of the County of Contra Costa (county) conform to accounting principles generally accepted in the United States of America (GAAP) as applicable to governmental entities. The following is a summary of the more significant policies:

A. Definition of Reporting Entity

The county is a political subdivision created by the state of California. As such, it can exercise powers specified by the constitution and statutes of the state. The county is governed by a five member elected Board of Supervisors (the Board). The Board is responsible for the legislative and executive control of the county. The county provides various services on a countywide basis including law and justice, education, detention, social, health, hospital, fire protection, road construction, road maintenance, transportation, park and recreation facilities, elections and records, communications, planning, zoning, and tax collection.

The governmental reporting entity consists of the county (primary government) and its component units. Component units are legally separate organizations for which the Board is financially accountable or other organizations whose nature and relationship with the county are such that exclusion would cause the county's financial statements to be misleading or incomplete. Financial accountability is defined as the appointment of a voting majority of the component unit's board, and either (i) the county's ability to impose its will on the organization or (ii) there is potential for the organization to provide a financial benefit to or impose a financial burden on the county.

The basic financial statements include both blended and discretely presented component units. The blended component units, although legally separate entities are, in substance, part of the county's operations and so data from these units are combined with data of the primary government. The discretely presented component units, on the other hand, are reported in separate columns in the government-wide financial statements.

For financial reporting purposes, the county's basic financial statements include all financial activities that are controlled by or are dependent upon actions taken by the county's Board.

Blended Component Units

Successor Agency to the Contra Costa County Redevelopment Agency

Pursuant to the provisions of California Assembly Bills 1X 26 and 1484, the Successor Agency to the Contra Costa County Redevelopment Agency (Successor Agency to the RDA) was created with the transfer of all of the assets, liabilities, and obligations of the former redevelopment agency. The Successor Agency to the RDA accounts for the payments due for enforceable obligations, performance of obligations, and disposal of all assets of the former redevelopment agency. The Successor Agency to the RDA activities are included as a Private-Purpose Trust fund.

County of Contra Costa Public Financing Authority

The County of Contra Costa Public Financing Authority (PFA) is a joint powers authority consisting of the county, the former Redevelopment Agency (RDA), and subsequently the Successor Agency to the RDA. The PFA was established to provide for the financing of public improvements, obligations, working capital and liability or other insurance programs of the county and the RDA. The members of the county Board of Supervisors also serve as the Directors of the PFA. The activities of the PFA are included in a debt service fund, which is reported as part of the nonmajor governmental funds, and in the County Hospital Enterprise Fund.

Contra Costa County Employees' Retirement Association

The Contra Costa County Employees' Retirement Association (CCCERA) was established to provide retirement benefits to employees of the county and other member agencies. The CCCERA provides a majority of its services for the benefit of the county and, therefore, is reported as a pension trust fund in the basic financial statements. The fiscal year of the CCCERA ends on December 31st and its financial activities are reported as of that date.

In-Home Supportive Services Public Authority

The Contra Costa County Board of Supervisors, pursuant to Welfare and Institutions Code Section 12301.6, established the In-Home Supportive Services Public Authority (IHSS). IHSS provides screening, training and referral of in-home supportive service providers and assists eligible individuals, who are unable to care for themselves at home, in finding qualified persons to assist them. Its board members are the same as the county Board of Supervisors. The activities of the IHSS are included in a special revenue fund which is reported as part of the nonmajor governmental funds.

Special Districts and Service Areas

The county has 39 agencies referred to as county special districts and service areas. Each is established by the county for the purpose of providing specific services in a defined geographic area. Their board members are the same as the county Board of Supervisors. The 39 agencies and the special revenue fund in which each is included are: Contra Costa County Fire Protection District; Other Fire Protection – Crockett-Carquinez Fire Protection District; Flood Control - Flood Control District, Storm Drainage District, Storm Drain District Nos. Z-16 and Z-19; Health and Sanitation - Sanitation District No. 6; Service Areas - Service Areas D-2, EM-1, L-100, LIB-2, LIB-10, LIB-12, LIB-13, M-1, M-16, M-17, M-20, M-23, M-28, M-29, M-30, M-31, R-4, R-7A, R-9, R-10, RD-4, R-8, Public Transit-Service Area T1, CFD 2006-1, CFD 2008-1, CFD 2010-1, and Discovery Bay West Parking District; Law Enforcement - Service Areas Crockett Cogeneration (formerly P-1), P-2 (zones A and B), P-5 and P-6; Other Special Revenue - Contra Costa County Water Agency. These special revenue funds are reported as nonmajor governmental funds, with the exception of the Contra Costa County Fire Protection District and Health and Sanitation, which are reported as major governmental funds.

Discretely Presented Component Units

First 5 Contra Costa Children and Families Commission

The First 5 Contra Costa Children and Families Commission (Commission) was established to implement the provisions of Proposition 10, adopted by the voters in 1998. Proposition 10 added Division 108 (commencing with Section 130100) to the California Health and Safety Code. It provides for a state tax on the sale of tobacco products and also provides that this revenue be spent for early childhood development programs by the Commission. The county Board of Supervisors originally appointed all nine members (and nine alternate members) of the Commission. One member of the Board of Supervisors serves on the Commission. However, the Commission hires its own employees, including an Executive Director and functions independent of the county. The Commission provides most of its services directly to the citizens of the county. The financial activity of the Commission is reported in separate columns on the government-wide financial statements.

Housing Authority of the County of Contra Costa

The Housing Authority of the County of Contra Costa (Housing Authority) was established to provide housing for the county's low and moderate income residents. While its board members are the same as the county Board of Supervisors, it does not meet the criteria for blending: i) there is no financial burden or benefit relationship with the county nor does management of the county have operational responsibility over it; ii) the Housing Authority does not provide services entirely or almost entirely to the county; and iii) the Housing Authority's total debt outstanding is not expected to be repaid with resources of the county. The fiscal year of the Housing Authority ends on March 31st and its financial activities are reported as of that date. The Housing Authority has two discretely presented component units that have been blended with the Housing Authority in this report. The discretely presented component units have fiscal year ends of December 31. Their financial statements have been adjusted to March 31 for inclusion in the Housing Authority statements.

Separately Issued Financial Statements

Complete audited financial statements are issued separately for each of the individual component units listed below and may be obtained at the unit's administrative offices as follows:

County of Contra Costa Public Financing Authority
651 Pine Street, 6th Floor, Martinez, CA 94553

Contra Costa County Employees' Retirement Association
1355 Willow Way, Suite 221, Concord, CA 94520

First 5 Contra Costa Children and Families Commission
1485 Civic Court, Suite 1200, Concord, CA 94520

Housing Authority of the County of Contra Costa
3133 Estudillo Street, Martinez, CA 94553

B. Accounting Pronouncements

Pronouncements Implemented During the Year

The county adopted new accounting standards in order to conform to the following Governmental Accounting Standards Board (GASB) Statements:

GASB Statement No. 65, *Items Previously Reported as Assets and Liabilities*, was established to improve financial reporting for governmental activities, business type activities, proprietary funds, and fiduciary funds. It addresses issues related to deferred outflows of resources and deferred inflows of resources. The county re-categorized two types of transactions while implementing GASB Statement No. 65. The difference between the reacquisition price and the net carrying amount of old debt was previously reported with long term liabilities and is now reported as a deferred outflow of resources. When an asset is recorded in governmental fund financial statements but the revenue is not available, it was reported as deferred revenue, a liability, and now is reported as a deferred inflow of resources until such time as the revenue becomes available. Additionally, costs of issuance of debt, historically reported as assets and amortized over the life of the debt in enterprise funds in the fund level financial statements and governmental and business-type activities in the government wide financial statements, has been removed except for the prepaid insurance portion which continues to be reported as an asset and amortized. A restatement of beginning net position was needed to implement this guidance and is disclosed in Note 2–Fund Equity.

GASB Statement No. 66, *Technical Corrections 2012, An Amendment of GASB Statements No. 10 and No. 62,* was established to improve accounting and financial reporting for governmental financial reporting entities by resolving conflicting guidance. The requirements of this statement resolve the conflicting accounting and financial reporting guidance that could diminish the consistency of financial reporting and thereby enhance the usefulness of the financial reports. Implementation of this guidance did not result in any restatements by the county.

GASB Statement No. 70, *Accounting and Financial Reporting for Non-Exchange Financial Guarantees*, was established to improve accounting and financial reporting by state and local governments that extend and receive nonexchange financial guarantees. It requires a government that extends a nonexchange financial guarantee to recognize a liability when qualitative factors and historical data, if any, indicate that it is more likely than not that the government will be required to make a payment on the guarantee. The statement also requires a government that has issued an obligation guaranteed in a nonexchange transaction to report the obligation until legally released as an obligor. The county does not have liabilities guaranteed by another, nor is it guaranteeing the liabilities of another.

Pronouncements to be Implemented in the Next Fiscal Year

GASB Statement No. 68, *Accounting and Financial Reporting for Pensions – an amendment of GASB Statement No. 27*, was established to improve accounting and financial reporting by state and local governments for pensions and will be implemented in the June 30, 2015, fiscal year. The statement will replace the requirements of GASB Statement No. 27, *Accounting for Pensions by Statement and Local Governmental Employers*, as well as the requirements of Statement No. 50, *Pension Disclosures*. The statement establishes standards for measuring and recognizing liabilities, deferred outflows of resources,

deferred inflows of resources, and expense/expenditures. The statement also addresses note disclosures and required supplementary information for pensions.

GASB Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date - an amendment of GASB Statement No. 68*, is to be applied simultaneously with the provisions of GASB Statement 68. Statement 71 addresses an issue relating to amounts associated with contributions, if any, made by the local government employer or nonemployer contributing entity to a defined benefit pension plan after the measurement date of the government's beginning net pension liability.

GASB Statement No. 69, *Government Combinations and Disposals of Government Operations*, establishes accounting and financial reporting standards related to government combinations and disposals of government operations.

C. Basis of Presentation

Government-wide Financial Statements

GASB Statement No. 34, *Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments*, mandates the presentation of two basic government-wide financial statements, the *Statement of Net Position* and the *Statement of Activities*. The statement of net position and statement of activities display information about the primary government (the county) and its component units. The statement of net position and statement of activities include the financial activities of the overall government, except for fiduciary activities. Eliminations have been made to minimize the double counting of internal activities, except for charges for services (exchange transactions) between activities and functions. The statement of net position and statement of activities also distinguish between the *governmental* and *business-type activities* of the county and between the county and its discretely presented component units. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely, to a significant extent, on fees charged to external parties.

For presentation in the statement of net position and statement of activities, all of the internal service fund account balances are allocated to governmental activities except for the medical liability insurance fund which is allocated to business-type activities.

The statement of net position reports the county's financial and capital resources, including infrastructure, as well as the county's long-term obligations. The difference between the county's assets and deferred outflows of resources, and liabilities and deferred inflows of resources, is its net position. Net position represents the resources that the county has available for uses in providing services after its debts are settled.

The statement of activities presents a comparison between direct and allocated indirect expenses and program revenues for each function of the governmental activities and each segment of the business-type activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Program revenues include 1) charges paid by the recipients of goods or services offered by the programs, including fines and forfeitures, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular

program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

When an expense is incurred for purposes for which both restricted and unrestricted net position is available, management has discretion as to which resources to apply. Generally, restricted resources are depleted before unrestricted. However, when prudent, unrestricted resources may be used first.

Fund Financial Statements

The fund financial statements provide information about the county's funds, including fiduciary funds and blended component units. Separate statements for each fund category – governmental, proprietary, and fiduciary – are presented. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds are separately aggregated and reported as nonmajor funds.

The county reports the following as major governmental funds:

- The *General Fund* is used to account for and report all financial resources not accounted for and reported in another fund. In addition to general administration, the General Fund includes such activities as public protection, health and sanitation, public assistance, education, and public ways and facilities.

- The *Contra Costa County Fire Protection District (CCCFPD) Special Revenue Fund* accounts for the financial aspect of the fire and emergency medical service activities provided by CCCFPD to nine cities and certain unincorporated areas in the county. As requested by interested parties, the CCCFPD's financial activities have been separated from those of the county's other fire protection districts and are reported as a major fund. The fund is principally financed by property taxes and services such as fire prevention plan review and inspections.

- The *Health and Sanitation Special Revenue Fund* is used to account for a variety of health and sanitation services. The fund is financed by state grants, the county's share of the tobacco tax, and user fees.

The county reports the following as major enterprise funds:

- The *County Hospital (the Hospital)* accounts for hospital operations involved in providing health services to county residents. Revenues are principally fees for patient services, payments from federal and state programs such as Medicare, Medi-Cal and Short-Doyle, realignment revenues, and subsidies from the General Fund.

- The *HMO Medi-Cal Plan's* revenues and expenditures are capitation payments and costs related to Medi-Cal eligibles enrolled in the Medi-Cal Plan.

The county reports the following additional funds:

- *Internal Service Funds* account for the county's fleet services and self-insurance programs – employee dental insurance, long-term disability insurance, workers' compensation insurance,

automotive liability insurance, general liability insurance, state unemployment insurance, medical liability insurance, and special district property insurance, on a cost-reimbursement basis.

- The *Pension Trust Fund* accumulates contributions from the county, its employees and other participating employers, and earnings from the fund's investments. Disbursements are made from the fund for retirement, disability and death benefits (based on a defined benefit formula), and administrative expenses. This fund includes all assets of the CCCERA.

- *OPEB Irrevocable Trust* accounts for assets held in trust to pay post-employment health benefits. The trust, which consists of assets contributed by the county (and other participating employers), is administered by the financial officials typically responsible for safeguarding the county's assets. The Trustee shall separately account for all contributions, distributions, payments, expenses, gains and losses attributable to the county and each other employer that participates in the trust.

- The *Investment Trust Fund* accounts for the assets of legally separate entities who make directed investments through the County Treasurer. These entities include school and community college districts, other special districts governed by local boards, regional boards and authorities and pass-through funds for tax collections for cities. This fund represents the assets, primarily cash and investments, and the related obligation of the county to disburse these monies on demand.

- The *Private-Purpose Trust Funds* account for assets held in trust for the benefit of individuals, private organizations, and other governments. Included in these funds are assets, liabilities, and activities of the Successor Agency to the Contra Costa County Redevelopment Agency.

- *Agency Funds* account for assets pending transfer or distribution to individuals, private organizations or other governmental entities held by the county in an agency capacity. Included in these funds are the Unapportioned Taxes Fund and the Tax Losses Reserve Fund, which provide controls necessary for the county to manage property taxes under the Teeter Plan (see section M of this note).

D. Basis of Accounting

The government-wide financial statements, and proprietary and fiduciary, excluding agency, fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Nonexchange transactions, in which the county is giving (or receiving) value without directly receiving (or giving) equal value in exchange, include property and sales taxes, grants, entitlements and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenues from sales tax are recognized when the underlying transactions take place. Revenues from grants, entitlements, and donations are recognized in the fiscal year in which all eligibility requirements have been satisfied.

Agency funds are unlike all other types of funds, reporting only assets and liabilities. So agency funds cannot be said to have a measurement of focus. Since they do not report equity, they cannot present an operating statement reporting changes in equity. They do, however, use the accrual basis of accounting to recognize receivables and payables.

Proprietary fund operating revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Nonoperating revenues, such as subsidies and investment earnings, result from nonexchange transactions or ancillary activities. Operating expenses for proprietary funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. Expenses not meeting this definition are reported as nonoperating expenses.

Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. Property and sales taxes are accrued when their receipt occurs within sixty days after the end of the accounting period. Ali other revenues are accrued if they are both measurable and available within sixty days, except for certain reimbursements related to health care from the state of California and certain state and federal grants which are accrued when their receipt is expected within one year after the end of the accounting period. Expenditures are generally recorded when a liability is incurred, as under accrual accounting. Debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are generally recorded when payment is due. However, where resources have been provided during the current year for payment of interest due early in the following year, the expenditure and related liability are accrued. General capital assets acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and capital leases are reported as other financing sources.

E. Cash and Cash Equivalents

For purposes of the accompanying statement of cash flows, the enterprise and internal service funds consider all highly liquid investments with a maturity of three months or less when purchased, their equity in the County Treasurer's internal pool, and cash restricted for repayment of debt or as reserves to be cash equivalents. The County Treasurer's internal pool includes certain investments with longer maturities, however each fund's equity in the pooled funds are considered readily available for immediate use and therefore included with cash equivalents.

F. Investments

Investment transactions are recorded on the trade date. Investments in non-participating, interest-earning investment contracts (certificates of deposit and guaranteed investment contracts) are stated at cost. Other investments are stated at fair value. Fair value is defined as the amount that the county could reasonably expect to receive for an investment in a current sale between a willing buyer and seller and is generally measured by quoted market prices.

The Pension Trust Fund reports its investments at fair value. Both realized and unrealized gains and losses on investments are included in its statement of changes in net position. The fair values of equity and fixed income securities are derived from quoted market prices. The fair values of private market investments are estimated from fair values provided by real estate investment funds, generally using periodic independent appraisals, and alternative investment managers. All investment purchases and sales are recorded on the trade date.

The public school, cemetery, pest control, recreation and park, and resource conservation districts within the county are required by legal provisions to maintain their cash and investments with the County

Treasurer. The County Treasurer maintains individual directed investment accounts for those districts, and the cash and investments held are included in the Investment Trust Fund.

G. Inventories and Prepaid Items

Inventories are valued at cost, which approximates market. Governmental fund inventories are maintained using the weighted average method. Proprietary fund inventories are maintained using the first-in, first-out method. The costs of governmental fund inventories and proprietary fund inventories are recorded as expenditures/expenses at the time individual items are consumed rather than when purchased. Reported inventories of governmental funds are equally offset as nonspendable fund balance to indicate that a portion of fund balance is not in spendable form in that it is not convertible to cash.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements. The county utilizes the consumption method to account for these prepayments.

H. Notes Receivable

Generally loans are either deferred or collected on a residual receipts basis with all remaining principal and interest due on the earlier of the due date of the note or sale or transfer of property. Any repayment of principal or interest is treated as program revenue, the use of which is restricted by federal regulations. As such, notes receivable are recorded with an offset to deferred inflows of resources in the fund financial statements because the amounts are unavailable. The notes receivable balances in the General Fund consist of loans made with funds provided to the county under the U.S. Department of Housing and Urban Development programs. The loans are made to carry out activities for affordable housing and economic development.

I. Prepaid Pension Asset

A prepaid pension asset is created when an employer pays into a retirement plan amounts in excess of its annual required contribution (ARC). The ARC is an actuarially calculated amount that is sufficient to fund future costs and extinguish any existing unfunded actuarial accrued liability (UAAL).

On March 1, 1994, the county made a payment of $333,724,000 to CCCERA from the proceeds of the issuance of pension obligation bonds to reduce the county's UAAL as calculated at that time. On May 1, 2003, the county made another payment of $319,095,000 to CCCERA from the proceeds of an additional issuance of pension obligation bonds to reduce the county's UAAL as recalculated, due primarily to the effect of the enhanced pension granted in 2002.

In 2005, the Contra Costa County Fire Protection District (CCCFPD) issued Series 2005 Pension Obligation Bonds in the principal amount of $129,900,000 to fund CCCFPD's UAAL obligation as of December 31, 2004, to the Contra Costa County Employees' Retirement Association and to prepay CCCFPD's portion of the outstanding Paulson Settlement.

J. Restricted Assets

The county's restricted assets represent cash and investments of the General Fund, County Hospital Enterprise Fund, Successor Agency to the Contra Costa County Redevelopment Agency, certain nonmajor

governmental funds, and discretely presented component unit – Housing Authority, which are restricted for debt repayments in accordance with restrictions and limitations of the various bond indentures and capital lease funds not yet spent on capital assets. All of the noted cash and investments are included in Note 4 – Cash and Investments.

K. Capital Assets

Capital assets (including infrastructure and intangibles) are recorded at historical cost or at estimated historical cost if actual historical cost is not available. Contributed capital assets are valued at their estimated fair market value on the date contributed. Capital assets include public domain (infrastructure) consisting of certain improvements including roads, bridges, water/sewer, lighting systems, drainage systems, and flood control. The capitalization threshold for infrastructure is $25,000. The capitalization threshold for buildings is $100,000. The capitalization threshold for equipment and vehicles is $5,000. Many different types of assets may be considered intangible assets, including easements, water rights, timber rights, patents, trademarks, and computer software. The capitalization threshold for intangible assets acquired after June 30, 2009, excluding internally developed intangibles, is $100,000. The capitalization threshold for internally developed intangible assets acquired after June 30, 2009, and for all retroactively reported intangible assets, is $1,000,000. Capital assets used in operations are depreciated or amortized (assets under capital leases and intangible assets) using the straight-line method over the lesser of the capital lease period or their estimated useful lives in the activities within the government-wide financial statements, proprietary funds, and the Pension Trust Fund.

The estimated useful lives are as follows:

Infrastructure	25-50 years
Structures	25-40 years
Improvements	10-20 years
Equipment, including vehicles	3-20 years
Intangible assets	3-50 years

Maintenance and repairs are charged to operations when incurred. Betterments and major improvements, which significantly increase values, change capacities or extend useful lives, are capitalized. Upon sale or retirement of capital assets, the cost and related accumulated depreciation are removed from the respective accounts and any resulting gain or loss is included in the results of operations.

Interest is capitalized on construction in progress in the proprietary funds. Accordingly, interest capitalized is the total interest cost from the date of the borrowing, net of any allowable interest carried on temporary investments of the proceeds of those borrowings, until the specified asset is ready for its intended use.

L. Bond Discounts, Issuance Costs, and Deferred Amounts on Refundings

In governmental fund financial statements, bond discounts, issuance costs, and deferred amounts on refundings are recognized in the period incurred. In the government-wide and proprietary fund financial statements, bond discounts, insurance costs, and deferred amounts on refundings are amortized over the term of the issuance using the straight-line method, which approximates the effective interest method. Issuance costs other than insurance have been removed from the government-wide and proprietary fund

financial statements with the implementation of GASB Statement No. 65. See note 2 for financial statement effect.

M. Property Tax Levy, Collection, and Maximum Rates

The county is responsible for assessing, collecting, and apportioning property taxes. Taxes are levied for each fiscal year on taxable real and personal property situated in the county. The levy is based on the assessed values as of the preceding January 1st, which is also the lien date. State code requires tax rates to be set no later than the first workday in September unless the Board of Supervisors elects to extend the deadline to October 3rd. Property taxes on the secured roll are due in two installments: November 1st and February 1st and become delinquent after December 10th and April 10th, respectively. Supplemental property taxes are levied based on changes in assessed values between the date of real property sales or construction completion and the preceding assessment date. The additional supplemental property taxes are prorated from the first day of the month following the date of such occurrence. Property taxes on the unsecured roll are due on the lien date (January 1st), and become delinquent if unpaid by August 31st.

Supplementary taxes that have been collected but unapportioned at year-end and unsecured taxes collected in advance are reported as unapportioned taxes in the Unapportioned Taxes Agency Fund. Secured property taxes are recorded as revenue in the fiscal year of the levy. The county apportions secured property tax revenue in accordance with the alternate method of distribution prescribed by the California Revenue and Taxation Code Section 4701 et al (The Teeter Plan). This alternate method provides for crediting each applicable fund with its total secured taxes upon completion of the secured tax roll, approximately October 1st of each year.

Under the alternate apportionment method, specified amounts of penalties and interest collected on delinquent secured taxes are held in the Tax Losses Reserve Agency Fund (TLRF). This reserve is used to offset the impact of accumulated delinquency remaining at year-end. The county's management believes that any ownership rights to the TLRF the county may have are effective only upon transfer or to the extent of losses related to the sale of tax defaulted property. The county has the authority to transfer any amounts in the fund that exceed a legally defined threshold, which was $20,611,000 at June 30, 2014. The year-end balance in the TLRF was $90,649,000. Amounts in the TLRF are considered to be held in a custodial capacity for the administration of the county's Teeter Plan.

N. Interfund Transactions

Interfund transactions are reflected as either loan, services provided, reimbursements or transfers. Loans are reported as receivables and payables (as appropriate), are subject to elimination upon consolidation, and are referred to as either "due to/from other funds" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the noncurrent portion of interfund loans). Any residual balances outstanding between the governmental activities and the business-type activities are reported in the government-wide financial statements as "internal balances." Advances to other funds, as reported in the fund financial statements, is offset by nonspendable fund balance in applicable governmental funds to indicate that it is not available for appropriation and is not available financial resources.

Services provided, deemed to be at market or near market rates, are treated as revenues and expenditures/expenses. Reimbursements are when one fund incurs a cost, charges the appropriate benefiting fund, and reduces its related cost as a reimbursement. All other interfund transactions are treated as transfers. Transfers between governmental or proprietary funds are netted as part of the reconciliation to the government-wide presentation.

O. Compensated Absences and Sick Leave

Under terms of union contracts and various Board resolutions, county employees are granted vacation and sick leave in varying amounts. In the event of termination, an employee is reimbursed for accumulated vacation, compensatory time, and other paid time off hours. Employees are not reimbursed for accumulated sick leave except management employees who are eligible for a payoff of unused sick leave accruals at resignation. Management employees must have a balance of at least 70.0% of their sick leave accruals and have been employed three years or more to be eligible for this benefit. The maximum amount payable under this Sick Leave Incentive Plan is 50.0% of accrued sick leave; however, the amount of sick leave payable is considered de minimis. Accordingly, no accrual for sick leave has been made in the accompanying basic financial statements.

Compensated absences as of June 30, 2014, were valued at $59,467,000, which includes $37,793,000 attributable to the General Fund, $5,108,000 attributable to the Special Revenue Funds, $15,698,000 recorded in Enterprise Funds, $72,000 recorded in Internal Service Funds, $153,000 recorded in the First 5 Contra Costa Children and Families Commission Component Unit, $367,000 recorded in the Housing Authority Component Unit (as of March 31, 2014), and $276,000 recorded in the Pension Trust Fund (as of December 31, 2013). Amounts attributable to the General Fund, Special Revenue Funds, and Component Units are expected to be claimed in future periods and paid with future resources from those funds. Accordingly, this liability is reflected in the government-wide statement of net position. In the proprietary funds and the Pension Trust Fund, compensated absences are recorded as an expense and liability as the benefits accrue to employees. The amounts reported for compensated absences include estimated employer liability for taxes and workers' compensation premiums.

P. Estimates

The preparation of basic financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

2. FUND EQUITY

A restatement of beginning net position was necessary with the implementation of GASB Statement No. 65. Except for insurance, all of the costs of debt issuance being amortized are being removed from the statement of net position. Additionally, the deferred losses on debt refundings have been recomputed due to removal of the non-insurance costs of issuance, and have been reclassified to deferred outflows of resources.

The County Hospital Enterprise Fund, a business-type activity, recorded a restatement of beginning net position to correct revenue that was recognized in error in fiscal year 2012-2013. Without this correction, the County Hospital Enterprise Fund would be showing negative revenue in fiscal year 2013-2014.

The adjustment to the beginning net position is presented below (in thousands):

Government-wide Financial Statements – Restatement of Net Position

	Governmental Activities	Business-type Activities
Net position, at beginning of year, as previously reported	$ 638,759	101,837
Removal of non-insurance costs of issuance	(4,545)	(1,534)
Adjustment to deferred loss on refunding	194	879
Hospital revenue recognition adjustment		(6,694)
Net position, at beginning of year, as restated	$ 634,408	94,488

Fund basis Financial Statements – Restatement of Net Position

	County Hospital Enterprise Fund	Successor Agency to the Contra Costa County Redevelopment Agency
Net position, beginning of year, as previously stated	$ 63,872	(72,509)
Removal of non-insurance costs of issuance	(1,534)	(1,589)
Adjustment to deferred loss on refunding	879	
Hospital revenue recognition adjustment	(6,694)	
Net position, at beginning of year, as restated	$ 56,523	(74,098)

3. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

A. Budgetary Information

Annual budgets are adopted for all governmental funds except the Public Financing Authority Debt Service Fund, the Assessment Districts Debt Service Fund, and the Assessment Districts Capital Projects Fund. All annual appropriations lapse at fiscal year-end. GAAP serves as the budgetary basis of accounting.

Schedules of revenues, expenditures, and changes in fund balance - budget and actual are included in the required supplementary section of this report for the General Fund and all major special revenue funds.

Encumbrance accounting is used in governmental funds. Encumbrances outstanding at year-end are reported with restricted, committed, and assigned, as appropriate, fund balances and do not constitute expenditures or liabilities because the commitments will be reappropriated and honored during the subsequent year.

B. Deficit Net Position/Fund Balance

At June 30, 2014, governmental activities in the government-wide statement of net position had a deficiency in unrestricted net position of $260,330,000. This deficit is primarily due to a total OPEB obligation of $492,327,000.

The Courts and Criminal Justice fund, which is reported as part of the nonmajor special revenue funds, had a deficit fund balance of $113,000 at June 30, 2014. The deficit is due to expenses for construction exceeding fines, forfeitures, and penalties revenues collected. Management has implemented internal controls to monitor fund balance to prevent future deficits.

Two internal service funds had deficit net positions at June 30, 2014. The Workers' Compensation Insurance County General Fund shows a deficit of $14,300,000, a deficit increase of $9,967,000 from a $4,333,000 deficit at June 30, 2013. The Workers' Compensation Insurance Fire Protection Fund shows a deficit of $12,488,000, a deficit increase of $1,703,000 from a $10,785,000 deficit at June 30, 2013. These deficit net positions are attributed to an adjustment of insurance reserves for self-insurance funds per actuarial report dated June 30, 2014. The county's policy is to provide in each fiscal year, by charges to affected operating funds, amounts sufficient to cover the estimated expenditures for self-insured claims and the cost of insurance.

4. CASH AND INVESTMENTS

	Primary Government		Component Units		
	Governmental Activities	Business-Type Activities	First 5 Contra Costa Children and Families Commission	Housing Authority*	Fiduciary Funds
Cash and Investments	$ 636,360	106,556	33,102	6,877	8,631,999
Restricted Cash held by fiscal agent	25,411	8,082		5,304	5,902
	$ 661,771	114,638	33,102	12,181	8,637,901

*As of March 31, 2014

The cash and investment balances of substantially all funds, except the Pension, Other Postemployment Benefit, and Investment Trust Funds, are maintained in the county's internal pool and invested by the County Treasurer. Income from pooled investments is allocated to the funds based on average daily balances. As permitted by the California Government Code, legally separate entities that are not part of the county reporting entity also have individual investment accounts in the County Treasury. These investment accounts are separate from the pool and are reported in the Investment Trust Fund. Specific investments are acquired for those separate entities at their direction and the income from and changes in the value of these investments affect only the entity for which they were acquired. The CCCERA Board directs the investment activity of the Pension Trust Fund. The Public Agencies Retirement Services (PARS) directs the investment activity of the Other Postemployment Benefit Trust Fund.

A. Summary of Cash and Investments

Cash and investments at June 30, 2014 (December 31, 2013, for the Pension Trust Fund and March 31, 2014, for the Housing Authority) are reported as follows (in thousands):

		Deposits and Certificates of Deposits	Investments	Total
From the Statement of Net Position				
Primary Government	Cash and investments	$ 216,555	526,361	742,916
	Restricted cash and investments		33,493	33,493
First 5 Contra Costa Children and Families Commission	Cash and investments	1	33,101	33,102
Housing Authority	Cash and investments	3,347	3,530	6,877
	Restricted cash and investments		5,304	5,304
From the Statement of Fiduciary Net Position				
Pension Trust Fund	Cash and investments	3,583	6,571,182	6,574,765
	Cash collateral-securities lending		262,984	262,984
Other Employee Benefit Trust Fund	Cash and investments		149,032	149,032
Investment Trust Fund	Cash and investments	3	1,418,659	1,418,662
Private-Purpose Trust Funds	Cash and investments	15,929	12,669	28,598
	Restricted cash and investments	4	5,898	5,902
Agency Funds	Cash and investments	15	197,943	197,958
Total		$ 239,437	9,220,156	9,459,593

B. Deposits and Investments (excluding the Pension Trust Fund)

Deposits

Deposits include bank deposits at a carrying amount of $239,647,000. The balance reported by various financial institutions was $303,465,000. The difference between the bank balance and the carrying amount represents outstanding checks and deposits in transit. Of the bank balance, $3,352,000 was covered by federal depository insurance and $300,113,000 was collateralized by the pledging financial institutions as required by California Government Code Section 53652.

According to the California Government Code Section 53601, bank obligations such as certificates of deposit are considered investments. However, in accordance with accounting principles generally accepted in the United States of America, the county has classified certificates of deposit in the amount of $4,817,000 as deposits. Of the certificates of deposit balance, $503,000 was insured and $4,314,000 was collateralized by the pledging financial institutions as required by California Government Code Section 53652.

Under the California Government Code, a financial institution is required to secure deposits in excess of $250,000 made by state or local governmental units by pledging securities held in the form of an undivided collateral pool. The market value of the pledged securities in the collateral pool must equal at least 110% of the total amount deposited by the public agencies. California law also allows financial institutions to secure public agency deposits by pledging first trust deed mortgage notes having a value of 150% of the secured public deposits. The collateral must be held at the pledging bank's trust department or at another bank, acting as the pledging bank's agent, in the public agency's name. The county may waive collateral requirements for cash deposits, which are fully insured up to $250,000 by

the Federal Deposit Insurance Corporation. The county, however, has not waived the collateralization requirements.

The county follows the practice of pooling cash of all funds, except for funds required to be held by fiscal agents under the provisions of bond indentures. Interest income earned on pooled cash is allocated on a quarterly basis to the various funds based on the year-to-date average daily cash balances. Interest income from cash with fiscal agent is credited directly to the related fund.

Authorized Investments

Under provisions of the county's investment policy, the county may invest in the following:

Bonds and notes issued by local agencies with a maximum maturity of five years. Obligations issued by Agencies or Instrumentalities of the U.S. Government.

State or Municipal Depository Funds, such as the Local Agency Investment Fund (LAIF) or pooled cash investment funds managed by county treasurers.

U.S. Treasury bills, notes, bonds, or certificates of indebtedness, or those for which the faith and credit of the United States are pledged for the payment of principal and interest.

Registered state warrants, treasury notes, or bonds issued by the state of California.

Bonds, notes, warrants, or other evidence of debt issued by a local agency within the state of California, County Treasurer, other local agencies or Joint Powers Agencies.

Federal agency or United States government-sponsored enterprise obligations, participations, or other instruments.

Banker's acceptances with a term not to exceed 270 days, limited to 40% of surplus funds; no more than 30% of surplus funds can be invested in Bankers Acceptances of any single commercial bank.

Prime commercial paper not to exceed 180 days and the highest ranking issued by Moody's Investors Service or Standard & Poor's Corp., limited to 15% of surplus funds; provided that if the average total maturity of all commercial paper does not exceed 31 days up to 30% of surplus funds can be invested in commercial paper.

Negotiable certificates of deposit issued by federally or state chartered banks or associations, limited to not more than 30% of surplus funds.

Repurchase/reverse repurchase agreements of any securities authorized by the California Government Code Sections 5922 and 53601 et seq. Securities purchased under these agreements shall be no less than 102% of market value. Securities purchased under reverse repurchase agreements shall be for temporary and unanticipated cash flow needs only.

Medium-term notes (not to exceed two years) of U.S. corporations rated "AAA" or better by Moody's or Standard & Poor's limited to not more than 30% of surplus funds.

Shares of beneficial interest issued by diversified management companies investing in the securities and obligations authorized by this Section (Money Market Mutual Funds); funds must carry the highest rating of at least two national rating agencies and are limited to not more than 20% of surplus funds.

Any mortgage pass-through security, collateralized mortgage obligation, mortgage-backed or other pay-through bond, equipment lease-backed certificate, consumer receivable pass-through certificate or consumer receivable-backed bond with a maximum maturity of five years, securities in this category must be rated AA or better by a national rating service and are limited to not more than 30% of surplus funds.

Notes, bonds, or other obligations that are at all times secured by a valid first-priority security interest.

Monies held by a trustee or fiscal agent and pledged to the payment of security bonds or other indebtedness, or obligations under a lease, installment sale, or other agreement of a local agency, or certificates of participation in those bonds, indebtedness, or lease installment sale, or other agreements.

Insured demand and savings deposits, provided that deposits in excess of the insured amounts must be 100% collateralized by federal securities (Housing Authority).

Insured money market accounts (Housing Authority).

Insured SUPERNOW accounts, provided the deposit in excess of insured amount must be 100% collateralized by federal securities (Housing Authority).

Sweep accounts that are 100% collateralized by federal securities (Housing Authority).

Funds held under the terms of a trust indenture or other contract or agreement including HUD/PHA annual contributions contract, may be invested according to the provisions of those indentures or contracts.

Collateralized bank deposits with a perfected security interest in accordance with the Uniform Commercial Code (UCC) or applicable federal security regulations.

Risk Disclosures

Interest Rate Risk. As a means of limiting its exposure to losses arising from rising interest rates, the county's investment policy provides that final maturities of securities cannot exceed five years, unless the county Board of Supervisors (Board) has granted express authority to make that investment either specifically or as a part of an investment program approved by the Board no less than three months prior to the investment.

At June 30, 2014, the county (March 31, 2014, for the Housing Authority) excluding CCCERA investments (as of December 31, 2013, which are shown on page 54), had the following investments and maturities (in thousands):

		Investment Maturities				
Investment Type:		Less than 1 year	1 to 3 years	3 to 5 years	Over 5 years	Fair Value Total
U.S. Treasury notes & bonds	$	2,039	36,140	731		38,910
U.S. agencies - (FHLB, FNMA, FFCB, FHLMC)		71,353	171,367	55,787		298,507
Corporate notes		39,859	49,817	22,144		111,820
Municipal bonds		2,944	5,032	1,137		9,113
Asset backed securities		6,341	1,100			7,441
Commercial paper		764,244				764,244
Negotiable certificates of deposit		479,812	6,806	3,287		489,905
Guaranteed investment contracts					10,809	10,809
Mutual funds		237,609			154,407	392,016
Money market accounts		565				565
LAIF		262,632				262,632
Local obligation bond					28	28
Total	$	1,867,398	270,262	83,086	165,244	2,385,990

Mutual funds consist of the 2007A, 2009, and 2010 lease revenue bonds; the East Bay Regional Communications System Authority Contra Costa Bond with a weighted average maturity of twelve years; and, the OPEB Irrevocable Trust. The weighted average maturity of LAIF is 232 days and mutual funds are one day.

As of June 30, 2014, the portfolio contained $102,629,000 of callable U.S. Agencies, representing 12.20% of investment cost at June 30, 2014.

Credit Risk. State law limits investments in commercial paper with an A1 and all other investments with an investment grade rating issued by nationally recognized statistical rating organizations (NSROs). The county's policy is to limit its investments in these investment types to the top rating issued by NSROs including raters Standard and Poor's, Fitch Ratings, and Moody's Investors Service.

The following schedule lists the types of investments and the range of credit ratings as rated by Standard and Poor's:

Investment Type:		Fair Value (in thousands)	Quality Rating Range
U.S. Treasury notes, strips, bills	$	38,910	
Federal Home Loan Bank (FHLB)		58,012	AAA to AA+
Federal National Mortgage Association (FNMA)		120,053	AAA to AA+
Federal Farm Credit Bank (FFCB)		60,891	AAA to AA+
Federal Home Loan Mortgage-Corp (FHLMC)		49,551	AAA to AA+
Freddie Mac		8,000	AAA to A-1+
Fannie Mae		2,000	AAA to AA+
Corporate notes		111,820	AAA to A-
Municipal bonds		9,113	AA to A
Asset-backed securities		7,441	AAA to NOT RATED
Commercial paper		764,244	A-1 to A-1+
Negotiable certificates of deposit		489,905	A-1 to A-1+
Guaranteed investment contracts		10,809	NOT RATED
Mutual funds		392,016	AA to A
Money market accounts		565	AAAm
LAIF		262,632	NOT RATED
Local obligation bond		28	NOT RATED
Total	$	2,385,990	

Custodial Credit Risk. For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the county will not be able to recover the value of its investments or collateral securities that are in possession of an outside party. There are no county investments in which the securities are held by the investment's counterparty not in the name of the county.

Concentration of Credit Risk. The Treasurer's investment policies and guidelines permit the county to be invested in any one issuer's investments up to 10% of the county's total assets of the investments held by the county. The investment portfolio contained no concentration of investments in any one entity (other than those issued or guaranteed by the U.S. Government) that represented 5% or more of the county pool.

Other Financial Instruments

In accordance with California statutes, the county may invest in a wide variety of investment instruments, including asset-backed securities, such as: collateralized mortgage obligations and principal-only strips and forward contracts.

The county's investments with the Local Agency Investment Fund (LAIF), a state of California investment pool, at June 30, 2014, included a portion of the pool, at June 30, 2014, which included a portion of the pool funds invested in structured notes and asset-backed securities, as follows:

Structured Notes are debt securities (other than asset-backed securities) whose cash flow characteristics (coupon rate, redemption amount, or stated maturity) depend upon one or more indices and/or that have embedded forwards or options.

Asset-Backed Securities the bulk of which are mortgage-backed securities, entitle their purchasers to receive a share of the cash flows from a pool of assets (such as principal) and

interest repayments from a pool of mortgages (such as Collateralized Mortgage Obligations) or credit card receivables.

The county's investment pool is invested in the State of California Local Agency Investment Fund (LAIF), which is part of the State of California Pooled Money Investment Account (PMIA). As of June 30, 2014, the county (excluding the Housing Authority) had $259,102,000 invested in LAIF, which had invested .17% of the pool investments funds in structured notes and asset-backed securities. The Housing Authority (March 31, 2014) had $3,530,000 invested in LAIF. The value of the pool shares in LAIF is determined on an amortized cost basis, which approximates fair value. PMIA is not SEC-registered, but is required to invest according to the California Government Code. The Local Investment Advisory Board, which consisted of five members designated by state statues, has oversight responsibility for LAIF.

As of June 30, 2014, the county had no derivative instruments in mutual funds.

At June 30, 2014, (March 31, 2014, for the Housing Authority) the amount of assets restricted by legal and contractual requirements was as follows (in thousands):

	Governmental Activities		Business-type Activities	Fidiuary Activities	Discrete Component Unit
	General Fund	Nonmajor Governmental Funds	County Hospital	RDA Successor Agency	Housing Authority
Pension obligation bond	$	3			
Nonexpendable portion of permanent fund		1,729			
Public Financing Authority					
2002B Lease revenue bonds		1,532			
2007A & 2007B Lease revenue bonds		7,729			
2001 Reassessment bond		401			
2010A & 2010B Lease revenue bonds		1,066			
Pleasant Hill BART bond reserve 1987-1 reserve account		526			
San Ramon bond reserve 1989-1 reserve account		44			
Kensington reserve fund AD 91-1 reserve account		268			
San Pablo bond reserve AD 91-3 reserve account		29			
Pleasant Hill BART RFD 98 reserve account		563			
2013 Special Tax Refunding bonds		207			
Kensington construction/improvement bond AD 91-1		26			
County Hospital Enterprise Fund					
2007A Lease revenue bonds			3,348		
2010A & 2010B Lease revenue bonds			3,118		
2012A Lease revenue bond			1,616		
Capital lease funds that have not been spent, operating revenues required by lender, and funds held on behalf of its clients					5,304
East Bay Regional Communication System	2,376				
Restricted program money	1,243				
Low & Moderate Income Housing Assets		7,669			
RDA Successor Agency				5,902	
Total restricted assets	$ 3,619	21,792	8,082	5,902	5,304

County management believes that the county is in compliance with all terms of its debt agreements and all state statute requirements.

C. Pension Trust Fund Deposits and Investment Risk Disclosures

Deposits

At December 31, 2013, the carrying amount of CCCERA's cash deposits was $3,583,000 and the bank balance was $3,423,000. The difference between the bank balance and the carrying amount represents outstanding checks and deposits in transit. Effective December 31, 2010, the Dodd-Frank Wall Street Reform and Consumer Protection Act (DFA) fully granted all funds in non-interest bearing transaction deposit accounts held at FDIC insured depository institutions.

Under the California Government Code, a financial institution is required to secure deposits in excess of $250,000 made by state or local governmental units by pledging securities held in the form of an undivided collateral pool. The market value of the pledged securities in the collateral pool must equal at least 110% of the total amount deposited by the public agencies. California law also allows financial institutions to secure governmental deposits by pledging first deed mortgage notes having an institution's trust department or agent in CCCERA's name.

Investment Stewardship

Except as otherwise expressly restricted by the California Constitution and by law, the CCCERA Board invests the assets of CCCERA through the purchase, holding, or sale of any form or type of instruments, or financial transaction, when prudent, in the informed opinion of the CCCERA Board. In addition, the CCCERA Board has established an investment policy, which places limits on the compositional mix of cash, fixed income, equity securities, real assets, alternative investments and real estate investments. CCCERA currently employs external investment managers to manage its assets subject to the guidelines of the investment policy.

As permitted by the Government Code, CCCERA directs the County Treasurer to make specific investments on behalf of CCCERA. Investments made by the County Treasurer are subject to regulatory oversight by the county's Treasury Oversight Committee, as required by the California Government Code Section 27134.

Investment Risk

Investments are subject to certain types of risks, including interest rate risk, credit risk (including custodial credit risk and concentrations of credit risk), and foreign currency risk. The following describes those risks:

Interest Rate Risk. The fair value of fixed maturity investments fluctuates in response to changes in market interest rates. Increases in prevailing interest rates generally translate into decreases in fair value of those investments. The fair value of interest sensitive instruments may also be affected by the creditworthiness of the issuer, prepayment options, relative values of alternative investments and other general market conditions. Certain fixed maturity investments may have call provisions that could result in shorter maturity periods.

Holding of Fixed Income Futures are allowed, on an unleveraged basis, such that the market notional value of all long contracts shall be covered by cash, cash receivables, or cash equivalents with one-year or less in duration.

The following schedule is a list of fixed income and short-term investments and the related maturity schedule for CCCERA as of December 31, 2013 (in thousands):

	Investment Maturities				
Investment type	Less than 1 year	1-5 years	6-10 years	More than 10 years	Fair Value Total
Collateralized mortgage-backed securities (CMBS)	$ 11,294	132,616	71,085	150,318	365,313
Collateralized mortgage-obligations		660	11,191	40,319	52,170
Commercial paper	58,593				58,593
Corporate bonds	32,503	221,224	339,660	29,980	623,367
Private placements		40,467	191,653	52,259	284,379
Short-term investment-fund instruments				495,939	495,939
U.S. Treasury notes & bonds	97,238	95,401	23,877	15,343	231,859
U.S. agencies - (GNMA, FNMA, FHLMC)	25,322	46,618	100,070	138,213	310,223
Total	$ 224,950	536,986	737,536	922,371	2,421,843

Custodial Credit Risk. For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty to a transaction, CCCERA will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. At year-end, CCCERA has no custodial credit risk because all securities held by CCCERA's custodial bank are in CCCERA's name. The fair value of investments on loan at December 31, 2013, is $259,000,000, which was collateralized by cash in the amount of $263,000,000.

Concentration of Credit Risk. The CCERA Board's investment policies and guidelines permit investments in numerous specified asset classes to take advantage of professional investment management advice and a well-diversified portfolio. The investment portfolio contained no concentration of investments in any one entity (other than those issued or guaranteed by the U.S. Government) that represented 5% or more of plan net position.

Credit Risk. CCCERA's general investment policy is to apply the prudent-person rule. Investments are made as a prudent person would be expected to act, with discretion and for the exclusive purposes of providing benefits, minimizing contributions and defraying reasonable expenses of administering the defined benefit plan. Investments should be diversified so as to minimize the risk of loss and to maximize the rate of return unless under the circumstances it is clearly prudent not to do so. Nationally recognized statistical rating organizations provide ratings of debt securities quality based on a variety of factors, for example, the financial condition of the issuers, which provide investors with some idea of the issuer's ability to meet its obligations.

Fixed maturity investments may consist of rated or non-rated securities. Ratings can range from AAA (highest quality) to D (default). Debt securities with ratings of BBB or higher are considered investment grade issues, and debt securities with ratings of BB or lower are non-investment grade issues. Debt securities in the non-investment grade category are more speculative and often referred to as "high-yield." This is due to the fact that lower rated debt securities generally carry a higher interest rate to

compensate the buyer for taking on additional risk. To control credit risk, credit quality guidelines have been established.

The following is a schedule of the credit risk ratings of CCCERA's fixed income and short-term investments as of December 31, 2013, as rated by Standard and Poor's:

Quality Rating		Fair Value (in thousands)
AAA	$	344,349
AA+		161,381
AA		72,484
AA-		78,821
A+		33,202
A		67,153
A-		65,019
BAA+		7,554
BAA-		6,586
BBB+		60,008
BBB		64,525
BBB-		64,664
BB+		25,915
BB		29,928
BB-		47,362
B+		57,194
B		63,727
B-		61,467
CCC+		42,779
CCC		14,504
CCC-		6,621
CC		1,419
D		9,439
NR		1,035,742
Total	$	2,421,843

The following is a schedule of credit quality ratings, by type, of CCCERA's fixed income and short-term investments as of December 31, 2013, as rated by Standard and Poor's:

Investment Type	Quality Rating Range
Asset-backed securities*	AAA TO CCC
Convertible bonds	NOT RATED
CMBS	AAA TO CCC
CMO*	AAA TO D
Corporate bonds*	AAA TO CCC-
Municipals	AAA TO BBB+
Private placements	AAA TO BBB+
Real estate investment trust*	A- TO B+
Short-term	AA TO A+
U.S. & foreign agencies*	AAA TO CCC+
Mutual funds	NOT RATED

* Investment type contained one or more investments that were not rated.

Foreign Currency Risk. The risk that changes in exchange rates will adversely affect the fair value of an investment. CCCERA's external investment managers may invest in international securities and must follow CCCERA's investment guidelines pertaining to these types of investments. CCCERA's exposure to foreign currency risk is as follows:

Currency		(in thousands)
Australian dollar	$	40,891
Brazilian real		15,852
British pound sterling		174,726
Canadian dollar		34,566
Chilean peso		2,306
Columbian peso		1,680
Danish krone		6,547
Euro		213,258
Hong Kong dollar		47,007
Indian rupee		10,055
Israeli shekel		6,346
Japanese yen		151,693
Kenyan shilling		483
Malaysian ringgit		302
Mexican peso		20,375
New Zealand dollar		11,104
Nigerian Naira		582

South African rand		5,113
South Korean won		20,041
Swedish krona		26,070
Swiss franc		28,052
Taiwan new dollar		8,323
Thai baht		1,002
United Arab Emirates Dirham		2,067
Yuan Renminbi-China		11,210
Total	$	881,725

The following schedule is a list of investments for CCCERA as of December 31, 2013:

Type of Investment		Fair Value (in thousands)
Deposit	$	3,583
Short term investments held by fiscal agent		852,758
Total short term investments		856,341
U.S. government and agency instruments		834,633
Private placement bonds		284,379
Domestic corporate bonds		472,292
International bonds		277,378
Total bonds		1,868,682
Domestic stocks		948,807
Global stocks		856,481
International stocks		718,198
Total stocks		2,523,486
Real assets		318,617
Real estate		828,562
Alternative investments		442,061
Total investments	$	6,837,749

Securities Lending by the Employees' Retirement Association (Pension Trust Fund)

CCCERA's investment policy permits the use of a securities lending program with its principal custodian bank. CCCERA lends domestic bonds and equities and international equities to various brokers for collateral that will be returned for the same securities plus a fee in the future. The custodian bank provides loss indemnification to CCCERA if the borrower fails to return the securities.

The custodian bank manages the securities lending program and receives cash and/or securities as collateral. The collateral cash can be invested and is automatically rolled into a Short-Term Investment Fund (STIF). The collateral securities cannot be pledged or sold by CCCERA without borrower default. Securities on loan must be collateralized at 102.0% and 105.0% of the fair value of domestic securities and non-domestic securities, respectively, plus accrued interest (in the case of debt securities).

There are no restrictions on the amount of securities that can be loaned at one time. CCCERA has the right to terminate any loan in whole or in part by providing the custodian bank with written notice (a "Recall Notice"). Because the loans are terminable at will, the term to maturity of the security loans is generally not matched with the term to maturity of the cash collateral. There were no losses associated with securities lending transactions during the year.

At year-end, additional funds of $51,000 are held as collateral for CCCERA's securities on loan. This is known as the "calculated mark" and settled on the first business day of January 2014. CCCERA had no credit risk exposure to borrowers because the collateral exceeded the amount borrowed. The fair value of investments on loan at December 31, 2013, is $259,000,000, which was collateralized by cash in the amount of $263,000,000, and has been reported as an asset and liability in the CCCERA Statement of Fiduciary Net Position.

Derivative Financial Instruments

As of December 31, 2013, the derivative instruments held by CCCERA are considered investments and not hedges for accounting purposes. The term hedging, as it is used elsewhere in the notes to these financial statements, denotes an economic activity and not an accounting method. The gains and losses from this activity are recognized as incurred in the Statement of Changes in Fiduciary Net Position.

CCCERA currently employs external investment managers to manage its assets as permitted by the California Government Code and CCCERA's investment policy and specific managers hold investments in swaps, options, futures, forward settlement contracts, rights, and warrants and enter into forward foreign currency exchange security contracts within fixed income financial instruments. The fair value of options, futures, rights, and warrants is determined based upon quoted market prices. The fair value of derivative investments that are not exchange traded, such as swaps, and TBA's (To Be Announced) is determined by an external pricing service using various proprietary methods, based upon the type of derivative instrument. Futures contracts are marked to market at the end of each trading day, and the settlement of gains or losses occur on the following business day through variation margins. The fair value of international currency forwards represents the unrealized gain or loss on the related contracts, which is calculated as the difference between the specified contract exchange rate and the exchange rate at the end of the reporting period.

Forward foreign currency exchange contracts are used primarily to hedge against changes in exchange rates related to foreign securities. Due to the level of risk associated with certain derivative investment securities, it is conceivable that changes in the values of investment securities will occur in the near term, and such changes could affect the amounts reported in the financial statements.

CCCERA could be exposed to risk if the counterparties to the contracts are unable to meet the terms of the contracts. CCCERA's investment managers seek to control this risk through counterparty credit evaluations and approvals, counterparty credit limits, and exposure monitoring procedures. CCCERA anticipates that the counterparties will be able to satisfy their obligations under the contracts.

The following is a summary of derivative instruments at December 31, 2013, with the net appreciation/(depreciation) that has occurred during the year:

	Fair Value as of December 31, 2013 (Dollars in Thousands)			
Investment Derivatives by Type	Net Appreciation/ (Depreciation) in Fair Value Amount	Classification	Fair Value	Notional Amount
Credit Default Swaps Bought	$ 10	Debt Securities	$ (92)	20,050
Credit Default Swaps Written	218	Debt Securities	104	16,600
Fixed Income Futures - Long	(2,921)	Debt Securities		124,400
Fixed Income Futures - Short	1,451	Debt Securities		(101,200)
Fixed Income Options - Bought	97	Debt Securities	221	13,800
Fixed Income Options - Written	71	Debt Securities	(463)	(110,700)
Futures Options Bought	(94)	Debt Securities		
Futures Options Written	59	Debt Securities	(141)	(491)
Foreign Exchange Forwards	(1,487)	Contracts	5,245	522,857
Index Futures - Long	102,119	Various		84,532
Pay Fixed Interest Rate Swaps	3,103	Debt Securities	998	121,586
Receive Fixed Interest Rate Swaps	(2,060)	Debt Securities	(872)	109,583
Rights	3	Equities		
Warrants	220	Equities	873	174
Total	$ 100,789		$ 5,873	

CCCERA's derivative instruments that are not exchange traded, including the swaps disclosed above, are valued using methods employed for debt securities. CCCERA's investment policy does not require collateral to be held for derivative investments.

Futures contracts are instruments that derive their value from underlying indices or reference rates and are marked to market daily. Settlement of gains or losses occur the following business day. As a result, those instruments and other similar instruments do not have a fair value at December 31, 2013, or any other trading day. Daily settlement of gains and losses enhances internal controls as it limits counterparty credit risk. Futures variation margin accounts are also settled daily and recognized in the financial statements under net appreciation/(depreciation) in fair value as they are incurred.

Foreign currency contracts are obligations to buy or sell a currency at a contractual exchange rate and quantity on a specific date in the future. The fair value of the foreign currency forwards is the unrealized gain or loss calculated as the difference between the contractual exchange rate and the closing exchange rate as of December 31, 2013.

Counterparty Credit Risk

Counterparty credit ratings of CCCERA's non-exchange traded investment derivative instruments (approximately $13.2 million) and subject to loss as of December 31, 2013, ranged from AA- to A- per Standard And Poor's rating with similar rating from Moody's and Fitch. No instruments that were non-exchange traded lacked ratings. In a case where a wholly owned broker-dealer does not engage the rating companies for a standalone rating, the subsidiary is assigned the parent company rating as the broker-dealer is an integral part of their business model(s). With the exception of forward trade commitments, CCCERA has a policy of requiring collateral posting provisions in non-exchange traded derivative instruments where it is market practice. As of December 31, 2013, CCCERA doesn't hold any collateral related to its non-exchange traded derivative instruments. The approximate $13.2 million represents the maximum loss that would be recognized at December 31, 2013, should the counterparties fail to perform. While no netting arrangements are used by CCCERA, the amount represents a net position of exposure for similar instruments.

Derivative Instruments Subject to Credit Risk

As of December 31, 2013, the following is a table of investment providers that are subject to credit risk, percentage of net exposure, and ratings:

Investment Provider Exposure to Credit Risk at December 31, 2013

Counterparty	Percentage of Net Exposure		S & P
Deutsche Bank AG London	67	%	A
Credit Suisse FOB CME	9		A
CitiBank N.A.	8		A
Canadian Imperial Bank of Commerce	5		A+
Bank of New York	3		A+
HSBC Bank USA	2		AA-
Goldman Sachs Capital Markets LP	2		A-
JP Morgan Chase Bank N.A.	1		A+
Royal Bank of Canada	1		AA-
Royal Bank of Canada (UK)	1		AA-
UBS AG London	1		A
16 others	Less than 1		Not rated to AA-

Custodial Credit Risk

The custodial credit risk for exchange traded derivative instruments is made in accordance with custodial credit risk disclosure requirements outlined in Generally Accepted Accounting Principles (GAAP). As of December 31, 2013, all of CCCERA's investments are held in CCCERA's name and are not subject to custodial credit risk.

Interest Rate Risk

As of December 31, 2013, CCCERA is exposed to interest rate risk on its swaps. Since CCCERA's investment managers can buy and sell the swaps on a daily basis, the investment managers actively manage the portfolio to minimize interest rate risk and it is unlikely that the swaps will be held to maturity. The total fair value subject to interest rate risk as of December 31, 2013, and maturities are as follows (Dollars in Thousands):

Investment Derivatives by Type		Fair Value	Less Than 1 Year	1-5 Years	6-10 Years	More than 10 Years
Credit Default Swaps Bought	$	(92)	(92)			
Credit Default Swaps Written		104		201		(97)
Fixed Income Options Bought		221	5	216		
Fixed Income Options Written		(463)	(243)	(220)		
Pay Fixed Interest Rate Swaps		999		160	342	497
Receive Fixed Interest Rate Swaps		(872)		(405)	(325)	(142)
	$	(103)	(330)	(48)	17	258

The interest rate swaps are highly sensitive to interest rate changes. As of December 31, 2013, they had a fair value of approximately $54,000 and an approximate notional value of $194,000,000.

Foreign Currency Risk in International Investment Securities

CCCERA is exposed to foreign currency risk on its various investments denominated in foreign currencies. As of December 31, 2013, the following currencies were either in a receivable position (purchased) or payable position (sold) with net exposure, denominated in United States Dollars:

Fair Value in United States Dollars as of December 31, 2013 (Dollars in Thousands)

Currency Name		Net Receivable (Purchased)	Net Payable (Sold)	Swaps	Exposure
Australian dollar	$	(255)	376	10	131

Total	$	4,086	1,159	(54)	5,191

Contingent Features

As of December 31, 2013, CCCERA held no investments with contingent features.

D. Other Postemployment Benefit Trust Fund

Investment Stewardship

The county has established investment policies for the investments of Contra Costa County Post-Retirement Health Benefits Plan Trust (OPEB Trust). The OPEB Trust is administered by Public Agency Retirement Services (PARS), under the direction of the Post Retirement Health Benefits Trust Agreement Advisory Body, a body designated by the county Board of Supervisors. The OPEB trust is reported in the Contra Costa County OPEB Irrevocable Trust fund, and does not issue separate financial statements.

The investment policy of the OPEB Trust authorizes investments in five segments and defines allocations, targets, and limits for each segment as follows:

		Allocation Ranges		Maximum % of Plan	Maximum % in Single
	Target Mix	Minimum	Maximum	Portfolio	Issuer
Total Domestic Equity:					
Large Cap	17%	13%	32%	no limit	no limit
Mid Cap	6%	2%	10%	no limit	no limit
Small Cap	8%	4%	12%	no limit	no limit
Global Equity	7%	4%	12%	10%	5%
International Equity (Developed)	9%	4%	16%	no limit	no limit
Internatinal Equity (Emerging)	0%	0%	3%	no limit	no limit
Fixed Income	38%	30%	50%	no limit	no limit
High Yield	0%	0%	4%	no limit	no limit
Real Estate	4%	0%	8%	no limit	no limit
Cash (Money Market)	1%	0%	5%	no limit	no limit
Alternatives	10%	5%	20%	5%	no limit

Investments in the Global Fixed Income segment are restricted to obligations of the U.S. Treasury; obligations of U.S. Agency securities (including-mortgage backed securities); certificates of deposit; individual corporate bonds (minimum quality rating of Baa2/BBB at the time of purchase); instruments pursuant to SEC Rule 144(a) or Regulation S; commercial paper (minimum quality rating of P-1/A-1); lower risk planned amortization class collateralized mortgage obligations (CMO) and sequential CMOs (CMOs are limited to 10% of fixed income portfolio); high-yield securities held in high-yield mutual funds; asset-backed securities (e.g. automobiles, credit cards or student loans). Investments in the Real Estate segment are restricted to an individual Real Estate Investment Trust (REIT) securities and comingled funds that invest in REIT.

At June 30, 2014, the OPEB Trust Fund held $149,032,000 in mutual funds in the following segments (in thousands):

	Market Value at June 30, 2014	Portfolio Allocation
Total Domestic Equity:		
Large Cap	$ 27,306	18%
Mid Cap	6,476	4%
Small Cap	7,941	5%
Global Equity	12,854	9%
International Equity (Developed)	17,121	11%
Fixed Income	53,367	36%
Real Estate	2,863	2%
Cash (Money Market)	6,743	5%
Alternatives	14,361	10%
	$ 149,032	

Investment Risk

Investments are subject to certain types of risks, including interest rate risk and credit risk (including custodial credit risk concentrations or credit risk). The following describes those risks:

Interest Rate Risk. The fair value of fixed maturity investments fluctuates in response to changes in market interest rates. Increases in prevailing interest rates generally translate into decreases in fair value of those investments. The fair value of interest sensitive instruments may also be affected by the creditworthiness of the issuer, prepayment options, relative values of alternative investments, and other general market conditions. Certain fixed maturity investments may have call provisions that could result in shorter maturity periods.

The OPEB Trust does not have a general policy to manage interest rate risk. However, to help manage interest rate risk, the Core Plus Fixed Income portfolios that have holdings in Collateralized Mortgage Obligations (CMOs) greater than 15 years or less than negative 15 years in duration (based on a 100 basis point move in rates) are limited to no more than 2% of the fixed income portfolio at cost.

At June 30, 2014, the OPEB Trust did hold fixed income investments subject to interest rate risk and the weighted average maturity for the fixed income investments portion was 5.49 years.

Custodial Credit Risk. Custodial credit risk for investments is the risk that, in the event of the failure of the counterparty to a transaction, the OPEB Trust would not be able to recover the value of the investment or collateral securities that are in the possession of an outside party. Investment securities are exposed to custodial credit risk if the securities are uninsured, not registered in the name of the OPEB Trust, and held by the counterparty. At June 30, 2014, the OPEB Trust's investments were not exposed to custodial credit risk because none of the investments were in the name of the county or the OPEB Trust as the portfolio only included mutual funds and money market funds. The OPEB Trust has no general policy on custodial credit risk for deposits.

Concentration of Credit Risk. The investment policies of the OPEB Trust permit investments in numerous specified asset classes to take advantage of professional investment management advice and a well-

diversified portfolio. At June 30, 2014, the investment portfolio contained no concentration of investments in any one entity that represented 5% or more of the portfolio.

Credit Risk. The OPEB Trust's general investment policy is to apply the prudent-person rule. Investments are made as a prudent person would be expected to act, with discretion and for the exclusive purposes of providing benefits, minimizing contributions, and defraying reasonable expenses of administering the Plan. Investments should be diversified so as to minimize the risk of loss and to maximize the rate of return unless, under the circumstances, it is clearly prudent not to do so. At June 30, 2014, the mutual funds held by the OPEB Trust are not rated by a nationally recognized rating organization.

5. RECEIVABLES

Receivables at year-end of the county's major individual funds, nonmajor, and internal service funds in the aggregate, including the applicable allowances for uncollectible accounts are as follows (in thousands):

Governmental Activities	General	CCC Fire Protection District Special Revenue	Health & Sanitation Special Revenue	Nonmajor Governmental Funds	Internal Service	Total Governmental Activities
Taxes receivable	$ 2,133	980		346		3,459
Accounts receivable	176,613	155	4,112	30,770	1,926	213,576
Advances receivable	81					81
Gross receivables	178,827	1,135	4,112	31,116	1,926	217,116
Less: Allowance for uncollectibles	(4)					(4)
Total receivables (net)	$ 178,823	1,135	4,112	31,116	1,926	217,112

Business-type Activities	County Hospital	HMO Medi-Cal Plan	Nonmajor Enterprise Funds	Total Business-type Activities
Accounts receivable	$ 289,704	55,483	2,110	347,297
Gross receivables	289,704	55,483	2,110	347,297
Less: Allowance for uncollectibles	(203,606)			(203,606)
Total receivables (net)	$ 86,098	55,483	2,110	143,691

Governmental funds report unavailable revenues as a deferred inflow of resources in connection with receivables for revenues not considered available to liquidate liabilities of the current period. Governmental and enterprise funds report a liability for unearned revenue in connection with resources that have been received, but not yet earned.

At June 30, 2014, the various components of unavailable revenue and unearned revenue reported were as follows (in thousands):

	Unavailable	Unearned
Governmental Activities:		
General:		
Notes receivable (Community Development Block Grant-CDBG loans)	$ 81,808	
Advances not yet earned		4,201
Other receivables and advances		6,713
CCC Fire Protection District Special Revenue:		
Resources received that do not yet meet the criteria for revenue recognition	59	
Nonmajor Governmental:		
Notes receivable	16,126	
Advances not yet earned		194
Other receivables and advances		6,234
Resources received that do not yet meet the criteria for revenue recognition	2,546	
Total Governmental Activities	$ 100,539	17,342
Business-type Activities:		
County Hospital:		
Reserves for supplemental payments received and settlement liabilities		$ 51,622
HMO Medi-Cal Plan:		
Resources received that do not yet meet the criteria for revenue recognition		619
Nonmajor Enterprise:		
Resources received that do not yet meet the criteria for revenue recognition		286
Total Business-type Activities		$ 52,527

6. INTERFUND TRANSACTIONS

A. Interfund Receivables/Payables

The composition of interfund balances as of June 30, 2014, is as follows (in thousands):

Due To/From Other Funds:

Receivable Fund	Payable Fund	Amount
General Fund	CCC Fire Protection District Special Revenue Fund	$ 118
	Health & Sanitation Special Revenue Fund	34,336
	Nonmajor Governmental Funds	49,433
	County Hospital Enterprise Fund	4,481
	HMO Medi-Cal Enterprise Fund	2,210
	Nonmajor Enterprise Funds	20,791
	Internal Service Funds	1,687

The due to/from other funds account balances primarily resulted from interfund cash transactions recorded after the cash cut-off on June 30, 2014.

B. Interfund Transfers

Fund Financial Statements

Transfers were made during the year from the General Fund to subsidize the operations of the County Hospital, HMO Commercial Plan, and Sheriff Law Enforcement Training Center. Other transfers primarily consisted of payments from the various operating funds (principally the General Fund) to debt service funds in accordance with long-term debt covenants. In addition, special revenue funds made transfers to other funds to reimburse eligible costs incurred.

Interfund transfers to/from other funds for the year ended June 30, 2014, were as follows (in thousands):

Transfer From	Transfer To	Amount	Purpose
General Fund	Health & Sanitation Special Revenue Fund	$ 111	Transfer of funds to Special District funds to cover expended amounts greater than what had been appropriated by the district.
	Nonmajor Governmental Funds	51,317	Transfer a portion of Salaries and Benefits Expense to the Pension Obligation Bond Fund.
	Nonmajor Governmental Funds	1,874	Transfer a portion of Salaries and Benefits Expense for the Retirement Litigation Settlement.
	Nonmajor Governmental Funds	78	Transfer funds for the Sheriff's Patrol usage of helicopter.
	Nonmajor Governmental Funds	11	Transfer funds to Public Ways-Special Revenue Fund to cover expended amounts greater than what had been appropriated by the district.
	Nonmajor Governmental Funds	5	Transfer funds to Public Ways-Special Revenue Fund for EBMUD easement correction.
	County Hospital Enterprise Fund	26,672	Provide subsidy to cover portion of the County Hospital's operation.
	Nonmajor Enterprise Fund	3,736	Provide subsidy to cover a portion of the HMO's operation.
	Nonmajor Enterprise Funds	65	Provide subsidy to cover a portion of Law Enforcement Training Center Operation.
Total		$ 83,869	
Health & Sanitation Special Revenue Fund	Nonmajor Governmental Funds	$ 69	Transfer a portion of Salaries and Benefits Expense to the Pension Obligation Bond Fund.
	Nonmajor Governmental Funds	2	Transfer a portion of Salaries and Benefits Expense for the Retirement Litigation Settlement.
Total		$ 71	
Nonmajor Governmental Funds	CCC Fire Protection District Special Revenue Fund	$ 13	Transfer funds from the Contra Costa County Fire Protection District pension obligation bond to the Fire Pension Obligation Bond Stabilization fund.
	Nonmajor Governmental Funds	6,566	Transfer SLESA Realignment funds to Supplemental Law Enforcement Services fund.

	Nonmajor Governmental Funds	3	Transfer a portion of the Salaries and Benefits Expense for the Retirement Litigation Settlement.
	Internal Service Funds	56	Transfer portion of Public Liability Internal Service Fund allocation to Automotive Liability Internal Service fund.
Total		$ 208	

(concluded)

Government-wide Financial Statements

Capital assets reassigned between governmental activities and business-type activities are not "interfund" in the fund financial statements because it involves only one fund. In the government-wide financial statements, the reassignment of capital assets between governmental and business-type activities would be reported as a transfer.

Government-wide interfund transfers to/from other funds for the year ended June 30, 2014, were as follows (in thousands):

Transfer From	Transfer To	Amount	Purpose
Business-type Activities	Governmental Activities	$ 6	Transfer of equipment from the County Hospital to the General Fund.
Total		$ 6	

The county pays a subsidy to the County Hospital, Health Maintenance Organization, and Sheriff Law Enforcement Training Center Enterprise Funds to provide resources for operating costs which are in excess of operating revenues. Subsidies for the past three years are as follows (in thousands):

Year End June 30	Total Subsidy
2012	$ 41,728
2013	34,433
2014	30,473

The Pension Trust Fund had net capital assets of $603,000. This consisted of servers, equipment, furniture, and leasehold improvements.

Depreciation

Depreciation expense was charged to governmental functions as follows (in thousands):

General government	$ 19,728
Public protection	10,320
Health and sanitation	459
Public assistance	1,916
Education	397
Public ways and facilities	8,505
Recreation and culture	144
Capital assets held by the county's internal service funds are charged to the various functions based on their usage of the assets.	1,683
Total depreciation expense - governmental functions	$ 43,152

Depreciation expense was charged to the business-type functions as follows (in thousands):

County Hospital	$ 13,532
HMO Medi-Cal Plan	82
Nonmajor Enterprise Funds	1,325
Total depreciation expense - business-type functions	$ 14,939

8. PAYABLES

Accounts payable and accrued liabilities as of June 30, 2014, were as follows (in thousands):

Governmental Activities	General	CCC Fire Protection District Special Revenue	Health & Sanitation Special Revenue	Nonmajor Governmental Funds	Internal Service	Total Governmental Activities
Accounts payable	$ 9,665	366	256	12,891	271	23,449

Total accounts payable and accrued liabilities	$ 28,853	65,081	13,700	107,634

9. LEASES

A. Operating Leases

Total rental expense for the year ended June 30, 2014, (March 31, 2014 for the Housing Authority), for all operating leases and month-to-month lease arrangements amounted to: $12,272,000 for the General Fund; $58,000 for the CCC Fire Protection District Special Revenue Fund; $372,000 for the nonmajor governmental funds; $4,739,000 for the County Hospital Enterprise Fund; $184,000 for the HMO Medi-Cal Plan Fund; and $81,000 for nonmajor enterprise funds.

At June 30, 2014, the future minimum rental payments required under non-cancelable operating leases for buildings and equipment, other than month-to-month lease arrangements, are as follows (in thousands):

Fiscal Year Ending June 30		Governmental Activities	Business-type Activities
2015	$	7,869	185
2016		5,807	187
2017		4,539	129
2018		4,271	
2019		3,603	
2020-2024		17,206	
2025-2029		12,368	
Thereafter		811	
	$	56,474	501

B. Capital Leases

The county has capital lease purchase agreements for various county buildings, improvements, and equipment. The assets acquired under those lease purchase agreements are included in the county's capital assets. The costs of these assets for both governmental and business-type activities were $1,400,000 for buildings and improvements, and $3,131,000 for equipment. The obligations related to those lease purchase agreements are included in the county's long-term obligations (see Note 10). The net book value for both governmental and business-type activities was $1,120,000 for buildings and improvements, and $2,418,000 for equipment.

The following is a schedule of future minimum lease payments under capital leases together with the present value of future minimum lease payments as of June 30, 2014 (in thousands):

Fiscal Year Ending June 30		Governmental Activities
2015	$	1,522
2016		1,067
2017		656
2018		482
2019		202
2020-2024		141
Total		4,070
Less: Amount representing interest		(292)
Present value of future minimum lease payments	$	3,778

C. Leases of County-Owned Property

The county has non-cancelable operating leases of property to others for various operations including recreational, commercial, airport, and governmental purposes. Rental income for the year ended June 30, 2014, amounted to $1,844,000 for the General Fund, $563,000 for nonmajor governmental funds, $55,000 for the County Hospital Enterprise Fund, and $3,817,000 for nonmajor enterprise funds.

The leased assets included both land and buildings for both governmental and business-type activities. The net book value of the leased buildings was $599,000; including cost of $1,165,000 and accumulated depreciation of $566,000. The land leases were primarily associated with business-type activities at the Airport. The cost of the land associated with these leases is indeterminate, as the leased land is a small percentage of Airport land asset.

The following is a schedule of future minimum rental receipts on non-cancelable lease agreements, not including month-to-month lease agreements, as of June 30, 2014 (in thousands):

Fiscal Year Ending June 30		Governmental Activities	Business-type Activities
2015	$	186	2,553
2016		163	2,495
2017		157	2,453
2018		92	2,338
2019			2,292
2020-2024			10,264
2025-2029			9,811
2030-2034			9,212
2035-2039			7,360
2040-2044			4,228
2045-2049			1,877
2050-2054			62
	$	598	54,945

NOTES:

(1) State environmental laws require the monitoring by the county of closed landfills for at least thirty years after closure. The liability is recognition of the estimated cost of performing the required post closure monitoring.

(2) Debt service payments are made from restricted property taxes and other revenues recorded in the debt service funds.

(3) The tax allocation bonds are secured by property tax revenues. Dissolution of the Redevelopment Agency on February 1, 2012, caused the shift of allocation of the property tax distribution from the Contra Costa County Redevelopment Agency to the Successor Agency to the Contra Costa County Redevelopment Agency (Successor Agency) in the Private-Purpose Trust funds. The total principal and interest remaining to be paid on the bonds is $164,902,000. For the current year, the principal and interest paid were $7,593,000 and property tax revenues were $11,287,000 through the Successor Agency. The tax allocation bonds required 67% of current year's property tax revenues.

Beginning February 1, 2012, Contra Costa County Redevelopment Agency was dissolved as a result of California Assembly Bill 1X 26 signed by the Governor of the State of California. On the date of dissolution all assets and liabilities were transferred to and became the assets and liabilities of the Successor Agency to the Contra Costa County Redevelopment Agency. However, because the tax allocation bonds are debt of the County of Contra Costa Public Financing Authority, they continue to be shown as a liability to the county.

(4) In 2001, the county restructured the 1994 pension obligation bonds with a new issue in the amount of $107,005,000. In April 2003, the county issued $322,710,000 in taxable pension obligation bonds (2003 Series A).

(5) In July 2005, the CCC Fire Protection District issued $129,900,000 in taxable pension obligation bonds (2005 Series). Debt service payments are made from county and CCC Fire Protection District revenues.

(6) Debt service payments are made from special assessment levies on properties in each assessment district. The county administers the assessment and repayment of those bonds. Since early redemption is allowed, there may be differences between the earnings on money received from property owners wishing to pay off their debt early and the interest obligation that accumulates on their debt between the time they submit funds to the county and the next available redemption date, as stated in the bonds' official statements. The county has historically funded this difference and to that extent may be obligated in some manner for this debt.

Annual principal and interest payments on the special assessment debt are expected to require 75% of revenues. The total principal and interest remaining to be paid on the debt is $8,878,000. For the current year, principal and interest paid were $954,000 and revenues were $1,487,000. The special assessment debt required 64% of current year's revenues.

(7) Debt service payments are made from operating revenues.

(8) Debt service payments are made from lease payments by the General Fund, Special Revenue Funds, and County Hospital Enterprise Fund to the Public Financing Authority.

There are a number of limitations and restrictions contained in the various bond indentures. County management believes that the county is in compliance with all significant limitations and restrictions.

General, special revenue, and internal service funds have been used to liquidate compensated absences claims payable, and other postemployment benefits (OPEB) liabilities within the governmental activities in prior years.

Following is a schedule of debt payment requirements to maturity for governmental activities for long-term obligations, excluding compensated absences, net OPEB obligation, claims payable, and other noncurrent liabilities that have indefinite maturities, outstanding at June 30, 2014 (in thousands):

Fiscal Year Ending June 30	Capital Lease Obligations		Pension Obligation Bonds		Other Bonds Payable	
	Principal	Interest	Principal	Interest	Principal	Interest
2015	$ 1,406	116	28,720	18,622	400	60
2016	989	78	32,265	17,184	430	37

2025-2029	19,095	15,551	1,640	384		
2030-2034	27,715	9,430	1,140	69		
2035-2039	20,055	1,951				
Total	$ 92,445	72,457	6,892	1,986	1,276	234

As of June 30, 2014, annual debt service requirements of business-type activities to maturity, except for compensated absences, medical liability claims payable, landfill post closure liability, and other noncurrent liabilities that have indefinite maturities, are as follows (in thousands):

Fiscal Year Ending June 30	Notes Payable		Lease Revenue Bonds	
	Principal	Interest	Principal	Interest
2015	$ 134	50	10,001	7,571
2016	113	46	10,481	7,090
2017	117	42	10,601	6,598
2018	122	37	11,124	6,072
2019	127	32	11,599	5,581
2020-2024	714	80	55,974	19,235
2025-2029			16,497	9,858
2030-2034			8,825	6,422
2035-2039			10,650	3,124
2040-2044			2,380	167
Total	$ 1,327	287	148,132	71,718

Defeased Obligations

The county has defeased certain obligations by placing a portion of the proceeds of new debt issuances in irrevocable trusts to provide for all future debt service payments on the refunded obligations. Accordingly, the trust account assets and the liability of the defeased debt are not included on the financial statements of the county. On June 30, 2014, $19,160,000 in outstanding obligations is considered to be defeased.

Legal Debt Limit

As of June 30, 2014, the county's debt limit (5% of valuation subject to taxation) was $7.506 billion. The total amount of debt applicable to the debt limit was $337 million, net of assets in the debt service funds and other deductions allowed by law. The resulting legal debt margin was $7.170 billion.

Arbitrage

The Tax Reform Act of 1986 instituted certain arbitrage restrictions with respect to the issuance of tax-exempt bonds after August 31, 1986. Arbitrage regulations deal with the investment of all tax-exempt bond proceeds at an interest yield greater than the interest yield paid to bondholders. Generally, all interest paid to bondholders can be retroactively rendered taxable if applicable rebates are not reported and paid to the Internal Revenue Service (IRS) at least every five years.

The county engages consultants to perform calculations of excess investment earnings on tax-exempt bonds. As of June 30, 2014, the county does not expect to incur a liability.

11. CONDUIT DEBT

From time to time Multifamily/Single Family Housing Revenue Bonds have been issued in the county's name to provide mortgage loans secured by first trust deeds on newly constructed and existing housing and to provide funds to builders for construction/remodeling of housing projects.

The bonds do not constitute an indebtedness of the county. They are payable solely from payments made on and secured by a pledge of the acquired mortgage loans or housing units and certain funds and other monies held for the benefit of the bondholders pursuant to the bond indentures. The county is not obligated in any manner for repayment of the indebtedness. Accordingly, no liability has been recorded in the basic financial statements.

As of June 30, 2014, the county had participated in the issuance of 33 series of Multifamily or Single Family Housing Revenue Bonds. The aggregate principal amount remaining payable for the bonds issued was $384,878,000.

Not included in the above amount are two defeased issues totaling $33,785,000.

12. NET POSITION/FUND BALANCES

The government-wide financial statements and proprietary and fiduciary fund financial statements utilize a net position presentation. Net position is categorized as net investment in capital assets, restricted, and unrestricted.

- *Net investment in capital assets* – This category groups all capital assets, including infrastructure, into one component of net position. Accumulated depreciation and the outstanding balances of debt that are attributable to the acquisition, construction or improvement of these assets reduce the balance in this category.
- *Restricted net position* – This category presents external restrictions imposed by creditors, grantors, contributors, laws or regulations of other governments and restrictions imposed by law through constitutional provisions or enabling legislation.
- *Unrestricted net position* – This category represents net position of the county, not restricted for any project or other purpose.

GASB Statement No. 54 establishes fund balance classifications that comprise a hierarchy based primarily on the extent to which a government is bound to observe constraints imposed upon the use of the resources reported in governmental funds. As of June 30, 2014, fund balances for governmental funds are made up of the following:

- *Nonspendable fund balance* – This category consists of amounts that are (1) not spendable in form (i.e. amounts representing inventory, prepaid expenses, and advances to other funds), or (2) not spendable because of a legal requirement to maintain intact (i.e. amount representing the nonexpendable portion of the permanent fund).

- *Restricted fund balance* – This category consists of amounts that are constrained for a specific purpose through restrictions of external parties (i.e. creditors, grantors, contributors, or laws or regulations of other governments), or by constitutional provision or enabling legislation.

- *Committed fund balance* – This category consists of amounts that are constrained for specific purposes imposed by formal action of the county's highest level of decision-making authority, the county's Board of Supervisors. Commitments may be changed or lifted only by the county taking the same formal action that originally imposed the constraint.

- *Assigned fund balance* – This category consists of amounts that are constrained by the government's intent to be used for a specific purpose but are neither restricted nor committed. Authorization to assign fund balance rests with the Board of Supervisors through the budget process, as governed by the state of California's County Budget Act.

- *Unassigned fund balance* – This category represents the residual classification for the county's General Fund. It includes all amounts that are not reported as constrained in other classifications. Other governmental funds will only have an unassigned fund balance if they have a negative residual balance.

The most binding action the Board of Supervisors can take is the passing of a county ordinance. Most ordinances also have a third-party restriction. As such, most fund balance constrained by an ordinance is deemed to be restricted. Only fund balance constrained by an ordinance without a third-party restriction is deemed to be committed.

The county has not established a policy for its use of fund balance amounts. In circumstances where an expenditure is made for a purpose for which amounts are available in multiple fund balance classifications, fund balance is generally depleted in the following order: (1) restricted, (2) committed, (3) assigned, (4) unassigned.

Fund balances for all of the major and nonmajor governmental funds as of June 30, 2014, were distributed as follows (in thousands):

	General Fund	CCC Fire Protection District Special Revenue	Health & Sanitation Special Revenue	Nonmajor Governmental Funds	Total
Nonspendable:

(concluded)

General Fund Reserve Requirements

In December 2005, as amended in June 2012, the county's Board of Supervisors adopted a General Fund Reserve Policy. The establishment and maintenance of the reserve was considered to be a key element in enhancing the management of the county's finances and maintaining the county's credit quality. It balanced the need to maintain a reserve for severe circumstances with the need to address revenue shortfalls, unanticipated expenses, and emergency situations. The computed reserves are classified as unassigned fund balance in the governmental funds balance sheet.

The General Fund Reserve Policy includes the following:

- The county shall strive to achieve a minimum unassigned General Fund balance of 5% of budgeted General Fund revenues and a minimum total General Fund balance of 10% of budgeted General Fund revenues.
- Until such time as the county has an unreserved General Fund balance equal to at least 5% of budgeted General Fund revenues, no less than $2 million of year-end fund balance in any fiscal year shall be added to the appropriation for Contingency Reserve.
- In the event the county realizes reserves above the minimum levels defined by this policy, the first use shall be to annually deposit the funds into an account designated for capital projects and other one-time uses, up to an amount equal to 1% of General Fund revenues per year.
- Reserves may be drawn below the minimum level in order to address an unforeseen emergency, to fund a non-recurring expense, or to fund a one-time capital cost; but only following the adoption, by a four-fifths vote, of a resolution of the Board of Supervisors specifying the circumstances that justify the invasion of the minimum reserve level.
- Should reserves fall below the established minimum levels, a request to utilize reserve funds must be accompanied by recommendations for restoring, within three years, minimum reserve levels.

Encumbrances

The county uses encumbrances to control expenditure commitments and enhance cash management. Encumbrances reflect the outstanding contractual obligations for which goods and services have not been received. They are set up to reserve portions of applicable appropriations. Encumbrances still open at year end are not accounted for as expenditures or liabilities, but as a constraint imposed on fund balance. As of June 30, 2014, the county's General Fund has a total of $24,117,000 in encumbrances, which were reported as part of assigned fund balance on the governmental fund balance sheet. Additionally, total encumbrances are $200,000 in the Contra Costa County Fire Protection District Special Revenue Fund, $11,000 in the Health and Sanitation Special Revenue Fund, and $1,934,000 in the nonmajor governmental funds, which are reported as part of restricted, committed, and assigned fund balance, as appropriate, on the governmental fund balance sheet. The County Hospital Enterprise Fund reports $931,000, the Health Maintenance Organization Medi-Cal Plan Enterprise Fund reports $51,000, the nonmajor enterprise funds report $77,000, and the internal service funds report $342,000 in

encumbrances at June 30, 2014, which are reported as part of unrestricted net position on the proprietary fund statement of net position.

13. PERMANENT FUND

The Permanent Fund accounts for the financial activities and balances of donor-restricted endowments for the county's libraries. Interest income may be used for the establishment and furnishing of children's areas within libraries, literacy programs and the acquisition of books that meet the criteria of the endowments. In accordance with the terms of the endowments and the California Government Code Section 25355, only the interest income may be used; any unused income may be used in a subsequent year. The amount available for spending, $96,000 at June 30, 2014, is shown on the Statement of Net Position as Net Position Restricted for Permanent Fund–expendable portion.

14. EMPLOYEES' RETIREMENT PLAN

A. Plan Description

The CCCERA is a cost-sharing multiple-employer defined benefit pension plan (the plan) governed by the Board of Retirement (Board) under the County Employees' Retirement Law of 1937 (1937 Act) and the Public Employees' Pension Reform Act of 2013 (PEPRA). The plan covers substantially all of the employees of the county, its special districts, the Housing Authority and four other member agencies. The plan issues stand-alone financial statements which can be directly obtained from its office, as indicated in Note 1A.

The plan provides for retirement, disability, death and survivor benefits, in accordance with the 1937 Act. Annual cost-of-living adjustments (COLA) to retirement benefits can be granted by the Retirement Board as provided by state statutes.

In October 2009, the Retirement Board depooled CCCERA's assets, Actuarial Accrued Liability (AAL), and Normal Cost both by tier and employer for determining employer contribution rates. This Board action yielded 12 separate cost groups by employer, with the exception of smaller employers (those with less than 50 active members) who continue to be pooled with the applicable county tier. The depooling action affected employer rates effective July 1, 2011. The Board instructed The Segal Company (CCCERA's actuary) to calculate the new rates based on separate experience of each employer from December 31, 2002, which is the earliest date for which reliable data was available. The December 31, 2009, valuation was the first to incorporate the new "depooled" employer contribution rates.

The plan is currently divided into eleven benefit sections in accordance with the 1937 Act and PEPRA. These levels are known as General Tier I Enhanced, Tier II, Tier III Enhanced, Tier IV, Tier V (2% and 3% maximum COLAS), Tier V (2% and 3%/4% maximum COLAS); Safety Tier A Enhanced, Safety Tier C Enhanced, Safety Tier D, Safety Tier E, and Contra Costa County Fire Protection District Safety Tier A Enhanced, Safety Tier D, Tier 1 Enhanced, and Tier IV. On October 1, 2002, the Contra Costa County Board of Supervisors adopted Resolution No. 2002/608, which provides enhanced benefit changes commonly known as 3% at 50 for Safety members and 2% at 55 for general members, effective July 1, 2002, and January 1, 2003, respectively. Effective January 1, 2005, the enhanced benefits were applied to the bargaining units represented by the California Nurses Association and the nonrepresented

employees within similar classifications as employees in bargaining units represented by the California Nurses Association, as well as the supervisors and managers of those employees. In addition, each special district that is a participant of CCCERA, and whose staff are not county employees covered by Resolution No. 2002/608, may elect to participate in the enhanced benefits. As of December 31, 2012, nine (9) general member agencies and four (4) safety member agencies have adopted enhanced benefits for their employees. A fifth safety member agency adopted enhanced benefits for its general member in 2003, but not for safety members. Under PEPRA, which became effective January 1, 2013, Districts that have not adopted enhanced benefits will no longer be allowed to do so.

Effective January 1, 2007, Contra Costa County and the Deputy Sheriff's Association agreed to adopt a new Safety Tier C for sworn employees hired by the County after December 31, 2006. A Deputy Sheriff hired on or after January 1, 2007, through December 31, 2012, had a 3% at 50 benefit formula with a 2% maximum cost-of-living-adjustment (COLA) and a 36 month final average salary period. Due to PEPRA, a Deputy Sheriff hired on or after January 1, 2013, will have a 2.7% at 57 benefit formula with a 36 month final average salary period with compensation limited as noted below. The 2% maximum annual COLA is unchanged.

Legislation was signed by the Governor in 2002 which allowed Contra Costa County, effective October 1, 2002, to provide Tier III to all new employees, to move those previously in Tier II to Tier III as of that date, and to apply all future service as Tier III. Tier III was originally created October 1, 1998, and made available to all members with five or more years of Tier II service who elected to transfer to Tier III coverage.

Tier I includes members not mandated to be in Tier II or Tier III and reciprocal members who were placed in Tier I membership. As of December 31, 2012, there are no active Tier II member accounts. All members who moved to Tier III with five or more years of service prior to October 1, 2002, or were moved to Tier III effective October 1, 2002, January 1, 2005, or February 1, 2006, continue to have Tier II benefits for service prior to that date unless the service is converted to Tier III.

Safety includes members in active law enforcement, active fire suppression work or certain other "Safety" classifications as defined in sections of the 1937 Act made operative by the Board of Supervisors.

In March 2010, the Retirement Board agreed to adopt a change to terminal pay elements for members with membership dates on or after January 1, 2011.

Effective January 1, 2012, new hires and employees within the Labor Coalition are now responsible for the payment of 100% of the employees' basic retirement benefit contributions, determined annually by the Retirement Board, without the County paying any part of the employee's contributions.

On September 12, 2012, the Governor of California signed into law Assembly Bill (AB) 197, with an effective date of January 1, 2013. The measure changed how county retirement boards were permitted to calculate their current members' retirement allowances. In November 2012, members and their representative bargaining units filed a lawsuit challenging the validity of the new law. By operation of a court-imposed Stay Order, CCCERA was prohibited from implementing the new law during the course of the litigation. On May 12, 2014, the Contra Costa County Superior Court entered a Judgment in the litigation and a Writ directing CCCERA to proceed to comply with AB 197 for all retirements effective on or after July 12, 2014. The matter was appealed. The Court of Appeal was requested to issue a "stay"

of the implementation of AB 197 past July 11, 2014 during the pendency of the appeal. On June 30, 2014, the Court of Appeal issued an order denying the request for an additional "stay." CCCERA was therefore required to implement the AB 197 changes in calculating benefits for all retirements with an effective date of July 12, 2014 or later. Retirements with an effective date of July 11, 2014 or before were calculated under the pre-AB 197 rules.

In September 2012, the California Public Employees' Pension Reform Act of 2013 (PEPRA) was signed into law by Governor Jerry Brown, establishing new tiers for General and Safety employees entering membership on or after January 1, 2013. The benefit formula for General members is 2.5% at age 67 and the Safety formula is 2.7% at age 57. Benefits under the new PEPRA tiers are based on a three-year final average compensation period. Additionally, PEPRA limits the amount of compensation CCCERA can use to calculate a retirement benefit. The 2014 compensation limits are $115,064 for members covered by Social Security and $138,077 for members not covered by Social Security and will be adjusted in future years for changes in the Consumer Price Index. County General members are covered by Social Security, while County Safety members and Contra Costa County Fire Protection District General and Safety members are not covered by Social Security.

In November 2012, the county Board of Supervisors approved two memoranda of understanding (deputy district attorneys and public defenders) that stipulated new members who become members after December 31, 2012 within these bargaining units will earn retirement benefits that will be subject to a maximum annual COLA of 2%. As a result, CCCERA created a second Tier V for general members subject to this COLA provision. Other bargaining units have since agreed to this COLA provision for those who become members after a certain date. Members in bargaining units subject to this COLA provision will be place in General Tier IV or V (2% Max COLA) or Safety Tier E.

In September 2013, the Retirement Board determined that pensionable compensation of PEPRA members will only include base pay.

Service retirement benefits are based on age, length of service and final average salary in accordance with the California Government Code Section 31462, 31462.1, and 7522.32. For the Tiers I, III and Safety Tier A sections, the retirement benefit is based on a one-year final average salary. For Tiers II, IV, V and Safety Tiers C, D, and E, the benefit is based on a three-year final average salary.

B. Funding Policy

Pursuant to provisions of the County Employees' Retirement Law of 1937, the Retirement Board recommends the annual contribution rates for adoption by the Board of Supervisors. New contribution rates, based on the actuarial study as of December 31, 2011, became effective July 1, 2013. The contribution requirements are determined as a percentage of payroll.

The employer rates were calculated on the alternate funding method permitted by the California Government Code Section 31453.5. The "entry age normal funding" method is used to calculate the rate required to provide all the benefits promised to a new member.

In March 2009, the Retirement Board decided to leave the unfunded liability (UAAL) derived from periods on or before the December 31, 2007 valuation date to be amortized on a level percent closed basis over 15 years on a declining basis, with 9 years remaining as of December 31, 2013.

Subsequent UAAL's, starting with December 31, 2008, will be amortized in multiple layers (each year's experience will constitute a new layer) with each year's gains/losses, assumption changes, and plan changes amortized over a separate 18 year period on a declining basis.

Active plan members are required to contribute an actuarially determined percentage of their annual covered salary. The required percentage rates vary according to the benefit section and entry age of the employee. The rates in effect during fiscal year 2013-2014 (based on covered payroll as of January 1, 2012) ranged from 7.12% to 20.83% (for members with membership dates before January 1, 2011), 6.85% to 20.19% (for members with membership dates on or after January 1, 2011 and before January 1, 2013) and 8.25% to 15.75% (for members with membership dates on or after January 1, 2013) of the employees' annual covered salary. These rates do not include any employer subvention of member contributions or any member subvention of employer contributions.

The county employer rates of contribution, calculated as a percentage of the county's covered payroll as determined in an actuary report as of December 31, 2011, for fiscal year 2013-2014 were:

	Members with Membership dates before January 1, 2011	Members with Membership dates on or after January 1, 2011 and before January 1, 2013	Members with Membership dates on or after January 1, 2013
General Members, Tier I Enhanced	29.65%	29.92%	N/A
General Members, Tier II	N/A	N/A	N/A
General Members, Tier III Enhanced	28.77%	27.59%	N/A
General PEPRA Tier IV (2% Max COLA)	N/A	N/A	23.60%
General PEPRA Tier IV (3% Max COLA)	N/A	N/A	24.68%
General PEPRA Tier V (2% Max COLA)	N/A	N/A	22.94%
General PEPRA Tier V (3%/4% Max COLA)	66.41%	N/A	23.82%
Safety Members, Tier A Enhanced	59.75%	70.47%	N/A
Safety Members, Tier C Enhanced	52.03%	56.98%	N/A
Safety Members, PEPRA Tier D	N/A	N/A	53.38%
Safety Members, PEPRA Tier E	N/A	N/A	50.57%
CCC Fire Protection District - Tier I Enhanced	30.75%	29.08%	N/A
CCC Fire Protection District - Safety Tier A Enhanced	55.92%	54.35%	N/A
CCC Fiire Protection District - Safety PEPRA Tier D	N/A	N/A	43.47%
CCC Fire Protection District - PEPRA Tier IV (3% Max COLA)	N/A	N/A	25.92%

The county's annual pension cost and prepaid pension asset for the year ended June 30, 2014, were as follows (in thousands):

Annual required contribution (county fiscal year basis)	$	189,447
Interest on beginning pension asset		(27,550)
Adjustment to the annual required contribution		57,750
Annual pension cost		219,647
Contributions made (including Retirement Litigation Settlement)		189,447
Increase (Decrease) in pension asset		(30,200)
Net pension asset, beginning of year		338,487
Net pension asset, end of year	$	308,287

The following table shows the county's annual pension cost (APC) and the percentage contributed for the fiscal year 2013-2014 and each of the two preceding fiscal years (in thousands):

Fiscal Year Ended June 30	Annual Pension Cost (APC)	Percentage of APC Contributed	Net Pension Asset
2012	$ 177,406	88.10 %	$ 363,877
2013	206,077	87.68	338,487
2014	219,647	86.25	308,287

The county has made its annual required contribution (ARC) for each of the past three years. The difference between the ARC and the APC is due to the interest and amortization of the Net Pension Asset.

CCCERA's funded status based on the most recent actuarial valuation performed by The Segal Company as of December 31, 2013, is as follows:

SCHEDULE OF FUNDED STATUS
(In Thousands)

Actuarial Valuation Date	Actuarial Value of Assets*	Actuarial Accrued Liability	Unfunded Actuarial Accrued Liability	Funded Ratio	Covered Payroll	UAAL as a Percentage of Covered Payroll
12/31/13	$ 5,907,416	$ 7,731,097	$ 1,823,681	76.4 %	$ 679,429	268.4%

*Excludes Accounts Payable. Restated to exclude non-valuation reserves.

15. OTHER POSTEMPLOYMENT BENEFIT (OPEB)

A. Plan Description

The county is the plan sponsor and administers a single-employer defined benefit healthcare plan. Currently, the plan provides postemployment medical and dental insurance benefits to eligible retired employees and their dependents. Health benefit provisions for active employees are established and may be amended through negotiations between the county and the respective bargaining units. See Note 18 Commitments and Contingencies – B. Health Insurance. The county does not issue a separate audit report on its Other Postemployment Benefit Plan.

The county contracts with Kaiser Permanente, Health Net, Contra Costa Health Plans, and the California Public Employees' Retirement System (CalPERS) to provide medical benefits and Delta Dental and PMI Deltacare for dental benefits.

The Contra Costa County Board of Supervisors has adopted changes to the subsidy the county currently pays toward eligible retirees' monthly medical and dental premiums for both safety and non-safety employees. This subsidy varies by bargaining unit and date of hire.

- Currently, eligible retirees from all bargaining units not specifically listed below may receive county subsidies towards medical and dental premiums in the same amounts as active employees, with no future increases in this subsidy amount. Employees hired on or after dates described in the table below and represented by the following bargaining groups, who are eligible for access to county health plans as retirees, must pay the entire cost of premiums to maintain coverage at retirement.

Bargaining Unit Name	Hire Date on or after which eligible retirees must pay entire cost of premiums
IFPTE, Unrepresented	January 1, 2009
AFSCME, Western Council of Engineers, SEIU, and PEU	January 1, 2010
Deputy District Attorneys Association	December 14, 2010
Probation Peace Officers Association of CCC	January 1, 2011
CCC Public Defenders Association	March 1, 2011
Physicians and Dentists' Organization of Contra Costa	November 1, 2013

- Currently, for eligible retirees from the Deputy Sheriffs' Association, the county will contribute toward the cost of monthly medical premiums an amount equal to the actual dollar monthly premium amount paid by the county as of November 30, 2013, for premium increases in 2014 and later, the county and retiree will split the increase evenly.

- Currently, for eligible Fire Management retirees represented by United Chief Officers Association, the District will subsidize an amount equal to 80% of the CalPERS Kaiser Bay Area premium.

- Currently, for eligible retirees from the District Attorney Investigators' Association, the county will pay a subsidy toward the cost of monthly medial premiums equal to the actual dollar monthly premium amount paid by the county in 2013, for premium increases 2014 and later, the county subsidy will increase by 75% of the actual premium increase in Bay Area Kaiser rates.

- Currently, for eligible retirees from the Physicians and Dentists Organization of Contra Costa, the California Nurses Association, and the UPFF, Local 1230, the county/district subsidizes a percentage of monthly premiums that varies depending on the medical and dental plan elected.

B. Eligibility

Currently, eligible county retirees may participate in the plans upon retirement from the county (drawing a pension from CCCERA). Currently, eligible members in deferred retirement status may participate in county health plans as retirees, so long as they begin receiving a pension from CCCERA within 24 months of separation from the County.

		Component Units	
	Primary Government	First 5 Contra Costa Children and Families Commission	Housing Authority
Active plan members	8,089	13	66
Retirees and beneficiaries receiving benefits	6,206	1	76

C. County Funding Policy

The contribution requirements for active employees and the county are established and may be amended through negotiations between the county and the respective bargaining units. For the fiscal year ended June 30, 2014, the funding was based on the "pay-go" basis plus a contribution of $19,373,000 to the Contra Costa County Other Postemployment Benefits Irrevocable Trust Fund. For fiscal year ended June 30, 2014, the county paid $57,272,000 as the "pay-go" cost (approximately 81.63% of total premiums).

Plan members receiving benefits contributed $12,887,000, or approximately 18.37% of the total premiums, through their required contribution. The contributions for fiscal year ended June 30, 2014, were as follows (in thousands):

		Active Employees	Retirees	Total
Total blended premiums at $11,305 per plan member	$		70,159	70,159
Employer pre-funding contributions			19,373	19,373
Less: member contributions			(12,887)	(12,887)
Total Employer Contributions	$	0	76,645	76,645

D. Annual OPEB Cost and Net OPEB Obligation

The county's annual other postemployment benefit (OPEB) cost (expense) is calculated based on the annual required contribution of the employer (ARC), an amount actuarially determined in accordance with the parameters of GASB Statement 45. The county charges current costs of these benefits to the employee's department. The county has determined that the future liability is an obligation of the general government. The county records the accrued liability and expense in the general government classification of the Government-wide Statement of Net Position and Statement of Activities. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal costs each year and amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed thirty years. The following table shows the components of the county's annual OPEB cost for the year, the amount actually contributed to the plan, and changes in the county's net OPEB obligation (dollar amounts in thousands):

			Component Units	
		Primary Government	First 5 Contra Costa Children and Families Commission	Housing Authority
Annual required contribution	$	88,538	23	412
Interest on net OPEB obligation		27,839	(8)	97
Adjustment to annual required contribution		(35,802)	10	(89)
Annual OPEB cost (expense)		80,575	25	420
Contributions made		(76,645)	(23)	(292)
Increase in net OPEB obligation		3,930	2	128
Net OPEB obligation (asset), beginning of year		488,397	(113)	2,148
Net OPEB obligation (asset), end of year	$	492,327	(111)	2,276

The county's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation for the fiscal year ended June 30, 2014, and the preceding fiscal years, were as follows (dollar amounts in thousands):

Fiscal Year Ended	Annual OPEB Cost	Percentage of Annual OPEB Cost Contributed	Net OPEB Obligation
06/30/14	$ 80,575	95.1 %	$ 492,327
06/30/13	93,780	82.0	488,397 #
06/30/12	94,630	74.7	471,538

#In Fiscal Year 2012-2013 the net OPEB obligation was revised.

Refer to the Required Supplemental Information for the schedule of funding progress.

E. Funded Status and Funding Progress

As of January 1, 2014, the most recent actuarial valuation date, the actuarial accrued liability for benefits was $923,848,000 of which $129,426,000 is funded. The covered payroll (annual payroll of active employees covered by the plan) was $613,841,000, and the ratio of the unfunded accrued actuarial liability (UAAL) to the covered payroll was 129.42%.

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past exceptions and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents multi-year trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities.

F. Actuarial Methods and Assumptions

Projections of benefits for financial reporting purposes are based on the plan and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

In the January 1, 2014, actuarial valuation, the projected unit credit cost method was used. The actuarial assumptions included a 5.70% discount rate. This rate was derived based on the fund's investment policy for a partially funded plan. A 6.25% annual return is assumed on the Trust's assets, and a 3.50% discount rate is assumed for liabilities expected to be funded directly by the county. This resulted in a blended discount rate of 5.70%. Overall health costs of the medical benefits will increase according to the health cost inflation trend derived by using the "Getzen" model developed by the Society of Actuaries. Under the Patient Protection and Affordable Care Act of 2010, a Federal excise tax will apply for high cost health benefits beginning in 2018. A margin to reflect the impact of the excise tax in

future years is reflected in the assumed trend. The UAAL is being amortized as a level dollar amount over 30 years on a closed basis. The remaining amortization period is twenty-four years.

The county began pre-funding benefits at a rate of $20 million–per year in fiscal year ended June 30, 2009. The Board has budgeted $19,440,000 to pre-fund the OPEB liability in fiscal year ending June 30, 2015. Until January 1, 2015, CCCERA personnel are employees of the county. Their OPEB obligation is included with the county's data.

The department of Child Support Services received authorization from the state to fund an additional $150,000 in fiscal year 2013-2014.

G. Financial Information

Financial data for the Contra Costa County other postemployment benefit (OPEB) Irrevocable Trust Fund for the year ended June 30, 2014, is as follows (in thousands):

Assets		
Cash and investments	$	149,032
Liabilities		
Net postion	$	149,032
Additions		
Employer and plan member contributions	$	89,532
Net investment income		15,060
Total additions		104,592
Deductions		(70,159)
Net postiion, beginning of year		114,599
Net position, end of year	$	149,032

H. First 5 Contra Costa Children and Families Commission

First 5 Contra Costa Children and Families Commission is a discretely presented component unit. Its personnel are covered by a separate OPEB plan administered by First 5 Contra Costa Children and Families Commission. First 5 Contra Costa Children and Families Commission's annual OPEB cost and net OPEB obligation for the fiscal year ended June 30, 2014, and the preceding years, were as follows (dollar amounts in thousands):

Fiscal Year Ended	Annual OPEB Cost	Percentage of Annual OPEB Cost Contributed	Net OPEB Obligation (Asset)
06/30/14	$ 25	93.0 %	$ (111)
06/30/13	59	937.0	(113)
06/30/12	78	0.0	381
06/30/11	93	0.0	303
06/30/10	90	0.0	210
06/30/09	89	0.0	120
06/30/08	31	0.0	31

First 5 Contra Costa Children and Families Commission issues a publicly available financial report that includes financial statements and required supplementary information for the plan. The report may be obtained by submitting a request in writing to the following address:

First 5 Contra Costa Children and Families Commission
1485 Civic Court, Suite 1200, Concord, CA 94520

I. Housing Authority of the County of Contra Costa

The Housing Authority of the County of Contra Costa is a discretely presented component unit. Its personnel are covered by a separate OPEB plan administered by the Housing Authority. Housing Authority's annual OPEB cost and net OPEB obligation for the fiscal year ended March 31, 2014, and the preceding fiscal years, were as follows (dollar amounts in thousands):

	Fiscal Year Ended	Annual OPEB Cost	Percentage of Annual OPEB Cost Contributed	Net OPEB Obligation
	03/31/14	$ 420	69.5 %	$ 2,276
	03/31/13	413	67.2	2,148
	03/31/12	433	58.2	2,013
	03/31/11	414	60.0	1,832
#	03/31/10	953	23.0	1,665
	03/31/09	863	24.6	931
	03/31/08	1,305	79.0	281

Revised by Housing Authority report, fiscal year ended March 31, 2010

The Housing Authority issues a publicly available financial report that includes financial statements and required supplementary information for the plan. The report may be obtained by submitting a request in writing to the following address:

Housing Authority of the County of Contra Costa
3133 Estudillo Street, Martinez, CA 94553

16. PATIENT SERVICE REVENUE AND RECEIVABLES

The County Hospital grants credit without collateral to its patients, most of whom are local residents and are insured under third-party payer agreements. Charges for services are reported at estimated net realizable amounts from patients, third-party payers and others for services rendered and include estimated retroactive revenue adjustments due to future audits, reviews, and investigations. Retroactive adjustments are considered in the recognition of revenue on an estimated basis in the period the related services are rendered, and such amounts are adjusted in future periods as adjustments become known or as years are no longer subject to such audits, reviews, or investigations.

Laws and regulations governing the Medicare and Medi-Cal programs are extremely complex and subject to interpretation. As a result, there is at least a reasonable possibility that recorded estimates will change by a material amount in the near term. The County Hospital's Medicare and Medi-Cal cost reports have been audited by the fiscal intermediary through June 30, 2011, and June 30, 2009, respectively. However, certain cost reports for the prior year are still under review by fiscal

intermediaries and have not been settled due to certain unresolved issues. As of June 30, 2014, the county reported $51,622,000 as unearned revenue, which primarily represents reserves for supplemental payments received and settlement liabilities related to cost reports. The county believes it has adequately provided for any liabilities that may arise from the fiscal intermediaries' audits.

Net receivables from patients and third-party payers at June 30, 2014, are summarized as follows (in thousands):

Medicare	$	5,384
Medi-Cal		18,499
Private insurance		3,489
Total Net Patient Receivables	$	27,372

The net receivables from patients and third-party payers exclude non-patient receivables of approximately $58,726,000.

17. RISK MANAGEMENT

Internal Service Funds:

The county is exposed to various risk of loss related to liabilities and damages to the public at-large, as well as damage to, loss of, and destruction of assets and has obligations to provide its employees with negotiated and mandated benefits.

The county self-insures its employee dental, state unemployment, management long-term disability, workers' compensation, automotive liability, public liability, and medical liability exposures. The county reports the activities of these exposures through its internal service funds.

With respect to the workers' compensation, automotive liability, public liability and medical liability exposures, the county purchases insurance for the following:

- Workers' Compensation in excess of $750,000 per incident, with excess coverage provided by CSAC-EIA (California State Association of Counties Excess Insurance Pooling Fund).
- General and auto liability in excess of $1 million per incident, to a limit of $50 million.
- Medical malpractice in excess of $1 million per incident, to a limit of $21.5 million.

The county is self-insured for most insurable risk, except for insurance coverage provided by commercial insurance and reinsurance companies that are subject to the following:

- Airports liability and property damage coverage to a limit of $100 million with no deductible.
- Property insurance - all risk in excess of $50,000 per incident, to a limit of $600 million from loss by fire, lightning, and other perils.
- Property insurance - flood damage in excess of 2% per unit, $100,000 minimum and $500,000 maximum deductible per incident, to a limit of $400 million shared aggregate.

- Property insurance - earthquake in excess of 5% per unit, $100,000 minimum, to a limit of $472.5 million shared aggregate.
- Property insurance - terrorism to a limit of $200 million with a $500,000 deductible.
- Crime bond coverage in excess of $100,000 per incident, to a limit of $20 million for fidelity coverage, computer, and funds transfer fraud.
- Watercraft liability to a limit of $50 million.
- Sheriff's helicopters to a limit of $50 million per incident.
- Boiler and machinery to a limit of $100 million with a $5,000 deductible.

During the past four years, there have been no instances of the amount of claim settlements exceeding insurance coverage and there has not been a significant reduction in coverage in fiscal year 2013-14.

Internal service funds are used to account for the county's self-insurance activities. The county's policy is to provide in each fiscal year, by charges to affected operating funds, amounts sufficient to cover the estimated expenditures for self-insured claims and the cost of insurance. Charges to operating funds are recorded as expenditures/expenses of such funds and revenues of the internal service funds. Accrual and payment of claims are recorded in the internal service funds.

The county has accrued a liability of $169,396,000 at June 30, 2014, for all self-insured claims in the internal service funds. The self-insurance reserve is based on actuarially determined amounts for workers' compensation, public and automobile liability, and medical liability and based on management's estimates for all other reserves. The actuarially determined claims liabilities, including incurred but not reported claims are based on the estimated ultimate cost of settling the claims, using past experience adjusted for current trends, and any other factors that modify past experience. It also includes incremental claim adjustment expenses. In addition, estimated recoveries on settled and unsettled claims were evaluated in terms of their estimated realizable value and deducted from the liability for unpaid claims.

Health Plans:

The county administers 2 health plans: HMO Medi-Cal and HMO Commercial Plans (Plans); which are reported as enterprise funds. The Plans have fee-for-service arrangements in which providers, including the County Hospital, bill for individual services provided to enrollees. These arrangements result in claim submission by providers subsequent to services being rendered. Claims expenses are presented as part of services and supplies expense in the statement of revenues, expenses, and changes in net position. Estimated liabilities for incurred but not reported claims are presented as part of accounts payable and accrued liabilities in the statement of net position. The provision for claims incurred but not reported claims is developed in-house using principles and assumptions that consider among other things, contractual requirements, historical utilization trends and payment patterns, benefit changes, medical inflation, product mix, seasonality, membership, and other relevant factor.

Changes in claims liabilities:

Changes to the liability amount for fiscal years 2012-2013 and 2013-2014 are as follows (in thousands):

	Internal Service Funds	HMO Medi-Cal Plan Enterprise Fund	HMO Commercial Plan Enterprise Fund
Liability at June 30, 2012	$ 146,622	20,659	6,187
FY 2012-2013 claims and changes in estimates	62,055	191,965	120,898
FY 2012-2013 claim payments	(47,819)	(191,068)	(121,685)
Liability at June 30, 2013	160,858	21,556	5,400
FY 2013-2014 claims and changes in estimates	51,330	276,984	100,355
FY 2013-2014 claim payments	(42,792)	(276,831)	(100,712)
Liability at June 30, 2014	$ 169,396	21,709	5,043

In the opinion of the county, the amounts accrued are adequate to cover claims incurred but not reported in addition to known claims.

18. COMMITMENTS AND CONTINGENCIES

A. Grants

The county participates in a number of federal and state grant programs which are subject to financial and compliance audits by the grantors or their representatives. Audits of certain grant programs through June 30, 2014, have not yet been conducted. Accordingly, the county's compliance with applicable grant requirements will be established at some future date. The amount, if any, of expenditures which may be disallowed by the granting agencies cannot be determined at this time. The county believes that such disallowances, if any, would not have a material effect on the basic financial statements.

B. Health Insurance

Health care benefits for active and retired employees are jointly financed by the beneficiaries and by the county. Most employees have a choice of participation in five medical plans: Kaiser Permanente, a private health maintenance organization (HMO); Health Net (HMO); Health Net, a preferred provider organization (PPO); and the Contra Costa Health Plans (CCHP) A and B, operated by the county Health Services Department. Employees represented by either the Deputy Sheriffs' Association (DSA), District Attorney Investigators' Association (DAIA), or United Professional Fire Fighters' IAFF Local 1230, United Chief Officers Association, and Unrepresented Fire Managers are eligible to participate in medical plans administered by the California Public Employees' Retirement System (CalPERS).

For non-CalPERS administered medical plans, the county subvents 62.3%-73.7% of Kaiser Permanente, 58.8%-80.0% of Health Net (HMO), 44.3%-55.2% of Health Net (PPO) and 83.2%-98.0% of CCHP A and 77.8%-90.0% of CCHP B premiums for plan members depending on the employees' union representation. The county subvention for CalPERS administered plans is a flat rate depending on the employees' union representation and the number of dependents covered under the plans. All permanent employees have a choice of two dental plans as follows: a county self-funded plan administered by Delta

Dental and a PMI Delta Care Plan. The county's self-funded plan is an indemnity program and the PMI Delta Care plan is a prepaid program.

The county's contribution to health and dental plans during fiscal year 2013-2014 for active employees was $92,247,000. The county's liability for health care benefits is limited to its annual contribution.

C. Special Assessment Debt

The county is considered to be "obligated in some manner," as defined by GASB Statement No. 6, *Accounting and Financial Reporting for Special Assessments*, for its special assessment debt. The county is obligated to foreclose on properties for which owners have failed to pay assessment installments as they fall due and the county may honor deficiencies to the extent that lien foreclosure proceeds are insufficient. The county's obligation to advance monies to pay debt service in the event of delinquent assessment installments is limited to the amount of remaining original bond proceeds and installments received. Special assessment debt is included in the county's statement of net position and special assessment transactions are included in the Assessment Districts Debt Service Fund. Debt service payments are made from special assessments of the related special assessment district.

D. Construction Commitments

The county had entered into commitments for construction of certain projects. At June 30, 2014, there were outstanding commitments of $6,503,000 for the Discovery Bay Cape Seal, San Pablo Avenue Creek Bridge, and San Pablo Dam Road Workability Projects, and $5,307,000 for the Team Solar Inc.

E. Pending Legal Matters

Numerous lawsuits are pending or threatened against the county. The county has recorded actuarially determined reserves in the internal service funds to adequately cover estimated potential material adverse losses at June 30, 2014.

19. SUBSEQUENT EVENT

In August 2014, California Senate Bill No. 673 was passed. As a result, the county's retirement system (CCCERA) will become a district for the purposes of the County Employees Retirement Law of 1937 effective January 1, 2015. CCCERA staff members currently are considered employees of the county. Effective January 1, 2015, CCCERA staff members will become employees of the retirement system, thus relieving the county of future obligations relating to them. With the passing of Senate Bill No. 673 and the implementation of GASB Statements Nos. 67 (CCCERA) and 68 (the county) in fiscal year 2014-2015, CCCERA will no longer be considered a blended component unit of the county.

THE SEAL OF
CONTRA COSTA COUNTY CALIFORNIA

BUDGETS AND BUDGETARY ACCOUNTING

In accordance with the provisions of the California Government Code Sections 29000-29145 and other statutory provisions, commonly known as the County Budget Act, the Board of Supervisors legally adopts a budget for each fiscal year. Budgets are adopted on the modified accrual basis. Prior to June 30 the County Administrator develops, recommends and the Board of Supervisors adopts a recommended budget for the next fiscal year. This is based on preliminary data because the county's books have not yet been closed, ending fund balances have not been established, and the state has not yet adopted its budget. Later, after a series of public hearings the Board of Supervisors adopts a formal budget on or before October 2. This budget establishes the maximum authorized expenditures for the fiscal year that cannot be exceeded except by subsequent amendments to the budget by the Board of Supervisors and is reported in the budgetary comparison schedule as the "Original Budget."

Supplemental appropriations, which are normally financed by unanticipated revenues during the year, and any amendments or transfers of appropriations between summary accounts or departments must be approved by the Board of Supervisors. Pursuant to a Board of Supervisors Resolution, the County Administrator is authorized to approve transfers of appropriations among summary accounts within a department as deemed necessary and appropriate. Accordingly, the legal level of budgetary control by the Board of Supervisors is at the department level. Budgeted amounts amended during the fiscal year by the County Administrator and, when necessary, by resolution of the Board of Supervisors are reported in the budgetary comparison schedule as the "Final Budget."

The objective of the county's budgetary controls is to ensure compliance with legal provisions embodied in the annual budget approved by the Board of Supervisors. No department is permitted to spend and/or encumber more than its available appropriations. Increases in budget appropriations must be approved by the Board of Supervisors as a transfer from the Reserve for Contingencies, as a transfer from another appropriation, or as an appropriation of new or unanticipated revenue. Using the county's automated accounting system, staff of the Auditor-Controller monitors the expenditures of each department to ensure that the departments don't exceed the amounts appropriated by the Board of Supervisors for the year. The county uses an encumbrance system as an extension of normal budgetary accounting. Under this system, purchase orders, contracts, and other commitments for the expenditure of monies are recorded in order to encumber that portion of applicable appropriations. Encumbrances outstanding at year-end are recorded as restricted, committed, and assigned fund balance, as appropriate, since they do not constitute expenditures or liabilities and are re-established, along with their encumbered appropriations as part of the following year's budget. Any appropriations remaining in the departments at the end of the fiscal year automatically lapse and are transferred to unassigned fund balance. The year-end fund balance, along with projected revenues, becomes available for appropriation the following year.

The amounts reported as expenditures by department include amounts charged to each department to service the pension obligation bond debt and the liability for the Retirement Litigation Settlement because the budget includes these amounts as expenditures. "UAAL Pension Bond Debt Service Transfer" and "Retirement Litigation Settlement Transfer" are reporting adjustments made at the function level to achieve agreement with the financial statements where these expenditures are reported as transfers in accordance with GASB.

THE SEAL OF
CONTRA COSTA COUNTY CALIFORNIA

Nonmajor Special Revenue Funds

SPECIAL REVENUE FUNDS

Special revenue funds are used to account for revenues that are restricted by law or administrative action to expenditures for specified purposes. Nonmajor special revenue funds used by the county are listed below:

ROAD FUND

This fund is used to account for maintenance and construction of roadways. Revenues consist primarily of the county's share of state highway user taxes and are supplemented by federal funds.

LIBRARY FUND

This fund is used to account for library services for all areas of the county except the city of Richmond. Property taxes provide most of the fund's revenues.

LOW & MODERATE INCOME HOUSING ASSETS

This fund is used to account for housing assets in accordance with the Community Development Law.

OTHER FIRE PROTECTION FUND

This fund is used to account for the Crockett-Carquinez Fire Protection District fire protection services in the county. The fund is financed primarily by property taxes.

LAND DEVELOPMENT FUND

This fund reports the growth management related activities of the Public Works Department and the Department of Conservation and Development.

SERVICE AREAS FUND

This fund is used to account for the provision of services such as lighting, park, or street maintenance by special districts to specific areas in the county. The fund is financed by property taxes and user charges.

FLOOD CONTROL FUND

This fund is used to account for the provision of services by special districts to control flood and storm waters. Revenues are primarily received from property taxes and federal grants.

LAW ENFORCEMENT FUND

This fund is used to account for a variety of law enforcement services financed by property taxes, narcotics seizures, and court fines and fees.

COURTS AND CRIMINAL JUSTICE FUND

This fund is used to account for the improvement of courthouse and criminal justice facilities and related automated information systems. Revenues are derived from court fines and fees.

RECORDER/CLERK MODERNIZATION FUND

This fund is used to account for automation of civil and small claims functions of the courts and for micrographics and modernization of the Recorder's Office. Revenues received are from filing and recording fees.

CHILD DEVELOPMENT FUND

This fund is used to account for the financial resources designated for the county's child development programs.

IN-HOME SUPPORTIVE SERVICES PUBLIC AUTHORITY (IHSS) FUND

This fund is used to account for services to both providers and recipients of in-home care delivered through the In-Home Supportive Services program.

COUNTY LOCAL REVENUE FUND 2011 SPECIAL REVENUE

This fund, as required by AB 118 in the implementation of State's Public Safety Realignment Program, permits the county to receive state realignment funding distributions.

OTHER SPECIAL REVENUE FUND

This fund is used to account for the activities of several non-grant special revenue funds. It includes Fish and Game, Vehicle License Fees (VLF) Securitization, Survey Monuments, Victim Assistance, Sans Crainte Drainage and county water districts.

THE SEAL OF
CONTRA COSTA COUNTY CALIFORNIA

Nonmajor Debt Service Funds

DEBT SERVICE FUNDS

Debt service funds are used to account for accumulation of resources for, and payment of, principal and interest on the county's general long-term debt.

RECREATION AND PARK BONDS FUND

This fund is used to account for accumulated monies for payment of recreation and park bonds. Financing is provided by specific property tax levies.

PUBLIC FINANCING AUTHORITY (PFA) FUND

This fund is used to account for accumulated monies for payment of general long-term debt incurred for the various financing activities of the County of Contra Costa Public Financing Authority.

FAMILY LAW CENTER FUND

This fund is used to make annual debt service payments on the Family Law Center from money received from the settlement agreement between the county and Contra Costa County Superior Court.

RETIREMENT LITIGATION SETTLEMENT FUND

This fund is used to account for accumulated monies for payment of the additional retirement benefits for retirees from the settlement of Vernon D. Paulson, et. al. vs. Board of Retirement of the Contra Costa County Employees' Retirement Association, et al. The county has entered into an agreement with CCCERA to pay the liability for its share of the additional costs over a twenty year period.

CCC FIRE PROTECTION DISTRICT PENSION BOND FUND

This fund is used to account for accumulated monies for payment of taxable pension obligation bonds for the Contra Costa County Fire Protection District. These bonds were issued to reduce or extinguish the fire district's unfunded actuarial accrued liability (UAAL).

COUNTY PENSION BOND FUND

This fund is used to account for accumulated monies for payment of taxable pension obligation bonds. These bonds were issued to reduce or extinguish the county's unfunded actuarial accrued liability (UAAL).

ASSESSMENT DISTRICTS FUND

This fund is used to account for accumulated monies for payment of assessment district debt issued to fund assessment district capital improvement projects.

Nonmajor Capital Projects Fund

CAPITAL PROJECTS FUND

Capital projects funds are used to account for financial resources to be used for the acquisition of land or acquisition and construction of major facilities other than those financed in the proprietary funds. The county's Capital Projects Fund is included in the combining financial statements of the nonmajor governmental funds (starting on page 110).

ASSESSMENT DISTRICTS FUND

This fund is used to account for all the capital improvement projects constructed using assessment district funds.

THE SEAL OF
CONTRA COSTA COUNTY CALIFORNIA

Nonmajor Governmental Fund

PERMANENT FUND

Permanent funds are used to report resources that are legally restricted to the extent that only earnings, not principal, may be used for purposes that support the reporting government's programs. The county's Permanent Fund is included in the combining financial statements of the nonmajor governmental funds (starting on page 110).

LIBRARY GIFT PERMANENT FUND

This fund is used to account for principal trust amounts received and related interest income. The interest portion of the fund is used to support the county libraries.

THE SEAL OF
CONTRA COSTA COUNTY CALIFORNIA

Nonmajor Enterprise Funds

ENTERPRISE FUNDS

Enterprise funds are used to account for operations that are financed and operated in a manner similar to private business enterprises, where the intent of the governing body is to have the costs (expenses, including depreciation and amortization) of providing goods or services to the general public on a continuing basis be financed primarily through user charges; or where the county has decided that periodic determination of revenues earned, expenses incurred and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes.

AIRPORT FUND

This fund was established to account for the financial activities of the Buchanan Field and Byron Airport aviation facilities. Revenues include receipts under rental and lease arrangements involving county airport facilities, and state and federal aid.

SHERIFF LAW ENFORCEMENT TRAINING CENTER FUND

This fund was established to account for the financial activities of the Sheriff Law Enforcement Training Center. The center provides training to law enforcement personnel from the County Sheriff's Office and other agencies. Revenues include tuition fees paid by the student or law enforcement agency and state aid.

CHILD CARE ENTERPRISE FUND

This fund was established to account for the fee-for-service childcare program through the Community Services Bureau. This program was established to meet the needs of families who do not qualify for Child Development programs due to a higher family income yet cannot afford to pay the cost of the market rate for childcare. Revenues will be generated by the program fees for childcare. The revenues are expected to cover the cost of the program operation.

HMO COMMERCIAL PLAN

Revenues and expenditures are related to Medicare, county employees, and private citizens enrolled in the Commercial Plan. In addition to monthly insurance capitation payments, revenues include realignment funds, National Master Tobacco Settlement funds, and subsidies from the General Fund.

MAJOR RISK MEDICAL INSURANCE FUND

Revenues and expenditures related to residents who qualify for the state sponsored Aid to Infants and Mothers (AIM) Program and the Major Risk Medical Insurance Program (MRMIP).

THE SEAL OF
CONTRA COSTA COUNTY CALIFORNIA

FIDUCIARY FUNDS

PENSION (AND OTHER EMPLOYEE BENEFIT) TRUST FUNDS

PENSION TRUST FUND

This fund is under the control of the Contra Costa County Employees' Retirement Association and is governed by the rules and regulations of the Retirement Act of 1937. The fund accumulates contributions from the county, contributions from employees, and earnings from the fund's investments. Disbursements are made from the fund for retirements, postemployment benefits, disability and death benefits, refund and administrative costs. This fund includes all assets of the retirement system.

OTHER POSTEMPLOYMENT BENEFITS IRREVOCABLE TRUST

This dedicated irrevocable trust fund accounts for the partial pre-funding of the county's postemployment health benefits plan. This plan provides health benefits to certain retired employees and their spouses and dependents.

PRIVATE-PURPOSE TRUST FUNDS

SUCCESSOR AGENCY TO THE CONTRA COSTA COUNTY REDEVELOPMENT AGENCY

This fund accounts for the payments due for enforceable obligations, performance of obligations, and disposal of all assets of the former redevelopment agency.

OTHER PRIVATE-PURPOSE TRUST FUND

This fund accounts for assets held in trust for the benefit of individuals, private organizations, and other governments.

AGENCY FUNDS

TAX LOSSES RESERVE

This fund was established as a reserve for all delinquent secured taxes. It accumulates gains from tax sales and specified amounts of penalties and interest collected on delinquent secured taxes to cover possible future losses on the sale of tax-deeded property.

UNAPPORTIONED TAXES

This fund is used to account for the following: unsecured taxes receivable, delinquent secured taxes, amounts which are impounded because of disputes or litigation, and amounts held pending authority for apportionment.

OTHER AGENCIES

This fund is used to account for assets held by the county for individuals, private organizations, and other governmental units. This fund includes payroll deduction clearing and other collections clearing monies.

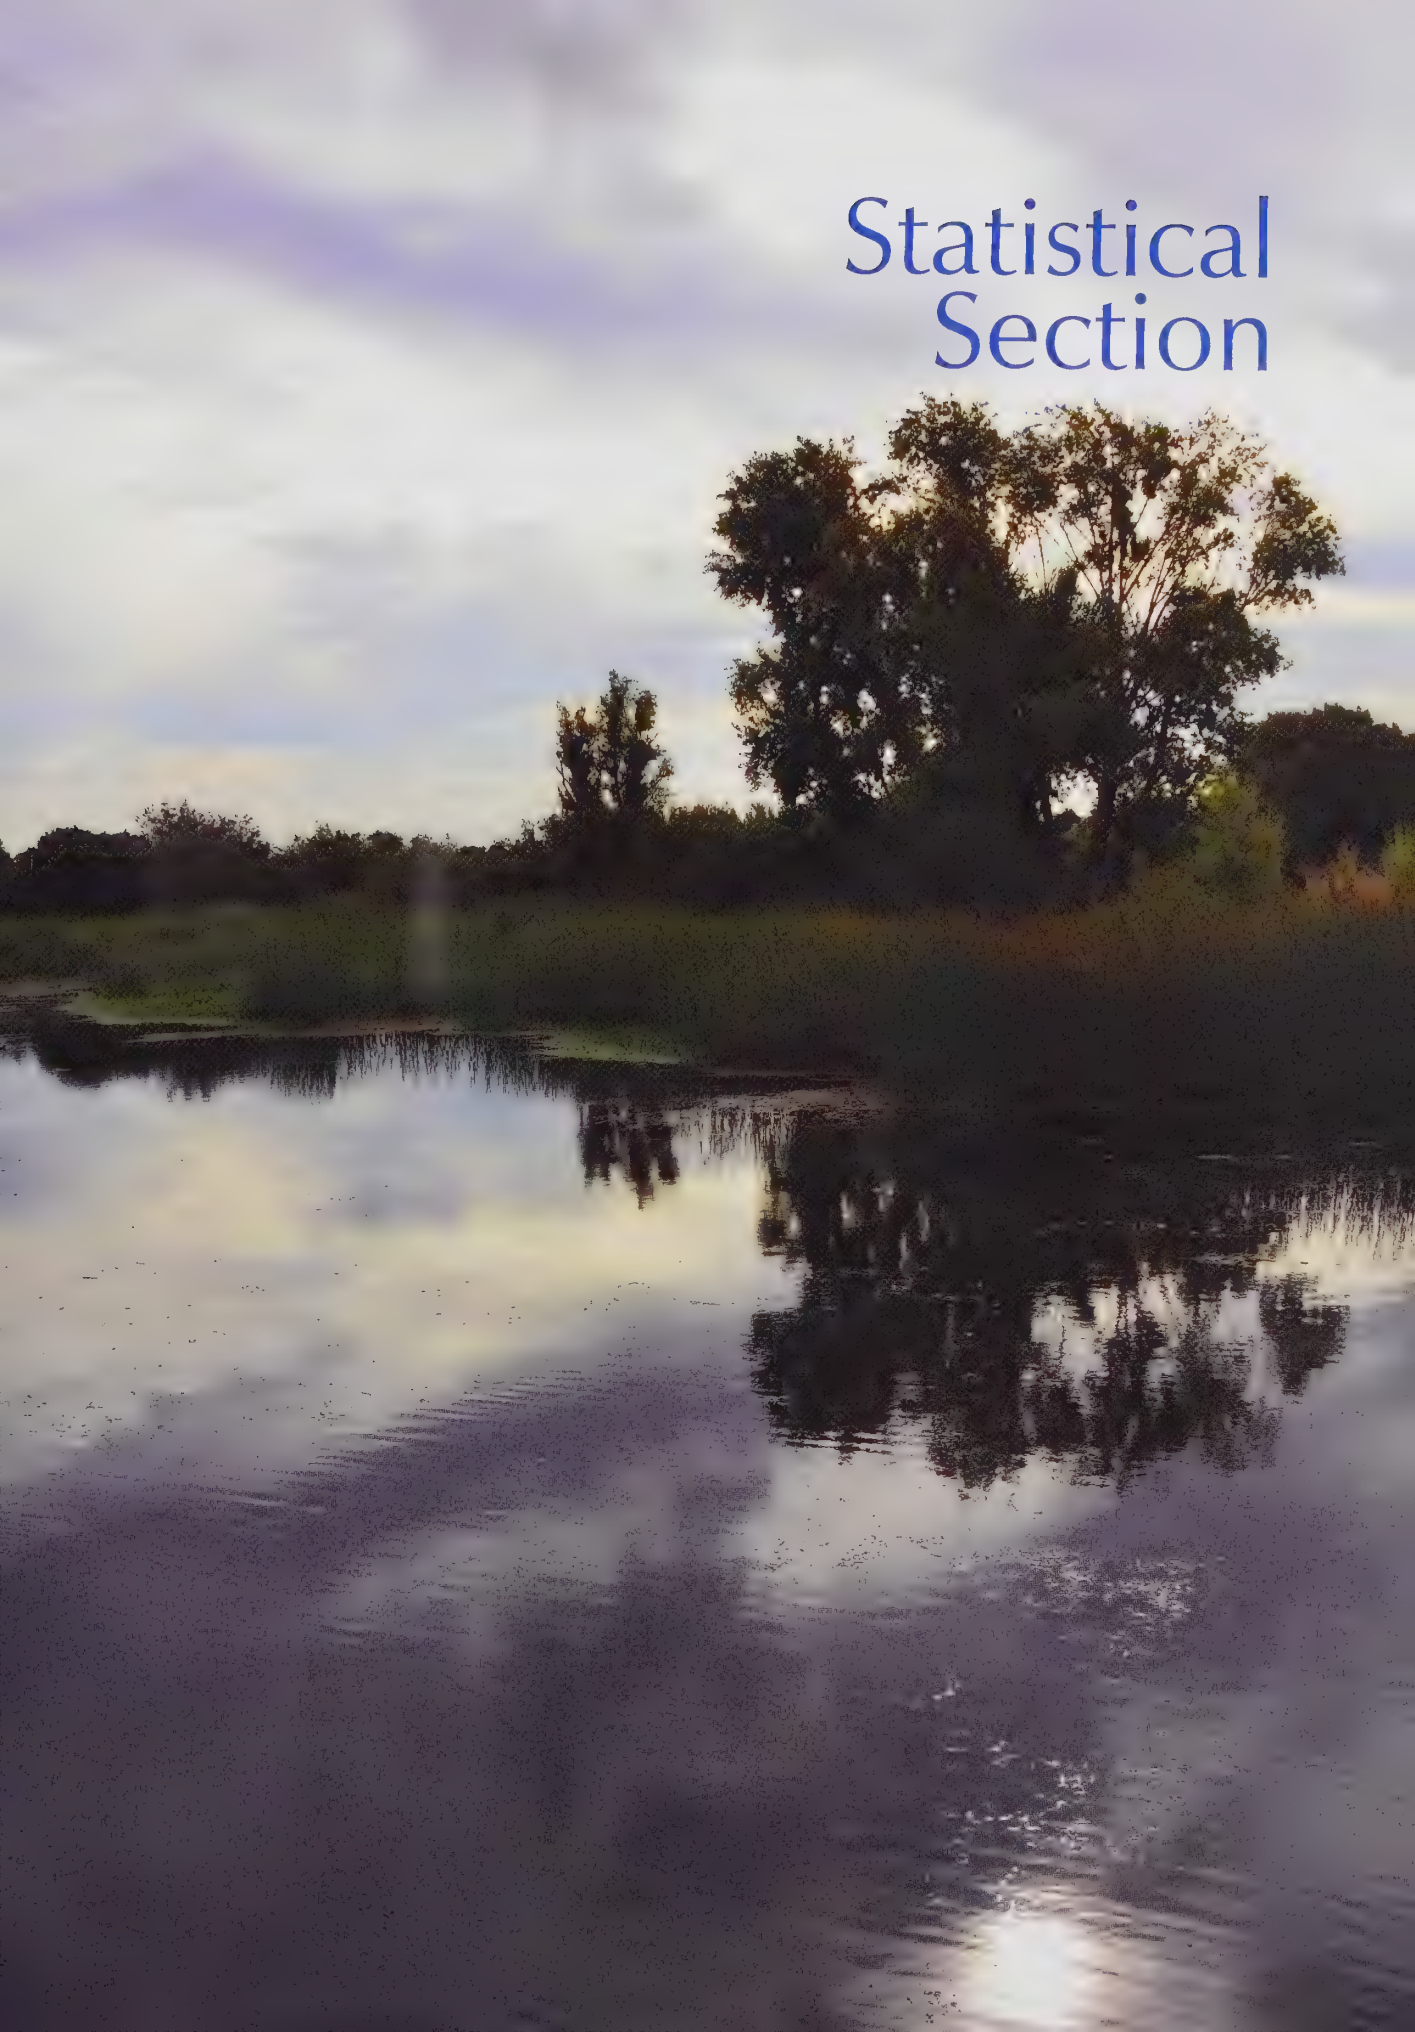
THE SEAL OF
CONTRA COSTA COUNTY CALIFORNIA

Statistical Section



COUNTY OF CONTRA COSTA

Statistical Section

This part of the county's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the county's overall financial health.

Financial Trends

These schedules contain trend information to help the reader understand how the county's financial performance and well-being have changed over time.

Revenue Capacity

These schedules contain information to help the reader assess the county's most significant local revenue source, property taxes.

Debt Capacity

These schedules present information to help the reader assess the affordability of the county's current levels of outstanding debt and the county's ability to issue additional debt in the future.

Economic & Demographic Information

These schedules offer demographic and economic indicators to help the reader understand the environment within which the county's financial activities take place.

Operating Information

These schedules contain service and capital asset data to help the reader understand how the information in the county's financial report relates to the services the county provides and the activities it performs.

[1] Accounting standards require that net position be reported in three components in the financial statements: net investment in capital assets; restricted; and unrestricted. Net position is considered restricted only when an external party, such as a state or federal government, places a restriction on how the resources may be used, or through enabling legislation enacted by the county.

[2] Capital assets include land, easements, infrastructure, construction in progress, structures & improvements, intangibles, and equipment.

[1] For fiscal years 2002-2005 the fund was the Health Maintenance Organization. Beginning in 2006 the fund was split into HMO-Medical Plan and HMO-Commercial Plan.

[2] Net (expense)/revenue is the difference between the expenses and program revenues of a function or program. It indicates the degree to which a function or program supports itself with its own fees and grants versus its reliance upon funding from taxes and other general revenues. Numbers in parentheses are net expenses, indicating that expenses were greater than program revenues and therefore general revenues were needed to finance that function or program.

On December 29, 2011, the California State Supreme Court upheld Assembly Bill 1X 26 that provides for the dissolution of all redevelopment agencies in the State of California. This action impacted the county's reporting entity, which reported the activities of the former Contra Costa County Redevelopment Agency through January 31, 2012, causing an extraordinary loss.

Revised

[1] Assessed values are those defined under California Revenue and Taxation Code Sections: 601 and 721 et. seq. Article XIIIA, added to California Constitution by Proposition 13 in 1978, fixed the base for valuation of property subject to taxes at the full cash value which appeared on the Assessor's 1975-76 assessment roll. Thereafter, full cash value can be increased:

a) to reflect annual inflation up to 2 percent;

b) to reflect current market value at time of ownership change; and

c) to reflect market value for new construction.

[1] In June 1978, California voters approved Proposition 13 which restricted the taxing power of local government agencies. Individual agencies do not establish their own property tax rates, except for voter approved indebtedness. Instead, a countywide rate is levied with the proceeds distributed to all agencies according to formulas specified by the state legislature. The countywide rate is 1 percent of assessed value ($1 per $100 of taxable assessed valuation). The rates shown above are allocations of the 1% tax on assessed valuation.

[2] The 2005 rate for Local Special Districts includes a negative rate computed for the Los Medanos Community Healthcare District to affect a refund to the taxpayers of $850,000. The District's taxpayers had paid a special property tax for many years to fund the bond payments for healthcare facilities. Because of positive District finances, the District's Board determined the best use of any remaining bond funds (after covering all of the District's bond-related expenses) was to return the balance to taxpayers.

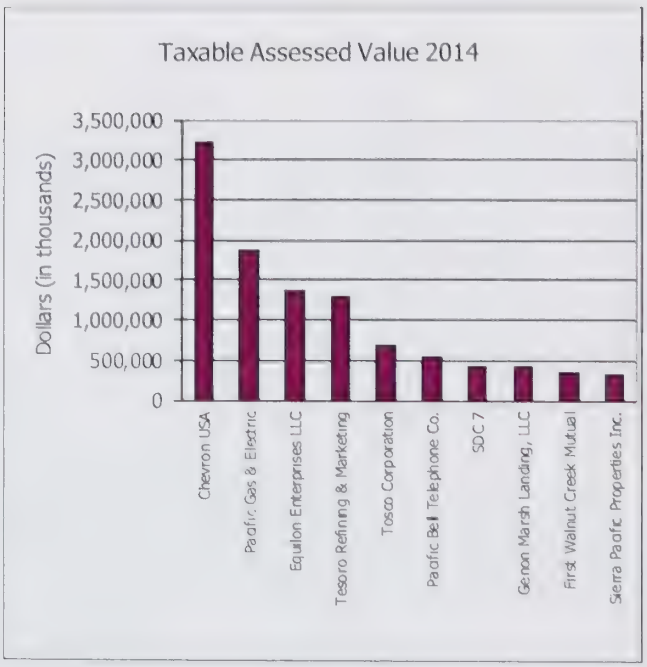
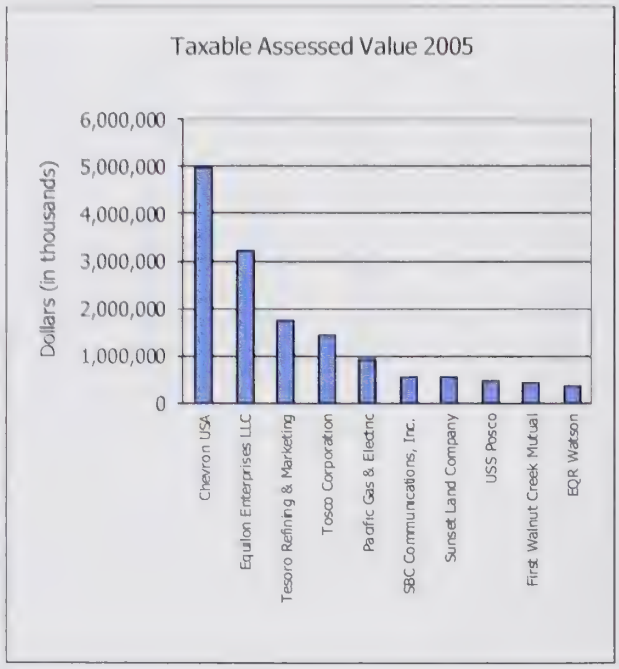
Total	$ 10,503,091		7.35 %	$ 14,660,180		12.42 %





[1]Beginning in fiscal year 2003-2004 a refined methodology was used to determine the principal taxpayers. The assessed value of the property of all of a listed taxpayer's component entities are included. Also, ranking is based on assessed valuation which may be different from taxes paid due to special purpose levies paid by some taxpayers.

COUNTY OF CONTRA COSTA

MISCELLANEOUS STATISTICS

(Unaudited)

GEOGRAPHICAL LOCATION:	Contra Costa County is located near San Francisco in the Bay Area. It is bordered by San Francisco Bay and San Pablo Bay on the west, by Suisun Bay and the Sacramento and San Joaquin Rivers on the north, by the delta country of San Joaquin County on the east and by Alameda County on the south.
ALTITUDE:	Sea level to 3,849 feet
AREA OF COUNTY:	732.6 square miles of land and 73.3 square miles of water.
COUNTY SEAT:	Martinez, California
FORM OF GOVERNMENT:	General Law County, governed by a five member Board of Supervisors. Contra Costa County is one of the original 27 counties established when California became a state in 1850.
